Thank you for your interest in serving on the CSMH Board of Directors. Please complete the following questions. Your answers will be shared with the voting members of the organization, so we request that all three of your answers fit onto one page.

- Please write a brief description about yourself and your experience.

*I have lived in the Morgan Hill area (I now live in San Martin) since 1997 and have 3 children who attended CSMH. We own a construction company, and I have been involved with the company on the finance side since 2002. I enjoy time with family & friends, and I'm a big Giants baseball fan.*

- Why do you want to be a CSMH Board Member?

*I would like to be on the board to help advocate for CSMH and the project-based learning that my children were able to experience. I understand (to a certain extent) some of the challenges the school faces and strongly support the mission of the school.*

- If you are elected, in what ways would you plan to connect yourself with the school, beyond attendance at board meetings?

*I would be willing to volunteer for activities the school puts on, as well as be a continued supporter of CSMH's community.*
