Open-Ended Response

1 40-49	I am within the Princeton School district but hate how so many people on the Princeton Facebook page post racist comments. They also ridicule anyone who speaks against their political opinions. My husband and I lived in Princeton and our taxes were high but we did not see where the money went.
1 40-49	#3 should have SCHOOLS. great education will attract more and more young families and improve community morale. lets take care of the kids and secure a great tax base
1 19-29	Add more recreational outdoor activity spots. I think this would increase the moral of town and help bring a little color to all of our lives. Most of the workforce is constantly working and doesn't have the time to go out of town for the weekend to relax and shut they're minds off. If there was a place in town (or near) that would resolve the issue.
1 60-69	Affordable senior housing. Our population is aging
1 60-69 1 50-59	also need more housing for disabled mobility challenged people. Back the Blue!
1 19-29	Being able to get the community more activities that are age appropriate, (ie teens to small children) something productive to do would be beneficial for everyone and will help with more foot traffic
1 19-29 1 19-29	Bring in better restaurants!! And shops Build a community health/recreation center

1 30-39	I grew up in Princeton and recently moved back, in happy to see more businesses come in and flourish here, hoping to see more!

I have lived in Princeton all my life. I have seen it grow in population but not so much in businesses. I would like to see the taxes go DOWN. Property taxes are a terrible joke on us. Is that why we can't get businesses to come here? We need to make it attractive to come to Princeton. I love the Christmas decor and flower boxes, the blooming apple trees on main street. They take care of the streets pretty well. I like Princeton overall. Other than property taxes, it's a good place to live.

1 60-69

I have lived in the city of Princeton for over 30 years and continue to be very disappointed in the lack of new businesses. I don't know if it is due to the HIGH Mille Lacs taxes or the lack of incentives offered by the city but very unfortunate that almost every new business that comes to Princeton locate on the Sherburne County side of Princeton.

I wish there was a target, chipotle and other restaurants near the Walmart side of town. A minute clinic would be nice as the closest one is Cambridge. More summer kids activates or sports. I have 2 kids under 4 and not a lot of sports or activates are run that a working 1 30-39 mom can get to. All ECFC classes are during the day. Swim lessons I wish they could help out by Walmart and not have such HIGH 1 60-69 property taxes so lots would sell and develop out there! I would like to see more dark sky addressed. Stop with the blazing lights and consider other options. We can still be safe. I was on a Bennett Colorado board, decades ago, and we were moving toward 1 60-69 this type of lighting I would love to see Princeton do more to encourage more retail shopping & food in the downtown area. There are too many businesses in downtown that don't pull in retail customers which makes it hard for the others to survive. Princeton use to have a 1 50-59 wonderful thriving downtown but not so much anymore. 1 60-69 Improve dog park. Lighting, landscaping Invest in agriculture. Need more transparency especially regarding the 1 19-29 schools in the district.

	Princeton, it's disappointing. Our community should be
	represented in a more positive manner & encouraged to come
1 30-39	together not argue over our small businesses and restaurants.

Princeton has a few good restaurants but most lack quality food. Our sense of community would be better if we had more events to bring everyone together. Adults need to feel a sense of community to make the town better. It seems like most people have to leave town to eat or socialize which takes away from our local community. I suppose that is a drawback of a small town, we can only offer what people are willing to invest in town. More people who want to make Princeton "their" hometown will show up as they promote and invest here. We don't really have that sense of pride and ownership in Princeton. I'm not sure how you get it, I'm sure it takes money, patience and dedication. Also a willingness for companies/people to want to invest

1 50-59 in town and make it their own.

Princeton has a horrible reputation for drugs and the people are not 1 50-59 known to be very friendly.

> Princeton is a great community with many things to offer. We need to work on re-energizing the downtown retail community and how to

- draw customers downtown. 1 40-49
- 1 50-59 Princeton is a great place to live!

Princeton is a small town community that used to be a destination and our money should be spent preserving the history and bringing back old sights instead of tearing down trees and digging up fields for more housing I personally don't want developments or town home communities or apartments complexes ruining this city we are a small town.... a country town... and a community the bigger we build the

1 30-39 more we lose

1 60-69

1 40-49 Princeton needs to grow. We need more area.

Princeton NEEDS to invest in quality activities for youth ages 12-17 to 1 50-59 participate in. ie.. skate park, park and rec programs

> Princeton needs to work harder at buildin the community. Building a Community Center needs to be top priority. This would improve the quality of life for our families.

1 30-39	Princeton needs walking trails, given the large amount of people who live outside of town Princeton needs walking/biking/running trails that are accessible by car or foot. More investment in small business, to fill the open spaces downtown. Allow for more resturants, even if that means city ordinances need to change to allow for more liquor licenses.
1 30-39 1 30-39	residents seem very politically hostile- even just in stores, gas stations School district sucks
 1 50-59 1 19-29 	TacoBellCulversMenardsFleetFarm Take the splash pad fence down. Allow it to be a free attraction - like many other cities in MN.
1 30-39	The city should invest more funds towards parks and trails. In order to attract younger families there needs to be more retail options and entertainment options. The brewery opening in the spring is going to be a great start to this.
1 60-69	The city should work with Sherburne and Mille Lacs counties to get the bike trail from Zimmeran and further north. This would bring people to Princeton but it would also hold people here who go elsewhere to enjoy that sort of activity. Good for restaurants and retail.
1 70-79	The downtown needs a 'facelift'
1 30-39	The north end of town is pretty neglected. No sidewalks .roads are all patchey. Some due to the county but still in your city and seams like all the businesses are moving to Sherburne County side so maybe you should look into why that is. Thank you that is all for now.
1 40-49	The Princeton Area Chamber of Commerce is amazing!
1 60-69	The Princeton Public School will keep good families away. We need to set up good private Christian Schools or our Children and our future is at stake. Could use a good family restaurant as well.
	The School District and facilities need to be improved in order to attract more people to move here. There is a large competitive school

district that is located near by that offers better programs, and people

1 19-29 are moving there instead.

