During the County Board Meeting on November 21st, Telecommunicator Dylan Ehlers and Deputy Alejandro Castro will be awarded the Life Saving Award for their exemplary performance during a medical call from August 11th. At approximately 10:25 p.m. on that date, Lee County 911 received a call regarding the electrocution of an individual in the 1100 block of White Rock Drive. The individual was unresponsive, and the bystanders did not know how to perform CPR. Telecommunicator Ehlers provided step by step instructions to the bystanders on performing CPR to the 52-year-old victim. T/C Ehlers continued coaching and supporting the bystanders with CPR instruction until the arrival of Deputy Alejandro Castro. Deputy Castro provided further directions for CPR while affixing the paddles of his department issued AED to the victim. Deputy Castro subsequently took over CPR and the AED advised him to deliver a shock to the patient. A shock was delivered, and CPR was continued until medical personnel from the Dixon Rural Fire Department arrived. The individual was successfully revived and is alive today because of their performance.

In the month of October, the Lee County Sheriff's Office logged 835 calls for service. The Sheriff's Office is currently conducting sex offender registration verifications for the 43 registered sex offenders that fall under the registration jurisdiction of the Lee County Sheriff's Office. There are also 9 murder or violence against youth registrations that also fall under the registration jurisdiction of the Sheriff's Office.

As far as notable calls for the month of October, the following incidents occurred...

On October 21st at 10:27 a.m., Lee County Deputies were dispatched to the area of the 500 block of River Lane just west of Dixon. The caller and property owner found a black Kia parked behind one of his buildings. The vehicle was unoccupied and did not have any registration plates. A female, later identified as Abyana Parker, came running from the area of Credit Auto Sales and approached the property owner. The female stated she was having car problems and it had died behind the building while she was attempting to turn around. The property owner had blocked the vehicle in and told the responding deputy that "something just didn't seem right" so he told her to wait until the deputy arrived. While the deputy was investigating the situation, Abyana Parker was picked up by her husband, Ulysses

Parker, as he had just purchased a vehicle from Credit Auto Sales with \$6,000 cash. Ulysses Parker left Credit Auto Sales in such a hurry that he did not complete all the required paperwork. Witnesses later described Abyana Parker as diving into the window of the vehicle as they fled the area.

The following day Lee County Deputies received a delayed hit that the black Kia was wanted in connection with a bank robbery out of Colorado Springs, Colorado on October 19th. The suspect was identified as Ulysses Parker, and he was out on bond for two other bank robberies that occurred in Colorado Springs on August 25th. Ulysses Parker had been apprehended on August 30th in San Bernardino County, California for the charges on the initial two bank robberies from August 25th. He was extradited back to Colorado Springs where he later posted and was released on \$100,000 bond. On October 23rd, Ulysses Parker and Abyana Parker were spotted in Kingman County, Kansas in a vehicle that had been taken in a previous carjacking. A vehicle pursuit ensued which escalated into an officer-involved shooting. Ulysses Parker was struck in the arm during the shooting, and both Ulysses and Abyana Parker were taken into custody in Pratt County, Kansas. It is currently unknown as to why the Parkers chose to abandon the vehicle used in the robbery in our jurisdiction.

On October 29th at approximately 1:16 a.m., the Lee County Emergency Telephone System Board (ETSB) received a 911 call in Franklin Grove for a reported stolen vehicle that had just occurred. The caller informed Lee County Dispatch that his white Ford F250 had just been stolen from his driveway.

On October 29th at approximately 2:09 a.m., Lee County Dispatch received a heat and burglary alarm notification for Central Bank in Ashton. Ashton Fire was first on the scene and informed dispatch there was a white truck with chains connected to its rear with the other end of the chains connected to the ATM. The ATM was completely disconnected from the ground and was laying on the cement near the ATM drive through.

At approximately 5:00 a.m., Morrison Police were dispatched to a similar ATM burglary situation at Farmers National Bank in Morrison. It is believed that the ATM burglaries and theft of a motor vehicle were all related to a criminal group passing through the area.

On 10/29/23 at 5:36 a.m., Lee County Deputies and Dixon Rural Fire Paramedics responded to a 911 call for a six-week-old baby that was found not responsive or breathing. Deputies arrived and began administering CPR to the child. Dixon Rural Fire arrived on scene and subsequently transported the child to KSB Hospital where it was later pronounced deceased. An autopsy was conducted, and the cause of death is pending at this time. No foul play is suspected in this situation.

