

FINANCE DIRECTOR REPORT

Reporting Period: February 2024

Prepared By: Stephanie Mandregan

- Our 2023 audit is set for week of June 10.
- We're updating our systems and reporting forms for the newly adopted vehicle and room taxes.
- In the last few years with additional as well as changes to services, the finance department staff does more work, but with less people, I would like to thank them for their hard work and dedication. I appreciate how much they all do.
