

Thursday, May 28, 2020

Princeton City Council,

Attached is a list of 932 signatures supporting our petition to be allowed to memorialize our children in Oak Knoll Cemetery with meaningful items outside of the current ordinance. Of these 932 signatures, 149 are from residents of Princeton and townships within Princeton. Many more are signatures are from residents of Zimmerman, Cambridge, Isanti, Milaca and other surrounding areas.

A PDF version of this petition has been sent to Shawna Jenkins that can be downloaded and printed.

The statements of the petition are the following:

*We have created this petition to ask the City of Princeton to allow families of babies and toddlers buried at Oak Knoll Cemetery in the location known as "Babyland" to decorate and commemorate our children's gravesites. We have been told that there have been complaints about that area of the cemetery and therefore the city is going to remove/throw away all items that parents have used to remember and honor their babies and toddlers except for "one urn sitting in a holding post above ground or with it's own integral base at least 8 inches off the ground".*

*We, the parents of buried babies and toddlers at Oak Knoll cemetery would like to state the following:*

*1. Being able to leave meaningful items at the gravesites of babies and toddlers is paramount for the grief and healing process of the mothers, fathers, sisters, brothers and other family members of little ones buried at Oak Knoll Cemetery.*

*2. We are more than willing to remove any items at gravesites for specific holidays, such as Memorial Day, given that they can be returned afterwards.*

*3. We are more than willing to take care of the lawn care, weed care, etc. in "Babyland" ourselves if need be, and will relinquish our right to leave meaningful items at our children's graves if we fail to keep that area of the cemetery well-kept.*

*4. We recognize that our ability to commemorate our children's final resting place is a departure from how the rest of the cemetery is kept, yet we would argue three things in this regard: Firstly, "Babyland" is in it's own location, and removed from the rest of the cemetery. Secondly, many parents who have buried their babies and toddlers in "Babyland" at Oak Knoll Cemetery did so specifically because they knew they would be able to visit and leave meaningful items at the grave site. They cannot now move their babies due to this new standard. Thirdly, we ask that people have a heart, and recognize that the death of a baby or toddler is difficult in a different way, and that leaving*

*meaningful items at their grave sites helps families to keep the memory alive of a little one who didn't have a chance to live. Please don't take this away from us or our living children.*

*5. We would like to remind the City of Princeton that each family has paid for and owns the plot where their baby is buried.*

*If you would like to support us, please sign this petition so that we can demonstrate that there are more people in the City of Princeton that would like us to be able to keep "Babyland" the way it is than people who are disgruntled about the appearance of the graves of the babies and toddlers at Oak Knoll Cemetery.*

The online version of this petition with signatures and comments can be found at:  
<http://chnng.it/Dv7ZqpsH>

We appreciate your time and consideration.

Sincerely,

Melissa Ramage
