

*The items listed below are for informational purposes only. Any item may be moved to the full agenda for public vote at a subsequent Authority Board meeting.*

1. Public contact is still restricted in the administrative office; a table has been placed just inside front door with instructions on the door directing all packages, etc. to be left on that table. Door remains locked and access is limited due to COVID-19 concerns.
2. The NCAA Conference in Wilmington has been re-scheduled for August 9-21, 2021 in Pinehurst. Those of you that had been registered to attend, please make your own hotel reservations. Please see attached information.
3. New Fuel Farm is operational.
4. Negotiations continue with Mr. Stuart Dillon, Dillon Aviation, Greenville, NC, to operate an aircraft maintenance shop next door in the maintenance hangar.
5. Kristen Janes, the new Airport Business Manager is progressing well in the training process. As of April 1, I have reduced my in-office hours.
6. New lighting vault enclosure should arrive mid to late May.
7. Electrical contract has been awarded to Rifenburg Electric.
8. Last remaining obsolete hangar will be demolished and removed once new electrical vault is operational.
9. Administrative office is in process of developing FY 21-22 Budget.
10. Airport Business Manager is updating all hangar files to ensure compliance with all guidelines.
11. Hangar waiting list continues to increase; plan is to start requiring deposits upon delivery of steel.
12. All hangar occupants have been notified of hangar rate adjustment effective July 01, 2021
13. Attorney is in process of reviewing current hangar and ground lease documents and revising to better protect airport interests.
