**MONTHLY ASSESSMENT OFFICE REPORT**  
**June 11, 2024 – County Services Committee**

- ❖ As everyone is aware, tax bills were mailed out earlier this month. That has consumed most of our time this month.
- ❖ We have conducted interviews and have identify qualified candidates for our open full-time clerical position. We have made an offer to a candidate and, at the time of this submission, the candidate is reviewing the offer and plans on responding on Monday, June 10<sup>th</sup>.
- ❖ Board of Review is scheduled to convene this Thursday June 13, 2024 and Farmland Assessment Review Committee will also have their annual meeting on June 13<sup>th</sup>, 2024.

Respectfully submitted,

Jennifer Boyd, CIAO  
Chief County Assessment Officer/GIS Supervisor

**Monthly GIS Department Report**  
**June 7, 2024**

The GIS Department continued to work on:

- Processing parcel splits and combination requests for April 2024.
- Maintaining and updating land use, zoning, and other GIS layers.
- Updating the 911 and NG911 GIS layers and uploading the data to public safety mapping platforms.
- Attending the broadband breakthrough meetings and examining the project data.
- Creating web applications for field inspection photos.
- Deploying a data collection solution to improve accuracy and increase productivity in the field.
- Deploying a parcel drafter solution to increase efficiency in parcel creation and editing.

The GIS/assessment office met with Esri to discuss possible future collaboration opportunities.

Respectfully Submitted,

Sami Elarifi  
GIS Coordinator

**COUNTY CLERK & RECORDER**  
**REPORT FOR JUNE COMMITTEE MEETING**

Economic Interest Forms went in the mail on Tuesday February the 6<sup>th</sup>.

**The deadline is May 1<sup>st</sup> to have them filed.**

My office mailed out 624 forms and have approximately 3 left outstanding.

Have one new hire in my Vital Records Department, my employee of 6 months took a better paying job with the State. I still have one open position and have not been able to hire anyone because of the scale of pay the county pays.

Respectfully submitted,

A handwritten signature in cursive script that reads "Nancy Petersen". The signature is written in black ink and is positioned above the printed name.

## IT Board Report – June 2024

1. I will be submitting a capital request as part of the upcoming budget cycle for additional file storage for the SAO. I've mentioned this possibility in my recent reports. We're likely opting for an on premise solution, rather than cloud solution for this storage.

2. I am preparing my budget for the upcoming year. I expect increases for Microsoft licensing, server expansion and battery backup systems.

3. Current IT projects include:

- Old Courts/New Courts – Migrating data to newer servers. Ongoing.
- LEC – Deploying some laptops, installing FAX line, miscellaneous software upgrades
- New Courts – Continuing to deploy new computers
- New Courts - Coordinating IT upgrades to 4th floor court room build out with Courts staff, SAO and Maintenance.

4. Upcoming projects include:

- New Courts – Probation department getting new computers late July, early August
- LEC – Troubleshoot and Install cellular signal boosters
- County-wide – reorganize, consolidate on-site login, domain servers
- Organize Cybersecurity response team and response team plan.

Contact me with any questions.

Thank you.

## Regional Office of Education Report

June 2024

### School Construction Season

As you drive around the counties this summer, I am sure you will see several construction projects happening with our school districts. Summer is the ideal time for schools to get needed repairs taken care of when students and staff are not in the building as much. Whenever a district plans a project that will cost more than \$50,000 dollars or involves moving walls, new electrical or plumbing work, then the district has to submit a building permit with our office. Josh and I then go over the permit and plans and if everything is in order, we issue a building permit to the district. We then stay in touch with the district while the work is being completed. At the end of the job, the district submits an occupancy permit with us and we go out and inspect the job to make sure it is complete. If everything is complete then we issue an occupancy permit so students and staff can return to the area that was worked on. It is amazing to see all the work that gets accomplished every summer and Josh and I really enjoy getting to be a part of it.

