
MEMORANDUM

TO: Mayor Walker and Councilors
FROM: M McPherson, City Administrator
SUBJECT: **Authorize Removal of 1st Street Car Charger**
DATE: October 25, 2022

Background:

The 1st Street car charger, located across from Minuteman Printing is the oldest of the electric car chargers located within the City. This charger offers electricity at no charge to those who use it; the annual cost to the City is approximately \$1,500 (average of \$128/month).

In addition to the lack of revenue offset, staff often receives complaints regarding the use of the space for parking which then limits the use of the charger.

The Council consensus during budget discussions was to remove the charger.

Recommendation:

Staff recommends that the City Council authorize removal of the 1st Street car charger as soon as staff is available to complete the work.
