SUPPORTING INFORMATION

Council staff have begun work to develop a state web portal that will provide college and career navigation tools, guidance and resources. The portal is being developed in partnership with the Kentucky Department of Education (KDE) and Kentucky Center for Statistics (KYSTATS). Leading the development of the portal is Bret Foster, CPE's newly hired Senior Fellow.

The portal is being designed to help potential high school students, adult learners, and military veterans navigate their way through postsecondary pathways that lead them to a desired career. Currently, focus groups for each of these audiences are being conducted to determine the desired and relevant functionality of the portal.

Dr. Ellis and Mr. Foster will provide a brief overview of the progress made and next steps to creating the portal.
