Regarding: Birthday Salutes 2020

Mr. Mayor and City Council,

As you know back in Mid-April the Princeton Police and Fire Departments started "Birthday Salutes" for kids within our community. This was done during Covid-19 "Stay at Home" restrictions with both departments driving to the residence of the child who was having a birthday that day. Pictures were taken and a Birthday card was handed out with a gift card from Dairy Queen. Now that the restriction has been lifted, we have decided to end this successful event. During this time, the departments celebrated 38 Birthdays with children in our community.

We will be available for any questions. Thank you.
