NEW APPOINTMENT

TERM: Commencing: 08/01/2022 Ending: 07/31/2026

PRESIDENTS' RATIONALE FOR NOMINATION

(Feel free to include a separate page if desired.):

In this open Ex-Officio position which has been vacated by Ms. Tia Murry as of July 31, 2022, CNCC seeks to replace her with a person who is currently in a leadership role in one of our coal impacted businesses. We need just in time information regarding how their business and employees are being impacted and when and how we can best help in their transition (in prep for their plant or mine closing). Tri-State is the single largest employer of Craig, CO residents. Tim Osborn has been a colleague and friend of CNCC and is in the best position to help us to meet the re-training needs of current employees and to identify programs that will educate and train future employees in energy sectors on the horizon.

His Bio:

Tim Osborn, Craig Station Plant Manager, joined Tri-State Generation and Transmission as a Utility Worker in October of 1990. Tim has served over 30 years in numerous bargaining unit and management roles. As Plant Manager he, is tasked with the safe operation and maintenance of the three-unit station, as well as developing the framework for its decommissioning and retirement. Tim earned a master's degree in Family Science and a master's degree in Business Administration with a specialization in engineering and technology management while working at Craig Station.

Tim chairs the Colorado Northwestern Community College Cybersecurity Business Industry Leadership Team Advisory Board, serves on the Moffat County Local Marketing District, and the Craig & Moffat County Chamber of Commerce board of directors.
