

Board Policy 6.7 Real Estate Transactions and Management

Part 1. Policy Statement

The Board of Trustees expects that real property acquisitions and sales will be consistent with a college's or university's mission and current comprehensive facilities plan.

Part 2. Responsibilities

The board delegates to the chancellor or the chancellor's designee the authority to execute and deliver, on behalf of the board in accordance with board policy, all documents regarding the acquisition, disposal, transfer, or leasing of real property.

Subpart A. Board

The board authorizes the chancellor or the chancellor's designee to acquire, develop, and sell real property, including in conjunction with carpentry programs.

Subpart B. Chancellor

The chancellor or the chancellor's designee shall establish processes regarding acquisition, sales, leasing, and any other real estate interests necessary for the management of Minnesota State college and university real estate. The chancellor or the chancellor's designee shall review and approve all real estate transactions.

Subpart C. President

A college or university president shall make a request to the chancellor or chancellor's designee as provided for in a system procedure.

Part 3. Real Estate Thresholds

Subpart A. Acquisitions and sales

Acquisitions funded by campus operating monies valued at \$1,500,000 or 1% (whichever is greater) of the college or university annual operating budget must be approved by the board before closing. For real estate that is no longer needed by a college or university and is valued at \$350,000 or greater, the board shall first designate the real estate as surplus; for real estate valued less than \$350,000, the chancellor or the chancellor's designee shall declare the real estate as surplus and authorize its sale. After any college or university real estate is declared surplus, but before being offered to the general public, the real estate must first be offered for sale at appraised value to the city, county, school district or other local jurisdiction where the property is located.

Real estate must be designated surplus before it is offered for sale, except in the following instances:

1. Donated real estate accepted by the board, when conversion to cash is consistent with the terms of the gift or bequest (see Board Policy 7.7 Gift and Grants Acceptance),
2. Property taken by another agency through eminent domain, or
3. To correct a boundary dispute with an adjoining landowner where the action impacts less than ½ acre of property or less than \$50,000 in value.

Subpart B. Leasing and other property interests

All leases, whether on or off campus, must be approved by the board if the total rent paid during the term of the lease is valued at or greater than the threshold established in Board Policy 5.14 Contracts, Procurements, and Supplier Diversity, including all options to renew. The chancellor or the chancellor's designee shall review and approve all leases lasting at least one year or longer or where the total rent paid exceeds the threshold in Board Policy 5.14. All easements and other interests in real estate with a value exceeding the threshold in Board Policy 5.14 must be approved by the board prior to execution of the documents. The chancellor or chancellor's designee shall have authority to enter into easements, licenses, and permits where the value is less than the threshold established in Board Policy 5.14.

Part 4. Eminent Domain

The board may acquire real estate via eminent domain consistent with Minn. Stat. Ch. 117 and related provisions. Before an eminent domain proceeding is initiated for the acquisition of any interest in real estate, the board shall first authorize the action and articulate the public purpose and necessity for the acquisition. Decisions must be consistent with board policies and system procedure with respect to settlement and to payment of, or appeal from, the award of the condemnation commissioners or court.

Part 5. Accountability/Reporting

The chancellor shall report all real estate acquisitions and dispositions annually to the board.
