WILLIAM & MARY

2023 DEBT MANAGEMENT REPORT

William & Mary's Debt Management Policy was established to address all forms of short-term and long-term debt including fixed and variable rate options for capital construction projects and capital leases. Key objectives of the policy include:

- Providing guidance to the university in undertaking long-term debt obligations benefiting the university;
- Establishing a structured framework for the issuance of long-term debt;
- Providing an on-going process for the university to evaluate the level of its annual debt service and consolidated debt burden; and
- Documenting the due diligence used in executing and managing the university debt portfolio and use of its financial resources.
- To assist the university in achieving and/or maintaining credit ratings necessary to be eligible for authority under the Restructured Higher Education Financial and Administrative Operations Act.

The Debt Management Policy is applicable to William & Mary (W&M), the Virginia Institute of Marine Science (VIMS), and Richard Bland College (RBC).

Background

W&M has debt issued on its behalf by the Commonwealth of Virginia and is responsible for principal and interest associated with this debt. On August 25, 2020 the Board of Visitors authorized the issuance of tax exempt and taxable debt. In October 2020, the university issued Series 2020A and 2020B tax exempt and taxable debt, respectively. Proceeds from these series were used for the university's general purposes, including (i) the financing and refinancing of the costs of certain capital projects, (ii) the refunding of a portion of the outstanding principal amount of selected outstanding debt, (iii) operational needs as identified by the university, and (iv) establishment of a quasi-endowment.

W&M has used long-term debt primarily to support the construction or renovation of major auxiliary facilities including residence halls, student centers and dining facilities, parking improvements, and recreational and athletic facilities. University-supported debt service for academic facilities has been used to provide supplemental funding for projects receiving significant support from the Commonwealth or for projects where significant private support is available. The typical debt vehicle is a 20-year, fixed rate 9(c) or 9(d) bond issued by the Commonwealth of Virginia. Over the course of the bond period, the Treasurer of Virginia may refinance projects to take advantage of cost saving opportunities. University debt vehicle is a fixed rate and ranges in maturity from 12-31years.

November 16-17, 2023

Standard & Poor's Bond Rating

W&M is required to be rated by one of the major credit rating firms as part of its application for Tier 3 status under the state's Higher Education Restructuring Act. The Act required that

institutions have at least an "AA-" credit rating for consideration as a Tier 3 institution. In May 2023, Standard and Poor's reaffirmed the university's "AA" issuer credit rating for the university. Assessing enterprise and financial profiles as extremely strong citing key criteria for the rating as: the university's continued solid enrollment, low selectivity, robust retention and graduation rates, abundant brand recognition, manageable debt burden, and healthy cash and investments including the foundations.

Current Debt Position

As of June 30, 2023, outstanding long-term debt totaled \$316.1 million consisting of \$53.4 million in 9(c) bonds and \$151.1 million in university issued general revenue pledge bonds, \$111.6 million in 9(d) bonds including unamortized premiums/discounts (see Section 9(c) bonds are general obligation bonds issued by the Appendix A). Commonwealth on behalf of the university pursuant to Section 9 of Article X of the Constitution of Virginia. As such, while the university is responsible for repayment, these bonds are backed by the full faith and credit of the Commonwealth. Section 9(d) bonds are issued through the Virginia College Building Authority's Pooled Bond Program and backed by the general revenue pledge of the university. W&M bonds are university issued and backed by the general revenue pledge of the university. As debt is issued, the university's fee structure is adjusted to generate the funds necessary to support any new debt issuance or, in certain cases, private funds to support the necessary debt service are identified consistent with the requirements of the Debt Management Policy. RBC has entered into a thirty-year financed purchase obligation with Richard Bland College Foundation (RBCF) for the provision of a student housing complex with two dormitories on the RBC campus. The outstanding balance of the financed purchase as of June 30, 2023 is \$17,906,214.

Right-to-use leased assets, with a lease term greater than 12-months and a calculated lease asset value of \$50,000 or more were capitalized as long-term lease liability. The liability consists of long-term building leases ranging from two to ten-year terms and a long-term equipment lease with a term of three years. The present value of payments expected to be made during the lease term is calculated using the discount rate implicit in the lease agreement or, if unavailable, the university will use the university's incremental borrowing rate. The outstanding balance of right-to-use lease liability as of June 30, 2023 is \$21,046,684.

In FY 23, GASB Statement No. 96 Subscription Based Information Arrangements (SBITA's) went into effect. The SBITAs range from two to ten year term. The present value of payments expected to be made during the year is calculated using the discount rate implicit in the SBITA and, if unavailable, the university will use the university's

incremental borrowing rate. The outstanding balance of SBITA liability at June 30, 2023 was \$8,114,605.

