

# 2022 City Cameras CIP

## Quote #1: North Country Systems

**Camera System Manufacturer:** Lorex

**Proposal Total:** \$45,413.89

### Quote 1 Notes

Lorex is considered a home, small office / small business solution. Lorex cameras are high-quality, low-cost. This quote includes running new lines for each camera, with exception to the liquor store as they have existing lines. The quote also includes wireless network extenders and boring lines underground. This quote includes a Pan-Tilt-Zoom (PTZ) camera to cover the gate at the Waste Water Treatment Plant. The Digital Video Recorders in this quote include extra ports for future expansion.

## Quote #2: Allstate Communications

**Camera System Manufacturer:** Avigilon

**Proposal Total:** \$119,340.00

### Quote 2 Notes

Avigilon is considered an enterprise, high security solution, think “Bank quality.” This quote includes the running of new wires, as well as reusing all liquor store wires and some public safety cameras and analog cables. This quote utilizes wide angle and multi-head cameras to reduce the overall camera count. Multi-head cameras utilize multiple image sensors attached to 1 camera mount to reduce the number of cameras needed to cover a given area. Similar to multi-bulb kitchen lights vs single-bulb kitchen lights. This quote does not include a Pan-Tilt-Zoom (PTZ) camera for Waste Water. The Digital Video Recorders in this quote include extra ports for future expansion.

NorthCountry Systems			All State Communications		
Building	# of Cameras	Total	Building	# of Cameras	Total
Rainbow Park	4	\$ 2,515.99	Rainbow Park	2	\$ 11,225.00
