Article I. INTRODUCTION

The City of Princeton is a Plan A Statutory city. This is the common weak Mayor-Council form of government that provides for an appointed clerk (City Administrator), treasurer, and four Council members. The legislature has decided that all cities will use the Plan A form of organization unless they have voted to remain on the Standard Plan, which has an elected clerk and only three Council members.

Plan A organization permits cities to obtain trained and experienced persons who can perform the complex duties of the clerk and treasurer with special competence. "Since it appoints persons to these positions, the Council can exert a more effective control over the proper exercise of their functions than it can in the Standard Plan of government. Furthermore, to help ensure the selection of qualified people for these positions, state law permits the Council to appoint persons who are not residents of the city. In the selection of a clerk, for example, many cities have found it desirable to go outside the city and obtain the services of a person who is trained and experienced in municipal management." (LMC Handbook)

A Finance Officer/Treasurer is also required in a Plan A city. This position must receive and "safely keep" all city money, including liquor store funds. This means they must:

1. Record or register receipt of funds;
2. Deposit all money in the city official depository;
3. Designate an official depository;
4. Receive fees, fines, and other payments due to the City; and
5. Handle investments and sinking funds in accordance with Council instructions.

These and other duties are enumerated in State Statutes. By annual resolution, the Princeton City Council has charged the City Administrator with the task to complete and/or oversee the completion of these duties by others.

Section 1.01 Purpose

It is the purpose of these policies to establish a uniform and equitable system of personnel administration for employees of the City of Princeton. Their provisions do not establish terms and shall not be construed as contractual provisions. They are not intended to be all-inclusive or to cover every situation that may arise. These policies may be amended at any time at the sole discretion of the city and they will supersede all previous personnel policies. Revisions and amendments shall become effective upon approval by the City Council.

Except as otherwise prohibited by law, the City of Princeton has the right to terminate any employee at any time for any or no reason. Employees may similarly terminate employment at any time for any reason.

Only the City Council has the right to alter the "at will" agreement.

Section 1.02 Scope

These policies apply to all employees of the city. Except where specifically noted, these policies do not apply to:

1. Elected officials
2. City attorney
3. Members of city boards, commissions, and committees
4. Consultants and contractors
5. Volunteers, except as specifically noted for paid-per-call firefighters.

If any specific provisions of the personnel policies conflict with any current union agreement, or the union agreement will prevail. Union employees are encouraged to consult their collective bargaining agreement first for information about their employment conditions. Nothing in these policies is intended to modify or supersede any applicable provision of state or federal law.

These policies serve as an information guide to help employees become better informed and to make their experience with the City more rewarding. Departments may have special work rules or additional policies/procedures deemed necessary by the Department Head or their designee and approved by the City Administrator or City Council for the achievement of objectives of that department. Each employee will be given a copy of such work rules by the department upon hiring and such rules will be further explained, and enforcement discussed with the employee by the Department Head or their designee.

Failure of any employee to perform in a manner consistent with this policy will constitute grounds for reprimand, suspension, demotion, or dismissal from the City's employment.

Section 1.03 EEO Policy Statement

The City of Princeton is committed to providing equal opportunity in all areas of employment, including but not limited to recruitment, hiring, demotion, promotion, transfer, selection, lay-off, disciplinary action, termination, compensation and selection for training. The City of Princeton will not discriminate against any employee or job applicant on the basis of race (including traits associated with race, including, but not limited to, hair texture and hair styles such as braids, locs and twists), color, creed, religion, national origin, ancestry, sex, sexual orientation, gender identity, or gender expression, disability, age, marital status, genetic information, status with regard to public assistance, veteran status, familial status, or membership on a local human rights commission or lawful participation in the Minnesota Medical Cannabis Patient Registry.

Section 1.04 Data Practices Advisory

Employee records are maintained in a location designated by the City Administrator. Personnel data is retained in personnel files, finance files, and benefit/medical files. Information is used to administer employee salary and benefit programs, process payroll, complete state and federal reports, document employee performance, etc.

Employees have the right to know what data is retained, where it is kept, and how it is used. All employee data will be received, retained, and disseminated according to the Minnesota Government Data Practices Act.

An employee may request in writing to review their personnel file once every six (6) months while employed by the City and once per year upon separation.

Section 1.05 Media Requests

All city employees have a responsibility to help communicate accurate and timely information to the public in a professional manner. Requests for private data or information outside of the scope of an individual's job duties should be routed to the appropriate department or to the data practices authority.

Any employee who identifies a mistake in reporting should bring the error to the City Administrator or other appropriate staff. Regardless of whether the communication is in the employee's official city role or in a personal capacity, employees must comply with all laws related to trademark, copyright, software use, etc.

