X. Financial Updates

Brian Holmes and Adrain Wong are present o report out on February, March and April financials. Extended report is due to the need to Cancell March meeting. Brian is giving a broad overview from October, updating us on progress and updates made recently. Cash flow hiccus from february was resolved, Brain also shares and update related to the closure of the early learning center.

Highlights:

reduced revenue: other stae revenue was reduced by \$50,000, it will show up in next year's budget, but we cannot relfect it in this year's forecats.

Expected reduction in expenses related to staffing changes

ADA was 2.59% higher: which increased LCFF revenue

PCGSP expenditures, depreciation of capital investments is also noted in the reports

operating income is tight (\$4000)

February cashflow hiccup was related to delay in ASES and 21stCCLC funding was delayed. we got a cashflow loan to cover the delay. This delay (MCOE's delay) costs SVA \$9000

Closing the Early learning center affects the overall budgets because of the cost share agreements in place, we had to shift costs from the preschool to other funds, which is why services and other operating expenses has increased and is now being pulled out of the SVA budget.
