PROPOSAL

Service Proposals and Subsidy Requirement

Ravn Alaska is pleased to offer the St. Paul Island community and Department of Transportation two service options:

Option 1:

- Continuation of existing service pattern, offering 3 weekly roundtrips between St. Paul Island and Anchorage on Tuesdays, Thursdays, and Sundays with Dash-8-100 aircraft configured for 25 passenger seats and 534 cubic feet of luggage and cargo space.

Option 2:

- Option 1 plus a fourth weekly roundtrip on a day of week to be determined, to be operated over 16 weeks between mid-May and mid September

Additional Details:

- The financial details for each option are presented in the chart on the right.
- If selected, Ravn Alaska would accept an award for a period of two or four years.
