

SANTA BARBARA COUNTY EMPLOYEES' RETIREMENT SYSTEM

INVESTMENT CONSULTANT OVERSIGHT POLICY

I. PURPOSE

This policy is intended to establish guidelines by which the Santa Barbara County Employees' Retirement System ("SBCERS") will periodically review the performance of its retained investment consultants. As used herein, the term "investment consultant" shall be construed broadly to include SBCERS' general investment consultant as well as specialty consultants retained to advise the board and/or exercise discretion to invest SBCERS' assets in such areas as private equity, private real estate and private real return.

II. POLICY OBJECTIVES

A. The objectives of this policy are to:

1. Ensure that investment consultant professionals render service in the best interests of the System, its members and beneficiaries, and in compliance with the SBCERS Investment Policy Statement.
2. Ensure that SBCERS receives complete and accurate information regarding investment consultants, including verification of compliance with contractual and regulatory requirements.

III. ASSUMPTIONS AND PRINCIPLES

- A. The general role of the investment consultant in the review process is to provide information, reports and access to its operations as SBCERS may request in order to facilitate the review process and to confirm compliance with the SBCERS Investment Policy Statement.
- B. The general role of the CEO and Investment Staff in the review process is to ensure that timely reports and other required information is received from each investment consultant, to summarize and provide to the Board sound research and analysis of the information provided by each investment consultant, and to conduct further due diligence activities as required by this policy or as the Board may further direct.
- C. In accordance with its fiduciary duty, the general role of the Board in the review process is to satisfy itself that the recommendations and accompanying analysis provided by the CEO and investment staff have been prepared with the requisite level of skill, diligence and care, and reflect the mission and goals of SBCERS, to participate in the review process as further specified in this policy and to make decisions regarding the adoption and implementation of any modifications to the consultant's relationship with SBCERS as deemed appropriate following the conclusion of the review process.
- D. Although the standards contained in the policy guidelines below apply both to SBCERS' general investment consultant and to specialty consultants, their focus in practice may be distinct. Evaluation and oversight regarding SBCERS' general consultant shall be primarily focused on its provision of advice and information to the Board, while evaluation and oversight of specialty consultants shall, in addition, encompass a review of the discretionary investment decisions made by those consultants on behalf of SBCERS.

IV. POLICY GUIDELINES

A. GENERAL PROVISIONS

1. When investment consultants are initially selected, they are subject to considerable scrutiny and due diligence in such areas as their investment/investment manager selection process, research capacity, personnel, legal compliance procedures, procedures to avoid conflicts of interest and other key functions.
2. A primary purpose of this policy is to continually update such due diligence in a manner that insures its continued relevance and accuracy.
3. It is recognized that certain due diligence functions should be performed at least annually, while a fuller review process is more appropriately conducted at less frequent intervals.
4. Annually, staff, in cooperation with each consultant, shall conduct a summary due diligence review described in Section B below, and shall report to the Board as to material matters disclosed by that review.
5. No less frequently than every five years, but at more frequent intervals as the Board may direct, the Board shall consider a full RFP process, the purpose of which is to review the consultant and compare them to their peers, as described in Section C below.

 - c. Confirmation of the investment consultant's good standing as a registered investment advisor or other regulated role;
 - d. Disclosure of any material financial relationship or relationships between the investment consultant or its staff and any investment manager, general partner or co-investor in an investment opportunity recommended or selected by the investment consultant;
 - e. Disclosure of any pending or threatened litigation or governmental regulatory proceedings involving the investment consultant;
