

Vice Chancellor for Finance and Administration Budget – Controller – Lowry

DECEMBER 14, 2022

Redefine our value proposition through accessibility, affordability, quality, accountability, resource development, and operational excellence.

- The Budget department is assembling presentation materials for the Capital Development Committee and Joint Technology Committee hearings.
- Budget is responding to questions and information requests from the Joint Budget Committee, Capital Development Committee, Joint Technology Committee and Department of Higher Education staff.
- Accounting is finalizing the financial statements and coordinating with colleges to respond to external audit findings.
- Finance working with a cross-functional team to develop and test CO-Online reporting related to the pilot funding model and electronic educational materials.
