## **Objective**

Please consider me for appointment to the Erie County Land Bank Board.

## **Qualifications**

I have been a Realtor licensed by the Commonwealth for 36 years. I conduct property valuations on a continual basis, which would be helpful in that role. I have rehabbed and resold 39 homes, have been a landlord for many years (understand landlord tenant law) and was involved with the Erie Redevelopment Authority in getting properties placed on the blighted property list and scheduled for demolition. I am extremely passionate about cleaning up neighborhoods and increasing values by doing so. Because I have rehabbed so many homes, I have become skilled at estimating the cost of that.

## **Work History**

Currently I am an agent with Agresti Realtors and a Substitute Teacher with several public and parochial districts.

Former caseworker with the State of Pennsylvania. Employment with Millcreek Township as Director of Administrative Services, Director of Public safety and Public Works management.

Former Erie County Controller.

Former Human Resources Director for Erie Sport Stores.

## **Education**

Graduate of Broadcasting communications school, the Pennsylvania State University and Gannon's Leadership Erie; hold current Professional in Human Resources certification and current Pennsylvania Real Estate license.
