
MEMORANDUM

TO: Mayor Walker and Councilors
FROM: M McPherson, City Administrator
E Yost, Technology Services Manager
SUBJECT: **Approve WWTP SCADA Upgrade - CIP Expenditure**
DATE: June 3, 2022

Background:

The 2022 CIP for Wastewater includes an upgrade to the SCADA system hardware and small software updates. The initial quote estimated the upgrade at \$168,000.

Since the development of the CIP, staff was able to obtain two detailed quotes from the current service provider InControl and the vendor used by PUC, Total Control. The quotes received were:

Total Control:	\$105,622.00
InControl:	\$ 91,304.00

Both quotes contain proprietary information so they are not included with this memo. They are available for review by request.

Recommendation:

Staff recommends that the City Council award the SCADA upgrade to InControl, the current service provider.
