## Utah Valley University – Architectural Programming Request

Board Policy R701, *Capital Facilities*, requires the Board to approve architectural programming services for a future state-funded capital development project that has not been approved by the State Legislature. Utah Valley University (UVU) requests Board authorization to proceed with the programming of the Health Professions Building 2. This is the University's FY 2023 dedicated capital development request.

The Utah Valley University's Board of Trustees, on June 24, 2022, approved unanimously to proceed with the architectural programming for the Health Professions Building 2.

### **Commissioner's Recommendation**

The Commissioner recommends the Committee authorize Utah Valley University to proceed with the programming of the Health Professions Building 2 and move to the full Board for final approval.

Re: Feasibility and Programming Approval: Health Professions Building 2

Dear Mr. Francis,

We appreciate the System's assistance with our Capital Development projects. We see your support as essential to our success. As we begin to prepare for the FY24 cycle and Legislative process, we seek your authorization to begin the planning work for our next Capital Development project.

Following Utah Valley University's Master Plan and 5 Year priority list, we will begin planning for a Health Professions building. This project will provide the space needed to help fill the demand for health care professionals in our state. UVU commits to funding the Feasibility phase of this project.

Please let us know of your approval to begin. We look forward to working with you as we develop our request.

Best regards,