- June 1 begins summer professional learning! A full schedule of Professional Learning is available on our website: [www.roe47.org](http://www.roe47.org)
- Congratulations to our 2024 Marigold Ward winner, Mrs. Stacy Germann from Fulton Elementary School. Stacy received a basket of marigolds, a book, a certificate and copy of their nomination letter, and a \$100 Amazon gift card to build her classroom library. The Marigold Award is an annual award in honor of our friend, Jen Banks, a beloved teacher and ROE 47 school improvement coach who passed away as the result of a tragic automobile accident in December 2015. Her love for learning and the students that she worked with was an inspiration to many. Jen’s positive, supportive, and energetic attitude nurtured those around her and helped them to grow. In celebration of Jen’s life and dedication to learning, ROE 47 has created an award in her honor. **This year, we recognize 39 nominees in our Whiteside county schools.**
- ROE 47, Whiteside Area Career Center, Rock Falls High School, and the Sauk Valley Chamber partnered to host a Manufacturing Signing Day at RFHS and WACC on Friday, May 17th
- The Office of Professional Learning & Ed Services has submitted the following competitive grant applications to meet the needs of students, educators, families, and communities: ISBE Computer Science grant, R3 grant, Early Childhood PFAE grant, Education Pathways Round 5 grant, and the Truancy and Alternative Learning Opportunities grant.
- 13 trauma/social emotional learning trainings have been hosted for educators and front line staff workers from community organizations and agencies.
- A student summit was hosted with over 127 participants from Lee, Ogle & Whiteside counties.
- 22 schools have completed the TRS-IA.
- Trauma 101 and Youth Mental Health First Aid Training is available for registration on our website. This training is available to ALL - educators, community members, agencies, and businesses.

- Professional Learning is excited to share that we are launching a third Science of Reading cohort and a new Science of Math cohort for the fall of 2024. Science of Math training is provided through a subgrant from Math for ALL with funding from the US Department of Education.

**Free Birth to Five Developmental Screening**

**1st Thursday of each month!**

**What is a developmental screening?**  
 A developmental screening is a tool that takes a closer look at how your child is developing.

**Why is it important?**

- Screenings help families understand their child's development.
- Screenings show important milestones and identify possible concerns as early as possible. Research tells us that the sooner a developmental concern is identified, the better. Early identification leads to early support and services that can improve a child's development and help them be their best.
- It's recommended! The American Academy of Pediatrics recommends all children be screened at least once a year.
  - Screenings are a great way to make sure that your child is developing on track for their age. You can learn about your child's strengths and ways to support their healthy development.
  - Screenings can also help determine if your child needs extra help or further evaluation. Our staff specializes in helping families who have concerns about their child's development. They can answer your questions and connect you to local resources.

**SCAN ME!**

**Part One Presentation**  
There are certain topics that must be mastered for teachers to feel confident and happy in their classrooms. Educators have an incredible passion for working with students. What might be missing is the study of how to cultivate ideal classroom behavior from their students to be able to effectively teach.

**Part Two Presentation**  
For certain school district educators, a deeper understanding of behavior is necessary to be able to lead the change in the district. There are many situations in which a more practiced craft is needed to be able to provide students with appropriate support. An added challenge is the vast research to practice gap, meaning that many strategies being used in schools are not the most recent or research based. In this workshop, educators will learn research based techniques that have not yet made their way to schools. They will also learn more about the causes of common classroom behavior.

**RESTORATIVE PRACTICES: HARNESSING THE POWER OF COMMUNITY CIRCLES TO BUILD A STRONGER SCHOOL COMMUNITY**

**PRESENTER: MICHAEL BAROLAK, MSW**

**JULY 9, 2024 -8:30AM-2:30PM @ SAUK VALLEY COMMUNITY COLLEGE**

In order to intentionally establish safe, healthy, inclusive and supportive teaching and learning environments for all, there must be a focus on developing the ABC's: Autonomy, Belonging and Competence. The ABC's represent the core pillars the support what is necessary in any inclusive school community. Autonomy is the need to have a voice and some input or choice over decisions in our lives. Belonging is the need to have meaningful relationships and interactions with others. While competence represents the need to know what is expected of us, and that we have value and worth. One approach to engage all stakeholders in creating a school community that exemplifies the ABC's is through the use of restorative practices. This session will introduce the philosophy behind the use of circles as a tool to build community and a sense of safe space in classrooms and schools. In addition, participants will leave with the skills necessary to lead and facilitate various types of circles, starting with proactive community circles, to those centered on addressing harm.

# WORKPLACE WEDNESDAY

JULY 10, 17, & 24

8:30 AM - 3:00 PM

WPW allows teachers to visit various businesses in different Career Pathways across the three-county area. These visits enable the development of real-world lessons for classrooms, aiding in preparing students for their future careers. Additionally, visiting businesses helps teachers communicate the purpose of learning to students and identify potential fits for jobs observed during the tours.

