

Regional Office of Education Report

June 2024

School Construction Season

As you drive around the counties this summer, I am sure you will see several construction projects happening with our school districts. Summer is the ideal time for schools to get needed repairs taken care of when students and staff are not in the building as much. Whenever a district plans a project that will cost more than \$50,000 dollars or involves moving walls, new electrical or plumbing work, then the district has to submit a building permit with our office. Josh and I then go over the permit and plans and if everything is in order, we issue a building permit to the district. We then stay in touch with the district while the work is being completed. At the end of the job, the district submits an occupancy permit with us and we go out and inspect the job to make sure it is complete. If everything is complete then we issue an occupancy permit so students and staff can return to the area that was worked on. It is amazing to see all the work that gets accomplished every summer and Josh and I really enjoy getting to be a part of it.

Office of Professional Learning & Ed Services: Professional Learning & School Improvement

- June 1 begins summer professional learning! A full schedule of Professional Learning is available on our website: www.roe47.org
- Congratulations to our 2024 Marigold Ward winner, Mrs. Stacy Germann from Fulton Elementary School. Stacy received a basket of marigolds, a book, a certificate and copy of their nomination letter, and a \$100 Amazon gift card to build her classroom library. The Marigold Award is an annual award in honor of our friend, Jen Banks, a beloved teacher and ROE 47 school improvement coach who passed away as the result of a tragic automobile accident in December 2015. Her love for learning and the students that she worked with was an inspiration to many. Jen’s positive, supportive, and energetic attitude nurtured those around her and helped them to grow. In celebration of Jen’s life and dedication to learning, ROE 47 has created an award in her honor. **This year, we recognize 39 nominees in our Whiteside county schools.**
- ROE 47, Whiteside Area Career Center, Rock Falls High School, and the Sauk Valley Chamber partnered to host a Manufacturing Signing Day at RFHS and WACC on Friday, May 17th
- The Office of Professional Learning & Ed Services has submitted the following competitive grant applications to meet the needs of students, educators, families, and communities: ISBE Computer Science grant, R3 grant, Early Childhood PFAE grant, Education Pathways Round 5 grant, and the Truancy and Alternative Learning Opportunities grant.
- 13 trauma/social emotional learning trainings have been hosted for educators and front line staff workers from community organizations and agencies.
- A student summit was hosted with over 127 participants from Lee, Ogle & Whiteside counties.
- 22 schools have completed the TRS-IA.
- Trauma 101 and Youth Mental Health First Aid Training is available for registration on our website. This training is available to ALL - educators, community members, agencies, and businesses.

- Professional Learning is excited to share that we are launching a third Science of Reading cohort and a new Science of Math cohort for the fall of 2024. Science of Math training is provided through a subgrant from Math for ALL with funding from the US Department of Education.

<p>Office of Professional Learning & Ed Services: Parent Engagement & Community Outreach</p>

- To date, ROE 47 has 138 partners on its IRIS referral platform. There have been 2578 referrals and 1459 families served.
- Over 5,000 outreach bags with a parent-child engagement activity and information on trauma have been disseminated to local schools, shelters, and food banks.
- ROE 47 has been present at 36 community events, reaching over 10,000 families.
- Seven family education and engagement sessions were conducted.
- Educator and families needs assessment surveys were conducted with results analyzed by the Community Partnership Advisory group.
- 5,000 trauma awareness and resource directory fliers have been disseminated to areas schools, businesses, and agencies.
- Family Educators and the Coordinated Intake Specialist have attended over 36 community events and reached over 10,000 families with parent-child activities, educational materials, and links to EC programs and community services through our IRIS referral platform. In FY24, from July 1 - May 30, 2024 the office has hosted or participated in community events that facilitated parent-child interaction and heightened awareness of EC opportunities, including:
 - Lee County Baby Shower (8 families)
 - Sterling Hot Dog Days (400 participants)
 - Back to School Bash (125 participants)
 - Paw Paw Back to School Bash (100 participants)
 - Taste of Fiesta (Sterling) (500 participants)
 - Prophetstown BlockFest (11 children)
 - Polo Library - October 3 (12 families)
 - Ogle County Baby Shower (75 families)
 - Polo Library - October 24: (12 families)
 - Trunk or Treat - Sterling (October 25): 500 children
 - Trunk or Treat - Dixon (October 25): 475 children
 - Build A Pet Clubhouse - November 4: 31 children
 - PLT Preschool Parent Education Event - November 6: 27 parents
 - Polo Christmas - December 2: 190 children
 - Sterling Sites & Sounds - December 1: 450 children
 - Blockfest (Sterling Public Schools Early Childhood): 18 families
 - Blockfest (Oregon) - January 20: 12 families, 25 children
 - Empowered Parents Session 1 - January 22: 15 caregivers

