What interests you about position you are seeking appointment for?
Regional planning is too important to just ignore + hope for the best. You don't have to do much travelling to see how zoning + planning, or lack thereof, can affect areas positively + negatively, now + for years to come.
Brief description/account of your professional journey:
In college I considered going into Urban Planning, but decided Accounting would have more numerous + stable job opportunities. I've taken classes in Urban Planning (Univ of Ill + Northern IL Univ), Geography (Univ of Ill) + Soils (Northern IL Univ)
Professional specialties and/or relevant areas of expertise:
While serving on the Commission I've learned much about zoning, special uses, what the county can + cannot restrict + much more. Reading other jurisdictions ordinances has been interesting.
Academic honors and significant accomplishments:
I've been on the Planning Commission since it started. I have a Bachelor's degree in Accounting.
