

RE: Princeton Apartments

Dear Minnesota Housing:

M Health Fairview UofM Medical Center supports the Princeton Apartments proposed by Princeton. We employ 20+ employees. We are located 2 miles from the proposed development.

The lack of available rental housing has impeded our ability to recruit and hire employees due to long commutes to our facility for employment, more housing within 5 miles will greatly increase our recruiting efforts and quality of life for our employees.

Sincerely,

A handwritten signature in black ink, appearing to read 'Oleg Froymovich'.
