
MEMORANDUM

TO: Mayor & City Council
FROM: Mary Lou DeWitt, Comm. Dev. Zoning Specialist
SUBJECT: **Rezoning the property site at 1300 7th Street North from B-3 District to R-3 District (FIRST READING)**
DATE: July 22nd, 2024

REZONING APPLICATION REVIEW:

Background:

Chad Heitschmidt, submitted an application to rezone his property at 1300 7th Street North from B-3, General Commercial Business District to R-3, Multiple Family Residential District.

Analysis:

The property has a single-family home on it for many years and the applicant would like to have it zoned residential. Mille Lacs County has this site classed as Residential/Single Unit.

The intent of the B-3, General Business District is to create an area to serve the commercial and service needs of the general population. The objective is to provide services to both pedestrian and vehicular traffic and to accommodate those businesses which require large areas for off-street parking or generate substantial traffic originating from outside the community.

The intent of the R-3, Multi-Family District is to create a district for the construction and occupancy of multi-family type dwellings. The average density for this district is 7 to 16 units per acre.

The property next door to this site is zoned R-3, Multi-Family Residential District where a single-family home is on the lot. The rezoning request would be appropriate for the site. The Future Land Use Map has the development designated as commercial. This designation will remain if the property owners in the future would want to have the site be used as commercial.

Rezoning Review Standards:

Many communities utilize the following factors as review standards in rezoning requests, which are being provided as information:

1. The proposed action has been considered in relation to the specific policies and provisions and has been found to be consistent with the official City Comprehensive Plan.
2. The proposed use is or will be compatible with present and future land uses of the area.
3. The proposed use conforms with all performance standards contained in this code.
4. The proposed use can be accommodated with existing public services and will not overburden the city's service capacity.
5. Traffic generation by the proposed use is within capabilities of streets servicing property.

Conclusion / Recommendation:

The Planning Commission held a public hearing on July 15th, 2024 and approved the rezoning of the site at 1300 7th Street North, PID #24-028-3500, from B-3, General Commercial Business District to R-3, Multiple Family Residential District and forward the recommendation for the zoning map amendment to the City Council to hold a first reading on July 25th, 2024, Ord. #857.
