WHAT INTERESTS YOU ABOUT BECOMING A MEMBER OF THIS COMMISSION OR BOARD?

I have always been interested in ways I can serve my community and to have a hand in making real improvements to it. I think that city parks are a crucial part of a happy and healthy community and are often overlooked and under funded. I hope that adding my voice and energy to the board will have meaning and I will learn a lot of new things as well.

Applying for Parks & Recreation Board

What interests you about becoming a member of this commission or board?

My family and I moved to Princeton in the fall of 2018 when I was pregnant with my daughter. We moved to this area as we wanted more space to raise our family. We now have a 4 year old daughter and 2 year old son. As a young family, we frequent the many parks in area. We have been very grateful for the numerous parks and recreation facilities and enjoy exploring the open spaces and trails. Now that we have lived here for a few years, I have been wanting to find a way to get involved in the community and give back. I saw the posting for the open seat on the Parks and Recreation Advisory Board and was excited about the opportunity to serve. I have a variety of skills to bring to the board, including event planning, communications, fundraising, and branding experience. But mostly, I love the outdoors and I am interested in ensuring Princeton continues to have optimal spaces for our growing community.

Please provide additional information that you believe is important in considering you application.

My day job is working at Bethel University as the director of accessibility, serving students with disabilities. As we consider how to engage our community spaces, accessibility is important for factor. One in four have some type of disability, and accessible design supports all, including our aging community members. I am interested in bringing my accessibility expertise and perspective to the board as we serve our community.

Mayor and Council;

Thank you for considering my application for the open seat on the Princeton Public Utilities Commission.

I am a lifetime resident of the Princeton area. I have lived in the City of Princeton since 2004. I am married to my wife Doris (50 yrs) and have two adult children and two Grandchildren.

I made a decision after moving into the City in 2004 to start giving back to the only place, other than three years of Military service, I have ever lived or wanted to live. My first elected position was to the Mille Lacs County Board representing the City of Princeton. I served two terms. (8 yrs). I was the Chair for one year. Mixed in with that position I served 7 years on the Mille Lacs County Ag. Society and 8 years on the East Central Regional Library Board representing Mille Lacs County. I also served on other County related boards including the East Central Regional Development Commission.

While serving on the Mille Lacs County Board I applied and was appointed to the City Airport Board where I served two terms and later the City Planning Commission where I served for about 10 years. I don't remember the exact timelines of those appointments.

In 2016 I was elected to the Princeton City Council. The most relevant position I held on the Council as it pertains to this application was being the Liaison to the Public Utilities Commission for about 3 years.

I chose to run for the Mille Lacs County Board in 2020 and was unsuccessful. I am presently serving on the City Airport Board, Mille Lacs County Historical Society Board and I am the Commander of American Legion Post 216 in Princeton. I am presently filling a position on the Public Utilities Commission that was created by the resignation of Greg Hanson earlier this year. It is an honor to be serving on the PUC and hope to continue that service for a full term.

I have always been a strong advocate supporting the Public Utilities in Princeton. The residents of Princeton are very fortunate to have this service. In recent years I have had a desire to serve on the Public Utilities Commission and am grateful that I was given the opportunity to fill the vacant position and hope to be appointed to a full three year term.

I put a lot of thought into my decision to apply for this position. I reached out to a few residents and people that I was confident would give me honest, non-objective input. Lee Steinbrecher, Tim&Mindi Seirks, Barry Schreiber, Eldon Johnson, Randy Hatch, Paul Whitcomb, Elaine Heidinger to name a few. They were all very supportive.

Thank you again for considering me for this appointment. I am looking forward to interviewing for this position if that is the path you take. I hope I can address any questions or concerns you may have. Thanks again,

Jack Edmonds

What interests you about serving on the PUC?

I am a lifetime resident of the Princeton area. I have lived in the City for 18 years. My primary interest is simply my desire to serve. While serving on the City Council I was the Council liaison to the Public Utilities Commission for about 3 years so if appointed I can hit the ground running so to speak. I never applied in the past because I had no desire to compete against any of the already seated Commissioners. Having an open seat created the opportunity for me to apply.

What do you know about municipal utilities?

Municipal Utilities were created by State Legislation. The primary intent of the Legislation is to allow the Utility to operate independently of City government. The respective Cities that have Municipal Utilities create a separate Commission to oversee its operations. The Commission is appointed by the City Council. The primary function of the Commission is to set local policy and insure that it operates within the State Statutes as they pertain to Municipal Public Utilities.

What are the top two or three issues that you think the PPU should address?

Customer service and keeping rates competitive should always be the first priority. Sound fiscal and long range planning policy should be primary objectives.

Please provide a description of any business management or budgeting experience that you may have.

I served 8 years on the Mille Lacs County Board. One year as Chair. That included serving on various County related Boards and committees such as the East Central Regional Library Board, East Central Regional Development Commission and others. That included about 7 years on the Mille Lacs County Ag Society.(Fairboard) I served 4 years on the Princeton City Council. I am a Mille Lacs County Historical Society Board member and I am the Commander of American Legion Post 216. Much of my private sector experience has been working in a family trucking business.