- Virtual Baby Shower - January 24: 8 new & expectant mothers; 9 community organizations
 - Build A Pet Clubhouse - February 10: 33 children
 - Empowered Parents Session 2 - February 12: 12 caregivers
 - Rochelle Hub Family Engagement Night - February 15: 75 children and caregivers
 - Blockfest Amboy - March 1: 22 children
 - Amboy PFA & Kindergarten Family Night: 50 caregivers and children
 - Byron for Parent University - March 12: 11 caregivers
 - Empowered Parents Session 3 - March 18: 14 caregivers
 - Blockfest Riverdale Preschool - March 18-21: 60 caregivers
 - AFC Family Connections Night: 15 caregivers and children
 - Building Brains (Sterling): 9 participants
 - Building Brains (Byron): 30 participants
 - Building Brains (Dixon): 14 participants
 - YMCA Outdoor Adventure Fest
- Parent Cafes have been scheduled for summer 2024.
 - A social emotional lending library has been established that contains Blockfest, Mindful Trails, family engagement activities and Slumberkins resources. These items are available for check out to schools and agencies. We have 10 Mindful Trails, 15 Slumberkins StoryWalks, 15 Slumberkins Big Books, and Slumberkins books with stuffed animals, as well as a number of games and activities. To date, materials have been used for school wide student learning opportunities, staff professional development, community/school events, and school/community family engagement events.
 - Family educators have consulted with school staff to help design engagement events, provide support before events, and supply materials to be used at events.
 - A monthly digital family newsletter has been developed and deployed through Mail Chimp on a monthly basis. Newsletters include parenting information, community family events, early childhood programming and service information, and other important links. Parents/caregivers can subscribe to the ROE Family Newsletter at <https://mailchi.mp/2cde621b466f/family-sign-up>
 - EC staff hosted their first monthly developmental screening May 2nd.

MAY 6 3:30-4:30 Building!	JUNE 3 3:30-4:30 Summer!	

The Regional Office of Education is going to be hosting "make n take" zooms once a month. The purpose of these are to give our educators ideas that they can bring into the classroom! From different crafts to activities, our Early Childhood Coach will cover many different options! Each month will be a different theme. Please reach out to Ashley Teel if you have questions! ateel@roe47.org

Free Birth to Five Developmental Screening

1st Thursday of each month!

What is a developmental screening?
A developmental screening is a tool that takes a closer look at how your child is developing.

Why is it important?

- Screenings help families understand their child's development.
- Screenings show important milestones and identify possible concerns as early as possible. Research tells us that the sooner a developmental concern is identified, the better. Early identification leads to early support and services that can improve a child's development and help them be their best.
- It's recommended! The American Academy of Pediatrics recommends all children be screened at least once a year.
 - Screenings are a great way to make sure that your child is developing on track for their age. You can learn about your child's strengths and ways to support their healthy development.
 - Screenings can also help determine if your child needs extra help or further evaluation. Our staff specializes in helping families who have concerns about their child's development. They can answer your questions and connect you to local resources.

