Regarding: BCA National Incident-Based Reporting System (NIBRS) certification

On 02/01/2021 The Princeton Police Department is pleased to announce that we received notification from the Bureau of Criminal Apprehension that we have successfully completed our crime reporting to the National Incident-Based Reporting System. If you remember, the Princeton Police Department Support Staff Karen Aguilera and Kathy Lewis have been attending numerous meetings, training and testing for over a year to complete and become certified in this system. The compliance review by the BCA and the FBI certifies that the Princeton Police Department is now a NIBRS participant/member in regards to mandatory coding and statistical data to assist in crime prevention and to deploy resources where they will have the most impact for public safety.

This new program (NIBRS) was launched with extreme efficiency within this Department. Karen Aguilera who worked countless hours to prepare, organize and train to deliver these state and federal updates.
