Good Morning,

Below is information from the Office of Unemployment Insurance Operations:

“Ohio’s unemployment rate has improved to the point that we have triggered off of the highest level of Extended Benefits. A letter went out to claimants who will have claimed 13 weeks or more of extended benefits by December 12 notifying them of the end of high extended benefits. A copy of the letter they received is attached.

Thank You!”

Thanks,

Julie

Julie Wirt, Chief
