# What are the major accomplishments of the Board in the past year?

## Respondent 1

Working in tandem with the College President to obtain prioritized fiscal resources.

## Respondent 4

Good question. Expanding Collegiate HS to include 9th grade education wise. The dorm project coming to fruition in such a manner that it truly is an asset and not a drain financially. It is a success story ILO a check or question mark.

## Respondent 3

On campus student housing, grants and other funding, additional programs

## Respondent 5

We support the activities of the President and his executive team however we are asked to and the best we can. Through their efforts, I would like to point out that the funds that we have received from the legislature, as well as the funds from Gulf Coast Triumph, to advance our Nursing program makes me so proud. We also have a big victory with the On-campus housing - our whole team worked doggedly to make that happen!

# What are the areas of opportunity for the Board to help the College advance its mission?

## Respondent 1

Staying aware of the challenges and having effective oversight of programs/projects from obtained fiscal resources.

## Respondent 4

Become more "educated" in the programs we offer so that we are able to speak intelligently about programs and successes we offer here at the college and aux sites when the opportunity arises, There is a wide variety of interests and expertise on this board - outreach opportunities are being missed.

## Respondent 3

Help with the upcoming Capital Campaign

## Respondent 5

The areas we can capitalize on are with our relationships - whether it is political allies, community leaders or our students and their families. We should always be available to intervene on behalf of the college. We should also lead the way in sharing our resources with the college and foundation to enhance our programs and continual outreach to our region.

# What question(s) would you like to see addressed in subsequent self-assessments?

Respondent 1

n/a

Respondent 4

How our various skills and talents may be tapped into for use in promoting the College, its programs and resources available for outreach.

Respondent 3

What can I personally do to be a more productive Trustee?

Respondent 5

I have no changes to the questions at this time.
