Hello Stacy,

I hope this email finds you well. I have a nurse from DH that reached out to me with her interest in teaching. I wonder if you could help me to correctly understand rule 602.07 regarding her qualifications. This is a nurse with many years of OB, perinatal, and ICN experience currently working in lactation at DH. **She is a diploma nurse with a bachelor's degree in maternal Child Health and an MPH.** Is she not eligible to teach in a baccalaureate program because she does not have a BS in nursing? I understand the rule to read that she needs a BSN but can have a master's degree in a related field.

Thanks so much for your help.

Joan
