
MEMORANDUM

TO: Airport Advisory Board
FROM: M McPherson, City Administrator
SUBJECT: **Airport Zoning Ordinance**
DATE: May 3, 2021

Background:

As was discussed at the April meeting, work is beginning on removing the cross-wind runway (04-22) from the ordinance and the City's zoning map.

Analysis:

Attached is my "redline" of the ordinance with notes. Underlined language is to be added, strike-thru language will be deleted.

I have not yet sent letters to the participating jurisdictions. I will do that in May and hope to obtain names of persons interested in serving on the Joint Airport Zoning Board by July 1 so that we can start the amendment process shortly thereafter.

Recommendation:

Review and discuss the proposed changes to the airport zoning ordinance.
