CIRCUIT CLERK OFFICE REPORT
PUBLIC SAFETY AND COURT SERVICES COMMITTEE
OCTOBER 10, 2023

In September, members from Winnebago County, Judge Matthew Klahn and I attended the Court Technology Conference in Phoenix, Arizona. This was a huge event that brought in approximately 1600 people from across the United States and abroad. We went to many classes that will help us determine what case management system will be best for Lee County. We also attended a demonstration from a vendor called Journal Technologies. On October 17th we have another demonstration set up with Goodins and Associates at the courthouse.

The Circuit Clerk's office currently has two full-time positions open and one part-time position open. There is a job posting listed on Indeed.com. I have been interviewing candidates the past two weeks.

Amy Proconier has worked at the Circuit Clerk's office for 25 years this month. She will be recognized at the County Board meeting on October 19th.

Respectfully Submitted,

Amy Johnson

Monthly Update

October 10, 2023

The Lee County Drug Court received a federal Enhancement Grant in the amount of \$977,696. This is the third grant the Drug Court has received since beginning in 2005. Our primary focus will be on continued recovery services & housing for participants, transportation needs and treatment. Sara Leisner from the State's Attorney's Office took the lead in preparing the grant and it is graciously appreciated. In a matter of a few years, this is the third grant the Courts Services Department has had the pleasure of working with her on.

The union matters are nearly resolved for the Court Services Department. Signatures for the contract are all that remain. The current contract expires November 30, 2023 and the new contract is set to begin December 1, 2023 for a period of 4 years.

Pretrial Bail Reform took place on September 18 and since then, the impact on my office has been manageable.

The cost of juvenile detention continues to increase. This past month, we had 3 minors who were detained for a period of time throughout the month. As stated earlier in the year, the continued use of detention has exceeded the budgeted amount.

Lee County Sheriff's Office

Public Safety and Court Services Committee

October 10, 2023

In the month of September, the Lee County Sheriff's Office logged 832 calls for service. The county is still in contract negotiations with the Illinois Fraternal Order of Police prior to the expiration of the contract on November 30th. The negotiations are at a stalemate and the parties appear to be going to mediation.

As far as notable calls for the month of September, the following incidents occurred...

In September, I reported to the committee that the sheriff's office received a report of a missing suicidal subject on August 15th from the West Brooklyn area. The Richardson Wildlife Foundation is in close proximity to the residence of the individual, and the sheriff's office utilized K-9 teams, drones, and ATVs in the search of the area. On September 13th, a larger scale search was conducted with law enforcement along with a search group from Christian Aid Ministries. Unfortunately, the body of the 65-year-old male was discovered in the middle of a corn field near his residence. The cause of death was self-inflicted.

On September 28th, the Lee County Emergency Telephone System Board (ETSB) received a call regarding a fully involved vehicle fire. The location of the incident was in the Boat Trailer Park Lot at Lowell Park. The Lee County Sheriff's Office, Dixon Rural Fire Department, and Dixon Police Department responded to the scene. When Dixon Rural Fire arrived at the scene, they began to extinguish the fire and the body of a male subject was observed in the driver's seat of the vehicle. Due to evidence at the scene, investigators believed that the fire originated from an explosion in the passenger compartment of the vehicle. The Illinois State Fire Marshal's Office and the Illinois State Police – Crime Scene Services were subsequently contacted to assist with the investigation. Special Agents from the U.S. Bureau of Alcohol, Tobacco, Firearms and Explosives were also called in to aid at the scene. Once the scene was processed, the Lee County Coroner's Office removed the body of the male decedent. An autopsy was conducted, and he was subsequently identified as a 20-year-old Dixon man from his dental records. The death has been ruled a suicide.
