

## **DIRECTOR OF PUBLIC SAFETY/CHIEF OF POLICE REPORT**

**Reporting Period:** March 25th 2021 – August 28<sup>th</sup>, 2021

**Prepared By:** Director of Public Safety / Chief of Police Zachery P. Lamblez

**Date:** August 27<sup>th</sup>, 2021

### **Police**

The State of Alaska is still maintaining the Covid-19 regulations for state residents to continue social distancing and the use of face masks when in door public places.

St. Paul Dept. of Public Safety continues to assist the St. Paul Community & St. Paul Unified Command in providing updated educational material to those traveling to St. Paul from outside the community.

St. Paul Dept. of Public Safety under my direction is transferring more calls for services towards civil infractions including COVID-19 violations to be addressed by the Aleut Tribal Court.

As of current Public Safety has responded to 270 calls for service

### **Dispatch**

St. Paul Dispatch needs a part-time on call dispatcher.

### **EMS / Ambulance**

St. Paul Dept. of Public Safety with SCF provided an ETT course in July certifying all Police Officers and 8 additional community members.

St. Paul Dept. of Public Safety has had a total of 94 medicals for 2021.

At the direction of the City Manager Public Safety has been instructed to provided SCF with the quick test Covid19 machine. At this time Public Safety has not listed Covid19 testing machine as property or inventoried equipment.

St. Paul First responders EMTs Kaitlan and Jamin Silva have respectfully resigned their positions. City of St. Paul has been reviewing contracting EMS services with Delta EMS. Further details, cost, crew rotation, housing, transportation, and quarantining ect. have not been communicated with Public Safety at this time. Please direct further questions about Delta EMS to the City Manager.

### **Fire Department / SAR**

St. Paul Volunteer Fire Dept. personal along with Search and Rescue, EMS, SPDPS had all portable & emergency radio's programmed and they have since been assigned out to personnel.

Fire/SAR along with EMS have monthly trainings to stay fluid on emergency equipment as well as new equipment that has been received.

