To:BOVSecretary <BOVSecretary@vmi.edu>

To whom it may concern:

As the mother of a cadet, I expect you all to have my son's best interest in mind. What Gen Wins has proposed as policy will not keep our sons and daughters safe at VMI. It's past time to make VMI a private institution. I will not have left wing policies forced on my family. The corps is leaving behind its values and integrity by putting forth such policies. It's shameful and embarrassing.

Please take a stand for what is right and affirm biological gender identity and all that it entails.

Thank you,  
Elizabeth Steele.
