RE: FFY22 CDBG Application

Dear Mayor Mercurief,

I am very pleased to inform you that the city of Saint Paul's application for a Community Development Block Grant (CDBG) for the Bulk Fuel Facility/Dispensing Tankage Upgrade project was recently evaluated by the application selection committee and approved for funding. The actual amount will depend upon the results of grant negotiations but may not exceed \$850,000.00.

Please note, no activity can occur on this project, including activities involving matching funds, until you receive clearance. Ms. Lee Lemay, Grants Administrator, will be in contact to identify any stipulations which may be attached to this award; and to negotiate your grant agreement. Lee will also assist you in identifying federal and state requirements, which may be relevant to your project.

To receive the awarded funds, you must complete federal environmental review requirements, submit proper documentation of site control, and provide documentation verifying receipt of additional funds identified in your application, if applicable. These requirements must be completed within six months of this award letter. The Department may rescind this award if these requirements not met by September 2023.

Congratulations on your successful application. We at the Department of Commerce, Community, and Economic Development look forward to working closely with you on this important project and offer our best wishes for your success. If you have any questions or concerns regarding this award, please feel free to contact Pauletta Bourne at pauletta.bourne@alaska.gov or (907) 451-2721.

Sincerely,