Trauma Training

The Knowledge Center at Chadlock

DESCRIPTION

Training sessions cover trauma, developmental trauma, and ACEs' impact on well-being. Focus is on attachment disruptions, brain development effects, and behaviors across age groups. The aim is to raise awareness, establish trauma language, and support educators. Strategies from "Raising the Challenging Child" publication are provided for improving social-emotional functioning and behavior management in schools.

JULY 30, 2024 READING INTERVENTIONS

Participants will discuss the current status of foundational reading instruction. The book, *Shifting the Balance*, will be highlighted as a model on how to shift your instructional practices in reading, incorporating strategies for improving reading fluency for all students. Participants will explore informational text instruction and how to increase vocabulary acquisition and retention.

We will provide a copy of *Shifting the Balance* to you if you register by the registration deadline. You will have the opportunity to choose which edition you would prefer.
Presented by: Kelly Marcum

Register today!

JULY 31, 2024 MATH INTERVENTIONS

Math can be a difficult subject for students. In this PD, participants will learn about ways to help struggling math learners build their conceptual understanding. Participants will gain an understanding of how to use math assessments to address student learning gaps. Educators will learn how to improve math instruction at the Tier 1 level along with strategies to provide evidence-based interventions at Tier 2 and 3. Ready to use resources will be provided.

We will provide a copy of *RI in Math: Evidence-Based Interventions* to you if you register by the registration deadline.
Presented by: Shauna Dinges

Part One Presentation

There are certain topics that must be mastered for teachers to feel confident and happy in their classrooms. Educators have an incredible knowledge in the content they'd like to convey, and an incredible passion for working with students. What might be missing is the study of how to cultivate ideal classroom behavior from their students to be able to effectively teach.

Teach...Train...Thrive Curriculum
 Master Mindset
 Motivation-Movement
 Teaching Treat
 Data Worth Doing
 Put it in Play

Part Two Presentation

For certain school district educators, a deeper understanding of behavior is necessary to be able to lead the change in the district. There are many situations in which a more practiced craft is needed to be able to provide students with appropriate support. An added challenge is the vast research to practice gap, meaning that many strategies being used in schools are not the most recent or research based. In this workshop, educators will learn research based techniques that have not yet made their way to schools. They will also learn more about the causes of common classroom behavior.

RESTORATIVE PRACTICES: HARNESSING THE POWER OF COMMUNITY CIRCLES TO BUILD A STRONGER SCHOOL COMMUNITY

PRESENTER: MICHAEL BAROLAK, MSW

JULY 9, 2024 -8:30AM-2:30PM @ SAUK VALLEY COMMUNITY COLLEGE

In order to intentionally establish safe, healthy, inclusive and supportive teaching and learning environments for all, there must be a focus on developing the ABC's: Autonomy, Belonging and Competence. The ABC's represent the core pillars the support what is necessary in any inclusive school community. Autonomy is the need to have a voice and some input or choice over decisions in our lives. Belonging is the need to have meaningful relationships and interactions with others. While competence represents the need to know what is expected of us, and that we have value and worth. One approach to engage all stakeholders in creating a school community that exemplifies the ABC's is through the use of restorative practices. This session will introduce the philosophy behind the use of circles as a tool to build community and a sense of safe space in classrooms and schools. In addition, participants will leave with the skills necessary to lead and facilitate various types of circles, starting with proactive community circles, to those centered on addressing harm.

Developing a Schoolwide Trauma-Responsive Action Plan

Tuesday, July 23rd 2024 | ROE 47 2214 E 4th St Sterling, IL 61081 | 8:30am-2:30pm

This workday is intended for SEL teams, building leadership, and SIP teams in Area 2. When you click on the register button, you will be directed to a Google Form application. Please fill out one application for yourself and your team that will be in attendance (note that an administrator must be part of the team for decision making purposes. Teams should also consist of at least 3 members). Once we have reviewed the application, your team will be sent an official registration link for each member to sign up.