## SUPERSIZE EDITION

JULY 31, 2024 | 8:30 AM - 3:00 PM

Offers educators the opportunity to learn about local training opportunities (internships, apprenticeships, post-secondary trade schools, and high school) for students to prepare or explore the careers they are interested in for their future, post-secondary and Pathway opportunities in Lee, Ogle, and Whiteside Counties.

\$0 for All Pathway Partner Schools, \$60 per day for Co-op Members, & \$120 per day for Non-Co-op Members.

Training for New Mentors

# INDUCTION & MENTORING

### Administrator Academy #1573

Supporting New Teachers Through High-Quality Induction & Mentoring Programs

This Administrator Academy is provided to educate and empower districts, school administrators, and the mentoring site Mentor Administrator/Coordinator. This academy explores the role of administrators, especially principals, in high-quality induction and mentoring programs. Topics will include the legal/ethical issues of mentoring, expectations for the mentors and new teachers, mentor selection, and administrative strategies.

If you have an Induction and Mentoring program and want to update the program to meet new laws and School Codes and train new Administrators on induction and mentoring, please join us.

### Induction & Mentoring Training for Teachers

JUNE 12, 19, & 26

This training is designed to equip mentors working with beginning teachers (in year 1 or year 2, or in a new teaching area or district). Topics covered include school code for mentoring, understanding generational differences, adult learning principles, coaching techniques, fostering supportive communication, creating and assessing observation tools, aligning evaluation methods with mentoring, and self-evaluation. Participants will practice observation using Danielson and district evaluation tools to support new teacher development. The training also addresses problem-solving in mentoring situations, aiming to enhance mentors' ability to engage in meaningful discussions about teaching practices with their mentees. Ultimately, mentors will gain the knowledge, confidence, and skills to effectively support their mentees' professional growth through coaching and guidance.

## Bring 3D PRINTING into your Classroom

Whether you're brand new to 3D printing or you have one that's gathering dust, this workshop will give you the foundation you need to utilize 3D printing in an educational setting.

We'll start at square one by learning:

- How 3D printers work
- How to create and prepare models for printing
- How to operate your printer
- How to troubleshoot your printer when issues arise

From there, we'll discuss lesson ideas, ways to manage projects effectively, and how to design your space to maximize learning. You'll even build your own project in Tinkercad that you can take back to your students.

Don't have a 3D printer for your classroom yet? No problem. Attendees will also have the opportunity to purchase and take one home through this workshop.

**WHO SHOULD ATTEND?**

- K-12 Teachers
- Instructional Technology Coaches
- Curriculum Leaders
- Library Media Specialists
- Any educator interested in 3D printing

Signing Day 2024! Friday May 17th was an incredible example of Community Collaboration; bringing education and business together to celebrate local students entering the local workforce after graduation. These students have all chosen the manufacturing career pathway and we are so proud of them for their incredible work ethic. Thank you to Whiteside Area Career Center, [Regional Office of Education #47](#), Rock Falls High School, and our local employers who are investing students locally! Workforce development and continuing to bridge education and students with business and employers is a key priority for the SVACC as we are committed to supporting our local students and employers!

On May 7th, Lois Meisenheimer, the program coordinator, presented at the Partner Plan Act Conference. This year's virtual conference had over 600 attendees. The theme of the conference was EQUITY FROM THE START: STRENGTHENING RELATIONSHIPS FOR SYSTEMS CHANGE. This conference was put on by Illinois Action for Children and focused on community systems building. The presentation was on *Collaborative Excellence - Statewide Partnerships* and was a panel presentation with Lois Meisenheimer representing the regional early childhood coalition (Sauk Valley STARS) and Abby Hoskins, the Region 47 Birth to Five Illinois Regional Manager. Also on the panel were Birth to Five Illinois Regional Managers from DeKalb and Rock Island regions and the Early Childhood collaboration president from Rock Island. We had around 180 attendees at our session. It was a great opportunity to represent the excellent collaboration work that is happening in the northwest region of our state – the only areas to have these types of partnerships with Birth to Five Illinois!

## Education Outreach Program

The Education Outreach Program is busy preparing for our Graduation Ceremony and presenting our 13-15 students with their Illinois High School Diploma. Many of our students have experienced struggles in their youth and into adulthood. This milestone is a win that could carry them to a new chapter that is very much needed in order to truly feel success.

EOP would like to recognize **3 new graduates** for earning their Illinois High School Diploma in May! Congratulations Haleigh, Jaydn and Adrian in completing your testing and State Requirements. We have 2 more students working hard to earn their diploma to make our Graduation ceremony on June 7th!

