

**RESOLUTION OF THE BOARD OF THE CARTERET COUNTY-BEAUFORT AIRPORT
AUTHORITY AUTHORIZING AN INSTALLMENT FINANCING AND PROVIDING FOR
CERTAIN OTHER RELATED MATTERS THERETO**

WHEREAS, the Carteret County-Beaufort Airport Authority (the “*Authority*”) is a body corporate and politic existing as such under and by virtue of the Constitution, statutes and laws of the State of North Carolina (the “*State*”);

WHEREAS, the Authority has the power pursuant to the Section 160A-20 of the General Statutes of North Carolina, as a local airport authority that was created pursuant to a local act of the General Assembly, to (1) enter into installment contracts in order to finance the purchase of real and personal property and the construction or repair of fixtures or improvements on real property used, or to be used, for public purposes, and (2) grant a security interest in some or all of the property financed to secure repayment of the purchase price;

WHEREAS, the Board of the Authority hereby determines that it is in the best interest of the Authority to (a) enter into an installment financing (the “*Installment Financing*”) with the County of Carteret, North Carolina (the “*County*”) in order to finance the acquisition and construction of new and replacement airplane hangars at the Carteret County-Beaufort Airport (the “*Project*”) and (b) to grant a security interest in some or all of the Project to the County to secure the Authority’s obligations with respect to the Installment Financing;

WHEREAS, the Board of the Authority hereby determines that the Project is essential to the Authority’s proper, efficient and economic operation and to the general health and welfare of the inhabitants of the Authority’s service area; that the Project will provide an essential use and will permit the Authority to carry out public functions that it is authorized by law to perform; and that entering into the Installment Financing is necessary and expedient for the Authority by virtue of the findings presented herein;

WHEREAS, the Board of the Authority hereby determines that the Installment Financing allows the Authority to purchase the Project and take title thereto at a favorable interest rate and upon terms advantageous to the Authority;

WHEREAS, the Board of the Authority hereby determines that the estimated cost of financing the Project, together with other available funds of the Authority, is an amount not to exceed \$2,000,000 and that such cost of the Project exceeds the amount that can be prudently raised from currently available appropriations, unappropriated fund balances in the current fiscal year or other available sources;

WHEREAS, the Board of the Authority hereby determines that the cost of financing the Project pursuant to the Installment Financing and the obligations of the Authority thereunder are preferable to a general obligation bond financing or revenue bond financing for several reasons, including but not limited to the following: (1) the cost of a special election necessary to approve a general obligation bond financing, as required by the laws of the State, would result in the expenditure of significant funds; (2) the time required for a general obligation bond election would cause an unnecessary delay which would thereby decrease the financial benefits of acquiring the Project; and (3) insufficient revenues are produced by the Project so as to permit a revenue bond financing;

WHEREAS, the Board of the Authority has determined and hereby determines that the estimated cost of financing the Project pursuant to the Installment Financing reasonably compares with an estimate

of similar costs under a bond financing for the same undertaking as a result of the findings delineated in the above preambles;

WHEREAS, the Authority anticipates that proceeds of an Economic Development Administration grant and other available funding sources of Authority will be sufficient to repay the Installment Financing and does not anticipate requesting the County or any other local government unit to assess a future property tax increase to pay installment payments falling due with respect to the Installment Financing;

WHEREAS, the sums to fall due under the Installment Financing will be adequate but not excessive for its proposed purpose;

WHEREAS, the Authority is not in default under any of its debt service obligations;

WHEREAS, the Authority's budget process and Annual Budget Ordinance are in compliance with the Local Government Budget and Fiscal Control Act, and external auditors have determined that the Authority has conformed with generally accepted accounting principles as applied to governmental units in preparing its Annual Budget ordinance;

WHEREAS, past audit reports of the Authority indicate that its debt management and contract obligation payment policies have been carried out in strict compliance with the law, and the Authority has not been censured by the North Carolina Local Government Commission (the "*LGC*"), external auditors or any other regulatory agencies in connection with such debt management and contract obligation payment policies;

WHEREAS, the Board of the Authority conducted a public hearing with respect to the Project on September 8, 2021, to receive public comments on the Installment Financing and accepted written comments from the public;

WHEREAS, the Authority has filed an application with the Local Government Commission of North Carolina (the "*LGC*") for approval of the LGC with respect to the Authority entering into the Installment Financing in an aggregate principal amount of \$2,000,000;

WHEREAS, there has been made available to the Board the form of the documentation related to the Installment Financing which the Authority proposes to enter into and deliver to effectuate the proposed financing and