Installment Purchases/Long Term Liability, contained in Appendix B, consist of long-term obligations resulting from various contracts used to finance energy performance contracts and acquisition of equipment at W&M, VIMS and RBC. The length of purchase agreements range from five to fifteen years, and the interest rate charges are from 1.27 to 3.99 percent. The

outstanding balance of installment purchases as of June 30, 2023 is \$1,050,095.

FY 2023 Debt Issues – \$8.2 million in 9d debt for Kaplan Arena and Sports Performance Center.

Variable Rate Debt -The university currently has no outstanding variable rate debt.

Annual Debt Service Cost as Percentage of Total Operating Expenses—The Debt Management Policy stipulates that maximum annual debt service cost as a percentage of total operating expense shall not exceed 10% and that debt issued in any given year shall be limited to an amount that allows the debt service to total operating expense ratio to remain at or below the 10% maximum. The ratios are calculated on a consolidated basis for all three entities: W&M, VIMS, and RBC. Information regarding this ratio follows:

Consolidated Debt Ratio William & Mary, VIMS, and Richard Bland College

	<u>Debt Service</u>	Operating Expense	<u>Ratio</u>
FY 2020	\$ 27,656.896	\$ 478,343,094	5.8%
FY 2021	\$ 22,336,694	\$ 468,603,171	4.8%
FY 2022	\$ 29,643,388	\$ 512,101,323	5.8%
FY 2023 (a)	\$ 35,056,474	\$ 563,915,689	6.2%
FY 2024 (a)	\$ 34,669,933	\$ 575,194,003	6.0%
FY 2025 (a)	\$ 34,088,190	\$ 586,697,883	5.8%

(a) The FY 2023 operating expenses and debt service amounts are based on unaudited numbers. The FY 2024 and 2025 principal and interest amounts are based on estimates from long-term debt schedules and the operating expense amounts are projected at a 2% increase from the prior year. Appendix B provides details on the composition of the debt ratio for W&M/VIMS and RBC.

As of June 30, 2023, the Virginia Institute of Marine Science has long term debt through installment purchases only. VIMS does not have any new debt supported projects authorized by the Board of Visitors or the Commonwealth of Virginia.

November 16-17, 2023

The debt service ratio has remained relatively stable over the past few years. For FY 2021 the drop-in debt service is attributable to the restructuring of debt and customizing the amortization for debt service relief.

Appendix B provides a breakdown of the debt ratios for the university, including VIMS, and Richard Bland College separately. Under William & Mary's management agreement with the Commonwealth, the university has the authority to issue its own debt. That authority does not extend to Richard Bland College.

Available Debt Authorization — Amounts related to debt-supported capital projects which have been authorized by the Commonwealth, but for which bonds have not yet been issued (as of November 2023). The amounts for the projects below are not included in the debt ratio calculations reported above.

<u>Debt Authorization Remaining</u>
\$29,322,000
\$22,850,000
\$45,650,000
\$11,300,000
\$ 7,850,000

Related debt service will be included in future annual reports when the debt is issued.

Appendix B

Annual Debt Service Cost as Percentage of Total Operating Expenses for W&M including VIMS

W&M/VIMS

	Debt Service	Operating Expen	se	<u>Ratio</u>
FY 2020	\$25,971,274	\$ 457,603,121	5.7%	
FY 2021	\$21,150,826	\$ 446,890,853	4.7%	
FY 2022	\$27,907,270	\$ 483,445,133	5.8%	
FY 2023 (a)	\$33,304,625	\$ 536,715,058	6.2%	
FY 2024 (a)	\$32,748,258	\$ 547,449,359	6.0%	
FY 2025 (a)	\$32,126,543	\$ 558,398,346	5.8%	

(a) The FY 2021 reflects the debt service as a result of the savings from restructuring the university's debt with the issuance of the Series 2020 A and B bonds and two percent annual growth in operating expense above FY 2023 levels. The FY 2023 operating expenses and debt service amounts are based on unaudited numbers.

Richard Bland College

	<u>Debt Service</u>	Operating Expense	<u>Ratio</u>
FY 2020	\$1,685,622	\$ 20,739,973	8.1%
FY 2021	\$1,185,868	\$ 21,712,318	5.5%
FY 2022	\$1,736,118	\$ 28,656,190	6.1%
FY 2023 (a)	\$1,751,849	\$ 27,200,631	6.4%
FY 2024 (a)	\$1,921,675	\$27,744,644	6.9%
FY 2025 (a)	\$1,961,647	\$28,299,536	6.9%

(a) The FY 2024 and 2025 ratios reflect two percent annual growth in operating expense above FY 2023 levels. The FY 2023 operating expenses and debt service amounts are based on unaudited numbers.