Participants will

- Evaluate school-wide Trauma Responsiveness in 8 domains.
- Identify areas of priority by guided consensus for each domain.
- Create an SEL action plan of identified areas of need.
- Identify resources and training opportunities for each domain.

WORKPLACE WEDNESDAY

JULY 10, 17, & 24

8:30 AM - 3:00 PM

WPW allows teachers to visit various businesses in different Career Pathways across the three-county area. These visits enable the development of real-world lessons for classrooms, aiding in preparing students for their future careers. Additionally, visiting businesses helps teachers communicate the purpose of learning to students and identify potential fits for jobs observed during the tours.

SUPERSIZE EDITION

JULY 31, 2024 | 8:30 AM - 3:00 PM

Offers educators the opportunity to learn about local training opportunities (internships, apprenticeships, post-secondary trade schools, and high school) for students to prepare or explore the careers they are interested in for their future, post-secondary and Pathway opportunities in Lee, Ogle, and Whiteside Counties.

\$0 for All Pathway Partner Schools, \$60 per day for Co-op Members, & \$120 per day for Non-Co-op Members.

Training for New Mentors

INDUCTION & MENTORING

Administrator Academy #1573

Supporting New Teachers Through High-Quality Induction & Mentoring Programs

This Administrator Academy is provided to educate and empower districts, school administrators, and the mentoring site Mentor Administrator/Coordinator. This academy explores the role of administrators, especially principals, in high-quality induction and mentoring programs. Topics will include the legal/ethical issues of mentoring, expectations for the mentors and new teachers, mentor selection, and administrative strategies.

If you have an Induction and Mentoring program and want to update the program to meet new laws and School Codes and train new Administrators on induction and mentoring, please join us.

Induction & Mentoring Training for Teachers

JUNE 12, 19, & 26

This training is designed to equip mentors working with beginning teachers (in year 1 or year 2, or in a new teaching area or district). Topics covered include school code for mentoring, understanding generational differences, adult learning principles, coaching techniques, fostering supportive communication, creating and assessing observation tools, aligning evaluation methods with mentoring, and self-evaluation. Participants will practice observation using Danielson and district evaluation tools to support new teacher development. The training also addresses problem-solving in mentoring situations, aiming to enhance mentors' ability to engage in meaningful discussions about teaching practices with their mentees. Ultimately, mentors will gain the knowledge, confidence, and skills to effectively support their mentees' professional growth through coaching and guidance.

Bring 3D PRINTING into your Classroom

Whether you're brand new to 3D printing or you have one that's gathering dust, this workshop will give you the foundation you need to utilize 3D printing in an educational setting.

We'll start at square one by learning:

- How 3D printers work
- How to create and prepare models for printing
- How to operate your printer
- How to troubleshoot your printer when issues arise

From there, we'll discuss lesson ideas, ways to manage projects effectively, and how to design your space to maximize learning. You'll even build your own project in Tinkercad that you can take back to your students.

Don't have a 3D printer for your classroom yet? No problem. Attendees will also have the opportunity to purchase and take one home through this workshop.

WHO SHOULD ATTEND?

- K-12 Teachers
- Instructional Technology Coaches
- Curriculum Leaders
- Library Media Specialists
- Any educator interested in 3D printing

Sauk Valley Area Chamber of Commerce

May 20 at 6:01 PM · 🌐

Signing Day 2024! Friday May 17th was an incredible example of Community Collaboration; bringing education and business together to celebrate local students entering the local workforce after graduation. These students have all chosen the manufacturing career pathway and we are so proud of them for their incredible work ethic. Thank you to Whiteside Area Career Center, [Regional Office of Education #47](#), Rock Falls High School, and our local employers who are investing students locally! Workforce development and continuing to bridge education and students with business and employers is a key priority for the SVACC as we are committed to supporting our local students and employers!

