

CONSENT AGENDA ITEM

STATE BOARD FOR COMMUNITY COLLEGES AND OCCUPATIONAL EDUCATION

June 14, 2023

TOPIC: Community College of Aurora (CCA) Student Fees Clarification Approval

PRESENTED BY: Mark Superka, Vice Chancellor for Finance and Administration

RELATIONSHIP TO THE STRATEGIC PLAN:

Redefine our value proposition through accessibility, affordability, quality, accountability, resource development, and operational excellence.

EXPLANATION:

In May 2023, the Board approved digital content fees related to Colorado Online for Community College of Aurora that did not make it into the April 2023 meeting. This item is simply to clarify that the Board approval of those fees applies for Summer term of 2023, in addition to Fall 2023 term and the rest of the fiscal year. And, if a vendor changes these digital content fee rates mid-fiscal year, the Board delegates to the System Vice Chancellor for Finance and Administration the authority to approve these changes—in the same way as all pass through and digital content fees are delegated by the Board per the original April 2023 Board approval.

RECOMMENDATION:

Staff recommends the Board approve the fee clarification described above.
