

Action Item #2

November 18, 2022

ISSUE:

Our contract with the Department of Developmental Services requires the submission of an annual Performance Contract, which must be approved by the Board of Directors

BACKGROUND:

In 1993, Senate Bill 1383 amended the Lanterman Act. It required all Regional Centers to develop a 5-year performance contract with input from consumers, families, staff and service providers. Over the past few years the Department of Developmental Services has piloted a new performance contract methodology based on a System Reform Plan to increase the quality of life for individuals that we serve.

The format includes goals or “Public Policy Measures” and “Compliance Measures”, which were established by the DDS for administrative oversight. All Regional Centers will be evaluated on the exact same standards. Every year each regional center receives a report from the Department of Developmental Services. The “Report Card” is created from the statistical data compiled by the DDS in Sacramento.

DISCUSSION:

The 2023 Draft Performance Contract and survey has been announced and shared through Facebook and FNRC’s Website for general public review. The Performance Contract has been shared with the Butte County Coordinating Council, provided to the local office of the State Council on Developmental Disabilities, and the Service Provider Advisory Committee. The Draft Contract was presented for public input by the FNRC Board of Directors on October 5, 2022

A Public meeting was held during the evening of October 5, 2022, by Zoom

ACTION REQUESTED:

It is requested that the Board of Directors approve the attached Performance Contract for calendar year 2023.