Except for routine events and basic information readily available to the public, all requests for interviews or information from the media are to be routed through the relevant Department Head who shall inform the City Administrator as circumstances warrant. No city employee is authorized to speak on behalf of the City without prior authorization from their Department Head, the City Administrator, or their designee. Media requests include anything intended to be published or viewable to others in some form such as television, radio, newspapers, newsletters, social media postings, and websites. When responding to media requests, employees should follow these steps:

1. If the request is for routine or public information (such as a meeting time or agenda), provide the information.
2. If the request is regarding information about city personnel, potential litigation, controversial issues, an opinion on a city matter, or if an employee is unsure if the request is a "routine" question, forward the request to the Department Head, who will consult with the City Administrator if circumstances warrant. An appropriate response would be, "I'm sorry, I don't have the full information regarding that issue. Let me take some basic information and submit your request to the appropriate person, who will get back to you as soon as they can." Then ask the media representative's name, questions, deadline, and contact information.

All news releases concerning city personnel will be the responsibility of the City Administrator.

When/if the City Administrator authorizes a staff person to communicate on behalf of the City in interviews, publications, news releases, on social media sites, and related communications, employees must:

- Identify themselves as representing the City. Account names on social media sites must be clearly connected to the City and approved by the City Administrator.
- Be respectful, professional, and truthful when providing information. In most cases, only factual information (not opinions or editorial comments) should be provided: "The city finished street cleaning on 16 streets in the northwest corner of the city this past week" instead of "The city is doing a great job with street cleaning this year!" Corrections must be issued when needed.
- Generally, do not include personal opinions in official city statements. One exception is communications related to promoting a city service. For example, an employee could post the following on the city's Facebook page: "My family visited Hill Park this weekend and really enjoyed the new band shelter." Employees who have been approved to use social media sites on behalf of the city should seek assistance from the City Administrator on this topic.

- Notify the Department Head if they will be using their personal technology (cell phones, home computer, cameras, etc.) for city business outside of exigent circumstances. Employees should be aware that data transmitted or stored may be subject to the Minnesota Government Data Practices Act.

Section 1.06 Personal Communications and Use of Social Media

It is important for city employees to remember that the personal communications of employees may reflect on the city, especially if employees are commenting on city business or commenting on issues that implicate their city employment. As city representatives, employees share in the responsibility of earning and preserving the public's trust in the city. An employee's own personal communications, such as on social media, can have a significant impact on the public's belief that all city staff will carry out city functions faithfully and impartially and without regard to factors such as race, sex/gender, religion, national origin, disability, sexual orientation, or other protected categories. Nonpersonal communications (performed within one's job duties) to members of the public must be professional at all times. The following guidelines apply to personal communications, including various forms such as social media (Facebook, Twitter, X, blogs, YouTube, etc.), letters to the editor of newspapers, and personal endorsements:

- Do not share any private or confidential information you have access to as a result of your city position.
- Any personal communications made on a matter of public concern must not disrupt the efficiency of the city's operation, including by negatively affecting morale. Put another way, such public comments must not undermine any city department's ability to effectively serve the public. Disruptive personal communications can include liking or republishing (sharing/retweeting) a social media post of another individual or entity. The City can act on the personal communication that violates this policy without waiting for the actual disruption.
- Remember what you write or post cannot easily be undone. It may also be spread to larger audience than you intended. Use common sense when using email or social media sites. It is a good idea to refrain from sending or posting information or photos you would not want your boss or other employees to read, or you would be embarrassed to see in the newspaper. Keep in mind harassment, bullying, threats of violence, discrimination, or retaliation concerning a co-worker or between co-workers that would not be permissible in the workplace is not permissible online, even if it is done after hours, from home and on home computers.
- The City of Princeton expects its employees to be fair, courteous, and respectful to supervisors, co-workers, citizens, customers, and other persons associated with the city. Avoid using statements, photographs, video or audio that reasonably may be viewed as malicious, obscene, threatening or intimidating, disparaging, or might constitute harassment or bullying. Examples of such conduct might include offensive posts meant to intentionally harm someone's reputation or posts that could contribute to a hostile work environment on the basis of sex, race, national origin, age, color, creed, religion, disability, marital status, familial status, veteran status, sexual orientation, gender identity, or gender expression, status with regard to public assistance or membership or activity in a local human rights commission.
- If you publish something related to city business and there is liable to be confusion whether you are speaking on behalf of the city, it would be best to identify yourself and use a disclaimer such as, "These are my own opinions and do not represent those of the City of Princeton."

- City resources, working time, or official city positions cannot be used for personal profit or business interests, or to participate in personal political activity. Some examples: a building inspector could not use the city's logo, email, or working time to promote their side business as a plumber; a parks employee should not access a park after hours even though they may have a key; a clerk, while working at City Hall, should not campaign for a friend who is running for City Council.
- Personal social media account name or email names should not be tied to the city (e.g., (city name) Cop).

Article II. CITYWIDE WORK RULES & CODE OF CONDUCT

Section 2.01 Conduct as a City Employee

In accepting city employment, employees become representatives of the city and are responsible for assisting and serving the citizens for whom they work. An employee's primary responsibility is to serve the residents of the City of Princeton. Employees should exhibit conduct that is ethical, professional, responsive, and of standards becoming of a city employee. To achieve this goal, employees must adhere to established policies, rules, and procedures and follow the instructions of their supervisors.

