Ductwork and Roof Top Unit Cleaning	\$3,995.00
-------------------------------------	------------

Cleaning of all ductwork attached to two roof top units, both supply and return. Full Cleaning of two roof top units (coils, blower fans, inducer fans, electronics, ext...) All work will be done after hours not to disturb business. All desks, printers, bottles, equipment will be covered with plastic in the areas that we will be working. Registers will be hand wiped cleaned and tops of spiral ductwork will be cleaned as well. Work in this building will take two days to complete. We will provide our own lift, ladders, and harnesses to preform work in areas were it is needed. Jeremiah has been through harness, confined space, mask, and drivers training to be able to work safely in your facility. All work is owner supervised and closely monitored. We will provide progress reports and photos while performing the job so that you will know what is going on at all times. Thank you for considering Mohr's, we really hope to earn your business!

Princeton Wine & Spirits
Dylan Donner and Bob Gerald
1901 5th St N
Princeton, MN. 55371

*An independent business licensed
to serve you by ServiceMaster
Clean*

Good afternoon, Dylan and Bob

Thank you for this opportunity to submit an air vent/duct cleaning quote at your facility in Princeton, Minnesota.

ServiceMaster uses state-of-the-art high-performance air duct cleaning equipment. Our air duct cleaning procedure would be to first, drape off all contents and furniture before performing the work. This would keep the debris and contents from falling on sensitive equipment. ServiceMaster will use brushes to loosen the soil from the inside ducts prior to vacuuming out the ducts, including trunk lines. Cold air return grates would be vacuumed and cleaned along with all ceiling vents and acoustical tile adjoining the air vents.

The office areas include the following:

Private offices, general office areas, break rooms, bathrooms, and storage areas.
The cleaning process will take 2 to 3 evenings during the week after hours.

The cost of the cleaning above is \$7,150.00 plus tax. An additional \$225 a day will be added for a scissor lift rental.

The price includes all equipment, supplies, trained personnel, and insurance.

Thank you for the opportunity to serve your air vent/duct cleaning needs.

Sincerely,

Israel Medina
Regional Commercial Account Manager
