October 4, 2022

Dear NH Board of Electrical Examiners:

My name is Paul J. Kennedy, Jr., and I am again seeking re-approval for to teach the 15 hour 2023 NEC Code Update with NH Commonly Found Deficiencies under the entity of Kennedy Seminars.

My wife, Bev Kennedy, will be the continuing education coordinator.

Please find all of the necessary paperwork enclosed for this re-appointment. I look forward to being a NH approved provider for my 6th cycle.

Thank you very much,

Paul J. Kennedy, Jr.

Continuing Education Program Syllabus 15-Hour Program 2023 NEC & NH Electrical Code Update

Overview: Kennedy Seminars will use the IAEI 2023 Analysis of the Changes Power Point to present the NEC Code changes. Within this Power Point will be slides of the 2023 NH Electrical Deficiencies, Amendments, Rules and Concerns as well as awareness of NFPA 70E.

This seminar will be instructed in such a manner as to facilitate discussion between the instructor(s) and electricians. Samples of new and innovative products will be passed around the room at appropriate times within the program.

Final content will be updated to reflect any additional changes from the State of New Hampshire not yet finalized for the 2023 Code Cycle

Each attendee will leave with a reference packet which includes:

- Kennedy Seminar contact info
- NH Board contact info
- 2023 Changes to the NEC
- NH Most Common Electrical Deficiencies 2023
- Links to Errata's & TIA's to the NEC code book

Introduction- Administrative and program rules

Registration forms filled out completely

Picture id and license verification

Safety and Room Information

Professional behavior expectation for both licensee and provider

Attendance Rules

Attendance will be taken at start of day, end of each day and 1 random time during the seminar. Must have a total of 6 signature to receive certificate.

Each electrician must sign each attendance sheet.

No response, no credit, no refund after class starts

Code changes with NH Most Common Deficiencies

Introduction- Article 90

Chapter 1- Definitions, Articles 100, 110

Chapter 2- Articles 210, 215, 220, 225, 230, 235, 240, 245, 250

Chapter 3- Articles 300, 305, 310, 312, 314, 315, 320, 322, 330, 337, 342, 344, 352, 353, 358, 369, 371, 398

Chapter 4- Articles 404, 406, 408, 409, 410, 422, 424, 425, 426, 427, 430, 440, 445, 450, 470, 495

Chapter 5- Articles 500, 505, 512, 515, 517, 518, 530, 547, 550, 551, 555, 590

Chapter 6- Articles 600, 620, 625, 630, 646, 670, 680, 690

Chapter 7- Articles 700, 701, 702, 705, 706, 708, 722, 725, 726, 760,

Chapter 8- Articles 800, 805

Chapter 9- Table 13

Informative Annex- A, E

Business and other related topics

NH website tutorial (license check, advisories, rulings, forms, fees, etc.)

NH fines and disciplinary actions

NH Rules and regulations -RSA 319-C

Smoke detectors and Carbon Monoxide detector regulations

Renewal documentation Process

Renewal process for State of NH discussed.

Contact information for State of NH given

Question and Answer Period

Questions are always welcome at any time during the code seminar as well.

Passing out of certificates

Each attendee leaves with certificate(s) in hand.

15 HOUR ELECTRICAL CURRICULUM

CLASS	INSTRUCTOR	LICENSE CLASS	DATE
2023 NEC Code Changes plus NH Deficiencies, Laws & Rules	Paul J. Kennedy	Master/Journeyman	01/12/2023

OVERVIEW

This course will cover the most pertinent and commonly encountered additions and deletions to the 2023 National Electric Code (NEC), including the reasons for and significance of these changes.

Additionally- 2023 NH Commonly Found Electrical Deficiencies, NH Laws & Rules and Electrical Board Website as well as some 70E & UL requirements.

The instructor will ask questions to the electricians to evaluate comprehension and allow ample time during class for questions as well as staying after class for lengthier discussions.

PHASE	LESSON	OBJECTIVES	REFERENCES
1	Introduction/Expectations	What to expect from class and what your requirement are	Instructor/PowerPoint
2	NEC Code Changes Including NH Amendments & Deficiencies	Learn 2023 NEC Code changes, NH Amendments & Deficiencies.	PowerPoint/Handout
3	RSC 3019-C	Cover Important NH Electrical Statutes	PowerPoint/Handout
4	Elec 100-400	Cover Important NH Administrative Rules	PowerPoint/Handout

INSTRUCTIONAL EXPERIENCE:

Electrical Instructor – Shawsheen Technical High School – 1980 to June 2010

- Provide competence based electrical theory instruction in science, math, code and Blueprint reading, as well as shop and off-campus job site instruction.
- Responsible for assisting students in vocational, educational, and personal development. Duties include;
Develop effective strategies and collaborate with colleagues to improve instruction and assessment of student achievement, create electrical curriculum using dynamic assignments and evaluation of performance oriented learning, significantly reinforcing positive student behavior and mutual respect, continually developing trouble shooting skills using instrumentation and circuit knowledge, ensuring the shop and on-site work areas are safe at all times.

Adjunct Faculty – Northeastern University – 1985 to June 2010

- Provide instruction for the Design of Electrical Systems Course.

CODE ENFORCEMENT EXPERIENCE:

Electrical Inspector, Town of Bedford, MA – 1996 to present

- Duties include:
Reviewing plans and permit applications before issuing an electrical permit. Scheduling electrical inspections on computer program code package, performing residential, commercial, and industrial electrical inspections, providing approval or disapproval of electrical installations, and issue field correction stating specific code violations, communicating situations where hazards and or violations have not been corrected to the State Board of Electrical Examiners.

ACTIVE LICENSE and CERTIFICATES:

- Journeyman and Master Electrician, Massachusetts
- Master Electrician, New Hampshire
- Vocational Technical Teacher 9-14 Professional, MA
- Vocational Special Needs Students 9-14 Teacher, MA

EDUCATION:

Fitchburg State College, Fitchburg, MA – June, 1988

Joint Apprentice and Training Committee, Boston, MA – 1973
Certificate of Completion

Member in good standings with Local 103. I.B.E.W. – 1971 to present

ATTENDANCE/ MAKEUP POLICIES

The goal of Kennedy Seminars is to be a contractor friendly business. We are aware that life happens and sometimes circumstances beyond your control do occasionally happen. Please contact me as soon as possible if a situation occurs so we can discuss your options.

It is mandatory that all hours of the entire seminar are attended in order to receive credit.

Per the MA Electrical Examiners Board of Electricians policy: *"Any tardiness, absence or exit shall be documented and evaluated for determining credit for any class. Any time in excess of 10 minutes shall be reason to deny credit"*.

Attendance will be taken in the following ways by signing attendance sheet:

- 1.) At check in
- 2.) a random time during the day
- 3.) At the end of the day

IF YOU ARE NOT PRESENT FOR A SIGNATURE- CREDIT WILL BE DENIED

In extreme emergency situations, it may be possible to make up your missed hours in another class. This situation is only possible if there is another class available in the near future.

- You will not receive a certificate until you complete your hours
- Your hours will not be transmitted electronically to the MA Board until your hours are completed.
- If your schedule will not allow you to make up the time missed, you may be required to take a new class with another provider and forfeit all monies paid to Kennedy Seminars.

We are grateful for your business and hope to see you in the future.
Please do not hesitate to contact us with any thoughts and or concerns.

Thank you,

Kennedy Seminars