## McKinney Vento Homeless Program

With the school year coming to a close, School Districts have been working a great deal with our students and helping to secure summer opportunities and activities. Our students often viewed school as their place of stability and therefore, the summer months can be more challenging. Community involvement and their programs help greatly during these next months.

## Regional Center for Change

We have wrapped up another great year at C4C. Our graduation ceremony was held on May 28th. This year, 11 students successfully completed the 8th-grade requirements, and 16 students graduated from high school, tying our record from last year!

Way to go, students. You did it!!! The Center for Change is not just a school; we are a family. Many of our students are not just surviving; they are thriving. That said, our top priority is to offer hope to our students. Hope for a future, hope that they can change! We try to show them that whatever brought them to our school is not a chain holding them down but fuel to fire a change! In recovery, we often say, "How do I know if I hit bottom?" well, "You put the shovel down." Our graduates are a clear example of how they put the shovel down and climbed into a bright future. Our school is a lighthouse for all of our students.

One of the number one characteristics future employers look for is attendance and showing up. We believe in the importance of attendance at C4C. Yes, unlike other schools, we make a personal phone call each and every day when a student is not present. Aubrey Schaeffer was our Perfect Attendance certificate recipient at Graduation.

We are the Center for Change, Not the Center for Staying the Same! Four students were nominated this year for Student of the Year! The Student of the Year award is dedicated to acknowledging students who exemplify the three core tenets of our mission statement: hope for a future, self-confidence now, and resiliency. We believe that these qualities are not only essential for personal growth but also crucial for creating a positive impact on our community.

## MONTHLY ZONING AND PLANNING REPORT

June 11, 2024 – County Services Committee

### ACTIONS COMING FROM THE ZONING BOARD OF APPEALS

1. Petition No. 24-P-1626, by Michael Doughty and Tammy Doughty, regarding PIN 16-07-06-200-012, commonly known as 88 Palmyra Road, Sterling, Illinois, located in Palmyra Township. The parcel is zoned Ag-1, Rural/Agricultural District. Petitioners are seeking a variance from Title 10, Chapter 9, Section 3: Bulk Regulations, specifically side/rear yard setback, for the purpose of constructing an accessory structure.

### ACTIONS GOING TO THE ZONING BOARD OF APPEALS

1. Petition No. 24-P-1627 by Ag View FS, Inc., regarding PIN 03-04-24-300-006. The parcel is zoned Ag-1, Rural/Agricultural District and is located in Ashton Township. Petitioner is seeking a Map Amendment to the I-2 District for the purpose of warehousing, cold storage and equipment maintenance.

### ACTIONS COMING FROM THE PLANNING COMMISSION

1. Petition No. 24-PC-76 by Lee County Zoning Office, a petition to amend the text of Title 11: SUBDIVISION, FLOOD CONTROL AND STORM WATER MANAGEMENT, Chapter 3: FLOOD CONTROL, of the Lee County Code of Ordinances. The proposed text amendment, if approved, will update the existing code so that is compatible with the requirements of the National Flood Insurance Program.

### ACTIONS GOING TO THE PLANNING COMMISSION - None

### OTHER ACTIONS FROM THE ZONING OFFICE

Last month, the Zoning Office issued building permits for the Crawford Solar 1, LLC project and the Crawford Solar 1A, LLC project. These projects will be co-located and will each generate two (2) megawatts, for a total of four (4) megawatts. These projects will be constructed on Red Brick Road, adjacent to the existing Duke Energy Station. Building permits fees in the amount of \$40,157.60 were collected for these projects.

The Zoning Office continues to work to educate the public on the existing Flood Plain Ordinance. Deputy Zoning Administrator and Certified Floodplain Manager Laura Mangrum provided an educational presentation to the Dixon Rotary Club and a local real estate office. This month she will be presenting to Nelson Township and another local real estate office.

During the last week of June, Laura and I will be attending separate conferences to further our education. I will be attending the ACP Recharge Energy Storage Summit in Portland, Oregon to learn more about Battery

Energy Storage Systems. Laura will be at the Association of State Floodplain Management National Conference in Salt Lake City, Utah. Laura earned a full scholarship to cover all expenses related to this conference. She will be learning about mitigation grants, how to empower communities and will be taking miscellaneous classes related to floodplain management. The Zoning Office will remain open during this time with the assistance of County Administrator Jeremy Englund. Laura and I will also be checking emails and assisting with processes remotely.

During the month of May 2024, the Zoning Office processed forty-three (43) building permits. Permit fees in the amount of \$50,772.00 were collected.
