

# Memo

**To:** City Council  
**From:** City Staff /PFRD  
**cc:** Name  
**Date:** 2/13/2024  
**Re:** Disposition of Equipment

---

The city will be taking possession of a replacement tender for PFRD that will be able to shuttle water to fire scenes, provide water for pool fills, and flood the civic center park area for broomball or skating.

This will create an excess inventory of tenders, staff is requesting disposition of a 1989 International Navistar water tender #2 to go to public auction (Pikes/ Hansen Group in Princeton). This piece was acquired from Surplus Government Property and has served the city very well.

A motion for this to go to public auction would be in order.
