From the Office of the CEO

I am in Albany, New York today for the New York State Office of Professional Medical Conduct's annual meeting and board training. The Chair of the board is Thomas Lee, MD; Shelly Wang Bandago is Director; and David Besser, MD, is the Executive Secretary.

The leadership and staff of the board will be discussing updates from their Investigation Committee, while engaging in proceedings and hearings, and review of appeals, before issuing final actions and board orders. They will also receive a report from the board's committee for physician's health. I will be discussing the work of our **Advisory Commission on Additional Licensing Models.**

A highlight of the meeting will be a presentation by James McDonald, MD, MPH, New York State's Health Commissioner. Dr. McDonald understands medical regulation well, having previously served as Chief Administrative Officer of the Rhode Island Board of Medical Licensure and Discipline.
