101-4091-32340 Permit revenues are up in 2023 due to a large permit for Glenn Metalcraft's new building. Large projects are anticipated for 2024, but revenues are estimated conservatively.

101-4091-11430 The City Council is evaluating a possible new service provider for building inspection services.

101-4091-10810 The City collects and returns to the State 96% of the building and plumbing permit surcharges collected. The remaining 4% should be transferred into the City's general fund.

The additional revenue over expenses can be used to offset expenses for planning and zoning staff.

Revenues include the noted permit and application fees, the reimbursement from the school for the electric for the digital community sign (they pay 50%), and any recovered costs for abatements as a result of a code enforcement action.

101-4092-11250 Landline costs will accrue to the City Hall budget beginning in 2023. Cell phone costs for the Community Development Planner will accrue here.

101-4092-11360 Utility service includes the community digital sign. PPU will set the electrical usage to a flat \$55 per month and the school district reimburses the City for a portion of the costs.

101-4092-11400 2022 expenses are for abatements as a result from code enforcement actions. The property owners have reimbursed the City for these costs without needing to assess.

- 101-4092-11420 Engineering and GIS Mapping will be merged into one line item.
- 101-4092-11430 Engineering costs are over budget as a result of the agreement with Butch Drews for the acquisition of property for right of way purposes at the end of 13th Avenue North.
- 101-4092-11440 These services were previously included as a capital expense. Annual services such as this do not qualify for a capital expense.
- 101-4092-11580 Expenses here include MNAPA, APA, GPS 93:45, and in 2022 a final payment to City Grows, the online permitting software, a COVID acquisition that staff has elected to discontinue. New permitting software may be a future expense after more research and preparation has been done.
- 101-4092-11870 Recording fees are a new expense code. As they are different than taxes and licenses, this will make them easier to track.