In late September 2023, Ulysses Parker was extradited back to Colorado and booked into the El Paso County Criminal Justice Center on an elevated \$100,000 bond. Parker was able to post bond and was released from jail within days of returning to Colorado.

On Thursday, October 19, 2023, at 8:37 AM, CSPD officers were dispatched to the Pikes Peak National Bank located at 4709 N. Academy Blvd to investigate a robbery. The suspect demanded money from the teller and left with an undisclosed amount of money.

The CSPD Robbery Unit responded and assumed the investigation. Detectives determined the suspect was Ulysses Parker and obtained a \$250,000 warrant for his arrest, charging him with one count of robbery.

CSPD Detectives learned on Monday, October 23, 2023, that Parker had been involved in a carjacking and police chase in Pratt County, Kansas. The incident escalated into an Officer Involved Shooting where Parker was injured. Parker survived the incident and was later booked into jail by the Pratt County Sheriff's Office. No deputies were injured during the incident.

Original Release: Colorado Springs Bank Robber Arrested in California

On Friday, August 25, 2023, at 9:50 AM, officers from the Colorado Springs Police Department (CSPD) were dispatched to the US Bank located at 2308 E. Pikes Peak Avenue to investigate a robbery. The suspect demanded money from a teller and left with an undisclosed amount of money.

Later on, Friday, August 25, 2023, at 1:45 PM, CSPD officers were dispatched to the Key Bank located at 3605 Hartsel Drive to investigate a robbery. The suspect demanded money from the teller and fled with an undisclosed amount of money.

The CSPD Robbery Unit responded to both banks and took over the investigation. It was determined that the same suspect robbed both banks. There were no reported injuries during the robberies.

On Monday, August 28, 2023, the Robbery Unit identified the suspect as 29-year-old Colorado Springs resident Ulysses Parker II and obtained a warrant for his arrest, charging him with two counts of aggravated robbery.

On Wednesday, August 30, 2023, Parker was taken into custody in San Bernardino County California.

WICHITA, Kan. (KWCH) - The suspect in an incident that led to an officer-involved shooting on Monday in Pratt was taken into custody less than two months ago for two bank robberies on the same day in Colorado.

Ulysses Parker II led officers on a chase Monday after a car stolen from Saline County was spotted in Kingman County. After he fled police and stole another vehicle, Parker was eventually shot in the arm by police as the chase ended at a Pratt convenience store. The driver of the original stolen car, **Abyana Parker, was captured when Ulysses Parker fled.**

Ulysses Parker was arrested on Aug. 30 in California's San Bernardino County. He is a suspect in a pair of bank robberies that happened on Aug. 25 in Colorado Springs, according to a release from Colorado Springs issued on Aug. 31. Parker was identified as the suspect on Aug. 28 and arrested two days later on two counts of aggravated battery.

Because the release was issued soon after Ulysses Parker's arrest, it does not mention the status of his cases in Colorado, or why and when he got out of police custody.

Ulysses Parker

Colorado Springs Police Department

A bank robbery suspect who bonded out of jail days after being extradited to Colorado Springs from California was recently arrested in Kansas, officials said Tuesday in a news release.

Ulysses Parker, 29, was taken into custody after a carjacking and police chase in Pratt County, Kan. Parker was reportedly injured in an officer-involved shooting with a Kansas deputy. In Colorado, he faces several charges, including three counts of robbery.

Colorado Springs man suspected of 2 robberies found in California

In late August, Colorado Springs police identified Parker as a suspect in two bank robberies that occurred on the same day. In both incidents, a man demanded money from a teller and left with an undisclosed amount of cash. CSPD obtained a warrant for Parker's arrest on Aug. 28. He was arrested in San Bernardino County, Calif., two days later and sent back to Colorado in late September, according to the release.

Days after Parker was booked into the El Paso County jail on a \$100,000 bond, he was released on bail, police said.

About 8:30 a.m. Oct. 19, a man entered the Pikes Peak National Bank on Academy Boulevard, demanded money from a teller and left with cash. CSPD detectives named Parker a suspect and secured a warrant for his arrest.

On Monday, CSPD learned of the carjacking, police chase and the shooting. No deputies were harmed in the incident.