1 60-69	There are NO decent 55+ apts/housing. Seems that section 8 and market values Apts are catered to. That along with treatment housing in residential areas.
1 50-59	There is no where to shop or eat in Princeton! We need more big box stores for shopping and better restaurants that are not fast food!
1 60-69 80 and 1 over	This is a community with virtually little for job opportunities, waning tax base and very little draw for ANY economic activity - it is a bedroom community with little future growth potential, today! This town needs to upgrade their sewer systems and improve their streets.
1 40-49	We need a community center with a public pool or water park for the community and to boost tourism.
1 19-29	We need better food options.
1 30-39	We NEED more places to eat that's not pizza or burger joints. We lose money as a community because people have to travel to eat. Since they're already eating some where else they spend their money shopping near where they eat. We NEED kid friendly places. Bring a theater back, maybe a grand slam, arcades? We are surrounded by growing communities, we need to grow too

While Princeton is a great place to live it could use some attention in the following areas. We must invest in infrastructure upgrades to make us competative with other "high end" communities. Streets, sidewalks, stormsewer, sanitary mains, watermains, streetlighting to be particular. Beg, borrow or steal (TAX) all the money you can to get

1 60-69 it done.

Work at bringing retail and industry instead of taxing them so high

1 60-69 that they stay away.

> Would love to see more care put into the downtown area to make it more friendly for retail tenets to bring the city back to life, as well as more attention to our parks and recreation for our kids

1 30-39

Would love to see more development of non-franchise restaurants

- 1 30-39 and shops, and recreation for all ages.
- 1 30-39 Community center is needed in this town. Kids need an outlet.

FAVORITE: There is not much in Princeton as a drawing crowd. I was born and raised here. However was gone 50 years and am back. Things are not any better after 50 years. The main street road block for businesses. Thanks to our police who said "don't change the road". OTHER COMMENTS: The rent is becoming too high for 55+ citizens. Crystal Court have raised rent and it is no longer affordable for 50+ citizens. Rent has gone up all over Princeton. That is NOT age-friendly. There needs to be 2 salaries to pay for rent here. There is not many 80 and places for 55+ citizen thats affordable anymore. The salaries aren't

1 over keeping up with living and housing.

- 1 70-79 Fix the streets.
 - For people who don't have internet/smart phones a much better way to communicate. Informal people of church; school; community event in Zimmerman, Milaca, Long Siding, Pease, maybe an events column in
- 1 70-79 the Town & Country Shopper for free.

Housing and more for seniors. Teen Center for kids to go to instead of

Add more recreational outdoor activity spots. I think this would increase the moral of town and help bring a little color to all of our lives. Most of the workforce is constantly working and doesn't have the time to go out of town for the weekend to relax and shut they're minds off. If there was a place in town (or near) that would resolve the issue.	1
Being able to get the community more activities that are age appropriate, (ie teens to small children) something productive to do would be beneficial for everyone and will help with more foot traffic	1
continue updating/improving park system	1
fix up More Parks Fix up the parks especially Mark Park. I remember when that was a great park and a busy place especially duringvthe rum river festival. It is nowhere near the level now. Go Tigers!	1 1
Grew up in Princeton. Needs to keep it's small town charms, mom & pop stores, good food while increasing outside traffic to sustain them. AFFORDABLE housing/rent opportunities for residential & business.	1
Improve dog park. Lighting, landscaping	1
Lifestyle tint brings in so much new traffic to Princeton. They're amazing at customer service and a true delight to have in Princeton	1
Lifestyle Tint Rules!	1
Parks and recreation, should be a high priority	1

Princeton has a few good restaurants but most lack quality food. Our sense of community would be better if we had more events to bring everyone together. Adults need to feel a sense of community to make the town better. It seems like most people have to leave town to eat or socialize which takes away from our local community. I suppose that is a drawback of a small town, we can only offer what people are willing to invest in town. More people who want to make Princeton "their" hometown will show up as they promote and invest here. We don't really have that sense of pride and ownership in Princeton. I'm not sure how you get it, I'm sure it takes money, patience and dedication. Also a willingness for companies/people to want to invest in town and make it their own.

Princeton needs to grow. We need more area.

Princeton needs walking trails, given the large amount of people who live outside of town Princeton needs walking/biking/running trails that are accessible by car or foot. More investment in small business, to fill the open spaces downtown. Allow for more resturants, even if that means city ordinances need to change to allow for more liquor licenses.

The city should invest more funds towards parks and trails. In order to attract younger families there needs to be more retail options and entertainment options. The brewery opening in the spring is going to be a great start to this.

The city should work with Sherburne and Mille Lacs counties to get the bike trail from Zimmeran and further north. This would bring people to Princeton but it would also hold people here who go elsewhere to enjoy that sort of activity. Good for restaurants and retail.						1
