**Subject:** 10 year anniversary

Morning Stacy,

We would like to request music until 12pm on Sept 23rd. We are looking to close down our main parking lot for the day. Our goal is to have a family fun day with some attractions for the kids during the day along with axe throwing. Musics would start at 6pm and run until midnight. This would include outdoor bars and tents. Food would be served until 10pm, security provided along with sober cabs home. I will provide 2 entry/exits per fire code. If you need anything else please let me know.

Thank you  
Joe Holtz
