December 12, 2022

IT Board Report

1. For new board members, the IT department consists of Zachary Owen, Jonathan Henrikson and me. Jonathan supports many board activities.

2. We also partner with Syndeo Networks on server and networking projects.

3. Current projects include:
    - Application server upgrades and migrations in Old and New Courts
    - File server upgrades in Old Courts, New Courts and LEC
    - Desktop deployments in Old Courts and Animal Control
    - Quotes and research for new technology to be purchased for New Courts with grant money
    - Board email accounts (Jonathan will be in touch with you)

4. Upcoming projects include:
    - Deploying court-grant funded equipment (spring 2023)
    - Replacing old network hardware in New Courts to better support our phones and Wi-Fi.

5. We have other items on our to-do list, contact me with questions.

Thank you.
