Faculty Manual Revisions

The Faculty Senate's Steering Committee reviewed the *Faculty Manual* to ensure WSU was compliant with Title IX modifications published by the Department of Education, effective August 1, 2024. Specifically, the language has been updated in Section II.F (Corrective Action and Disciplinary Process/Procedures). Additionally, minimal formatting modifications were performed to improve readability.

The *Faculty Manual* revisions were passed by the Faculty Senate's Steering Committee on August 16, 2024. The redlined copy, as submitted to President Schulz for consideration, is available upon request.
