Ms. Michele McPherson
City Administrator
City of Princeton
705 Second Street North
Princeton, MN 55371

Regarding: Greater Minnesota Public Infrastructure Grant Application

Dear Ms. McPherson,

Thank you for the opportunity to assist the City of Princeton in the development and completion of the Greater Minnesota Public Infrastructure Grant Program application. The successful acquisition of this additional funding source will allow for the city to complete the installation of the infrastructure serving the Princeton Business park.

The location of the proposed project in Mille Lacs County allows for the city to apply for the Greater Minnesota Public Infrastructure Program instead of the more competitive Business Development Public Infrastructure program. Based upon our discussions I think that the proposed project application will score well when completed and will be a strong candidate for potential assistance.

The WSB team is proposing the following task and cost (not to exceed) for the completion of the application materials.

- Completion of the grant application and narrative \$3,000

Additionally, fees for services outside of the above-described scope may be required and shall be completed at an additional hourly rate with prior approval. If you agree with the proposed project scope of services and fee, please sign below, and return one copy to our office. If you have any questions regarding the above information, please contact me at (612) 400-3569 or Jennifer Edison at (612) 219-3500.

Sincerely,

WSB & Associates

Jim Gromberg
Economic Development Coordinator
