### **SUPPORTING INFORMATION**

Per 13 KAR 2:020, CPE determines college readiness indicators. CPE staff work with institutional representatives to determine which assessments should be accepted as statewide college readiness indicators and which benchmark scores should determine readiness.

CPE met with campus representatives over the summer. CPE provided data on the use of various academic readiness exams, the relationship among the various indicators, and on gateway course exam success by each academic readiness indicator exam and high school GPA from Fall 2018 to Fall 2022, the last available data.

CPE staff recommend no changes to the current academic readiness indicators. CPE staff will collect more data from post-pandemic cohorts and conduct further data analyses to determine 1) if any exam should be added or removed from the list and 2) whether there should be any changes to the benchmark scores.