### **Harbor Master**

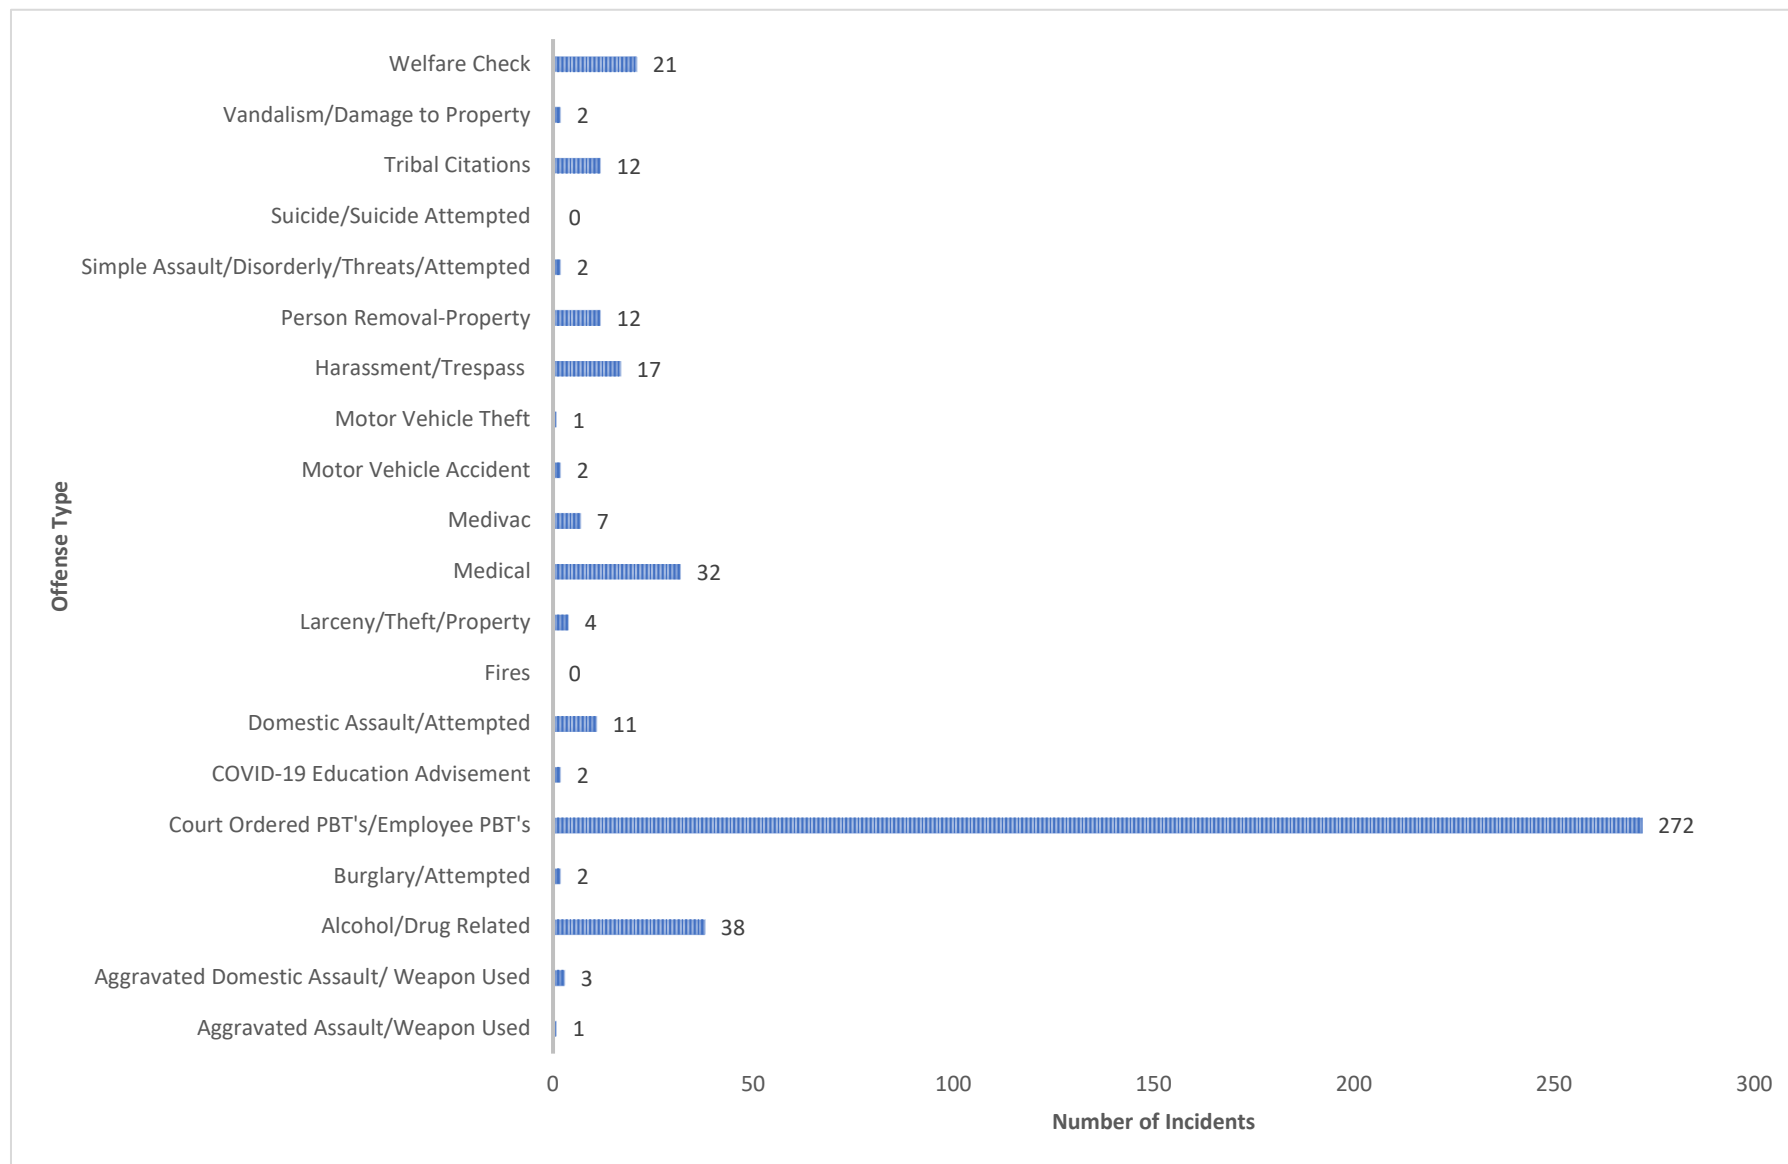

New life rings at North and South dock have been installed. There is a life ring for Pier 1 however another is needed for Pier 2.

The Harbor Master has been doing clean up on Pier 1 and cutting out old electrical power for the floating processor. The old fuel shed on the South dock has been removed to make room for the new life ring.

Storage boxes have also been built and installed on the South dock for winches.

Needed improvements have been made by the Harbor Master and other improvements are continuing.