Parents as Teachers First Years

On May 7th, Lois Meisenheimer, the program coordinator, presented at the Partner Plan Act Conference. This year's virtual conference had over 600 attendees. The theme of the conference was EQUITY FROM THE START: STRENGTHENING RELATIONSHIPS FOR SYSTEMS CHANGE. This conference was put on by Illinois Action for Children and focused on community systems building. The presentation was on *Collaborative Excellence - Statewide Partnerships* and was a panel presentation with Lois Meisenheimer representing the regional early childhood coalition (Sauk Valley STARS) and Abby Hoskins, the Region 47 Birth to Five Illinois Regional Manager. Also on the panel were Birth to Five Illinois Regional Managers from DeKalb and Rock Island regions and the Early Childhood collaboration president from Rock Island. We had around 180 attendees at our session. It was a great opportunity to represent the excellent collaboration work that is happening in the northwest region of our state – the only areas to have these types of partnerships with Birth to Five Illinois!

Education Outreach Program

The Education Outreach Program is busy preparing for our Graduation Ceremony and presenting our 13-15 students with their Illinois High School Diploma. Many of our students have experienced struggles in their youth and into adulthood. This milestone is a win that could carry them to a new chapter that is very much needed in order to truly feel success.

EOP would like to recognize **3 new graduates** for earning their Illinois High School Diploma in May! Congratulations Haleigh, Jaydn and Adrian in completing your testing and State Requirements. We have 2 more students working hard to earn their diploma to make our Graduation ceremony on June 7th!

McKinney Vento Homeless Program

With the school year coming to a close, School Districts have been working a great deal with our students and helping to secure summer opportunities and activities. Our students often viewed school as their place of stability and therefore, the summer months can be more challenging. Community involvement and their programs help greatly during these next months.

Regional Center for Change

We have wrapped up another great year at C4C. Our graduation ceremony was held on May 28th. This year, 11 students successfully completed the 8th-grade requirements, and 16 students graduated from high school, tying our record from last year!

Way to go, students. You did it!!! The Center for Change is not just a school; we are a family. Many of our students are not just surviving; they are thriving. That said, our top priority is to offer hope to our students. Hope for a future, hope that they can change! We try to show them that whatever brought them to our school is not a chain holding them down but fuel to fire a change! In recovery, we often say, "How do I know if I hit bottom?" well, "You put the shovel down." Our graduates are a clear example of how they put the shovel down and climbed into a bright future. Our school is a lighthouse for all of our students.

One of the number one characteristics future employers look for is attendance and showing up. We believe in the importance of attendance at C4C. Yes, unlike other schools, we make a personal phone call each and every day when a student is not present. Aubrey Schaeffer was our Perfect Attendance certificate recipient at Graduation.

We are the Center for Change, Not the Center for Staying the Same! Four students were nominated this year for Student of the Year! The Student of the Year award is dedicated to acknowledging students who exemplify the three core tenets of our mission statement: hope for a future, self-confidence now, and resiliency. We believe that these qualities are not only essential for personal growth but also crucial for creating a positive impact on our community.

Student of the Year recipients

Matthew Comito - Eastland High School

Gabby Gonzalez - Rock Falls High School

8th Grade Graduates

Emily Brown - Reagan Middle School

Jazmyn Dawson - Oregon Junior Senior High School

Giselle Heggelund - Oregon Junior Senior High School

Zaiden Johnson - Rock Falls Middle School

Raven Kramer - Morrison Junior High School

Ginger Lahey - Rock Falls Middle School

Alejandro Lopez - Challand Middle School
Diontae McCall - Challand Middle School
Mateo McNiece - Challand Middle School
Garrett O'Rourke - Reagan Middle School
Devin Peppers - Rock Falls Middle School

12th Grade Graduates

Brayden Booker - Byron High School
McKenley Lawler - Dixon High School
Emily McClain - Amboy High School
Jenna Bridgeman - Fulton High School
Matthew Comito - Eastland High School
Caydence Ross - Ashton Franklin Center High School
Owen Stephenson - Morrison High School
Savannah Karrow - Rock Falls High School
