To The City of Princeton

In January, my husband and I applied for a liquor license and hopes of opening our business the Lumberjack Lounge it this month. Mid-February we found out that the landlord of your location had lied to us on multiple items and our space was flooded. We have searched for a new location for our business but nothing in our price range or size we need is available. At this time our bank is telling us to keep looking but it might take 6 months or a year before something pops up. We paid for a liquor license in January and have not used it and probably won't be using it.

We are so bummed and believe the right place will come along but could use our money back if we could have it. We paid \$2,475.00 on January 6<sup>th</sup>, 2023, this was for The Lumberjack Lounge LLC. The only reason we applied so early for a license was because for the loan we are doing we needed it before we could close on the loan along with insurance, workers comp. and a handful of other items. If you are willing to give us our money back until we can find a location and get running, we would greatly appreciate it. Please write check out to Lori Giffen for I'm the one who paid.

Thank you so much,

Lori and Josh Giffen