Honesty is an important organizational attribute to our city. Therefore, any intentional misrepresentation of facts or falsification of records, including personnel records, medical records, leaves of absence documentation or the like, will not be tolerated. Further, dishonesty in city positions may preclude workers from effectively performing their essential job duties. As just one example, a police officer with a credibility issue under a Brady/Giglio designation very likely will be excluded from providing testimony for court cases thereby creating an employment strain where an employee cannot effectively perform the essential functions of the job. Any violations will result in corrective action, up to and including termination.

The following are job requirements for every position at the City of Princeton. All employees are expected to:

- Perform assigned duties to the best of their ability at all times.
- Render prompt and courteous service to the public at all times.
- Read, understand, and comply with the rules and regulations as set forth in these personnel policies as well as those of their departments.
- Conduct themselves professionally toward both residents and staff and respond to inquiries and information requests with patience and every possible courtesy.
- Report any and all unsafe conditions to the immediate supervisor.
- Maintain good attendance while meeting the goals set by an employee's supervisor.
- Arrive on time to work your scheduled shift, and when an absence is required, communicate to the supervisor or Department Head that need.
- Avoid use of cell phones for personal calls during the work day, except during scheduled rest and lunch breaks.

Section 2.02 Attendance & Absence

The operations and standards of service in the City of Princeton require that employees be at work unless valid reasons warrant absence, or an employee has a position that has been approved to work remotely. In order for a team to function efficiently and effectively, employees

must fully understand the goals that have been set for them and the time required to be on the job. Understanding attendance requirements is an essential function of every city position.

Employees who are going to be absent from work are required to notify their supervisor as soon as possible in advance of the absence. In the event of an unexpected absence, employees should call their supervisor before the scheduled starting time and keep in mind the following procedures:

- If the supervisor is not available at the time, the employee should leave a message that includes a telephone number where he/she can be reached and/or contact any other individual who was designated by the supervisor.
- Failure to use the established reporting process will be grounds for disciplinary action.
- The employee must call the supervisor on each day of an absence extending beyond one (1) day unless arrangements otherwise have been made with the supervisor.
- Employees who are absent for three (3) days or more and who do not report the absence in accordance with this policy, will be considered to have voluntarily resigned not in good standing.
- The City may waive this rule if extenuating circumstances warranted such behavior.

This policy does not preclude the city from administering discipline for unexcused absences of less than three days. Individual departments may establish more specific reporting procedures.

For budgetary and confidentiality reasons, non-exempt employees (eligible for overtime pay) are not authorized to take work home or work through lunch without prior approval from their supervisor.

Section 2.03 Access to and Use of City Property

Any employee who has authorized possession of keys, tools, cell phones, pagers, or other city-owned equipment must register their name and the serial number (if applicable) or identifying information about the equipment with their supervisor. All such equipment must be turned in and accounted for on the last day of employment by any employee leaving employment with the city in order to resign in good standing.

Employees are responsible for the safekeeping and care of all such equipment. The duplication of keys owned by the city is prohibited unless authorized by the Department Head in consultation with the City Administrator. Any employee found having an unauthorized duplicate key will be subject to disciplinary action.

Section 2.04 Appearance

Departments have established dress codes and uniform requirements for employees as part of departmental rules. Uniform requirements are outlined below. Personal appearance should be appropriate to the nature of the work and contacts with other people and should present a positive image to the public. Clothing, jewelry, or other items that could present a safety hazard are not acceptable in the workplace. Dress needs vary by function. Employees may dress in accordance with their gender identity, within the constraints of the dress codes adopted by the city. City staff shall not enforce the city's dress code more strictly against transgender and gender diverse employees than other employees.

The following are examples of clothing and shoe choices that are never acceptable, but it is not an exhaustive list. When in doubt, consult with first the Department Head and then the City Administrator.

- Clothing and/or accessories that include offensive/inappropriate images or words, including images/words that are discriminatory or sexual
- Sweatpants, yoga pants and other exercise apparel
- Leggings unless combined with a top that reaches at least mid-thigh
- Beach wear
- Shorts, with the exception of Public Works, Wastewater Treatment and outdoor seasonal workers. Shorts must be knee length.
- Overalls
- Very short skirts
- Shirts with writing or large logos (unless city or affiliated business organization logo)
- Spaghetti-strap tops or dresses unless covered by a jacket or sweater
- Crop tops, tank tops, halter tops or any clothing showing midribs
- Sheer or revealing clothing
- Hats or caps, with the exception of Public Works, Wastewater Treatment, Police, Fire and outdoor seasonal workers
- Sports jerseys (unless part of a planned employee event)
- Flip-flops, house slippers, moccasins, Crocs shoes

Employees who need accommodation associated with a protected status such as religion or disability should speak with first the Department Head and then the City Administrator to obtain approval to deviate from this policy.

In all instances, clothing and appearance must be neat, clean, not ripped, heavily frayed or worn, and not expose an excessive amount of skin.

Uniform Requirements

For those departments whose employees are required to wear a designated uniform. The City will provide the employee with either a uniform allowance with which the employee may provide and maintain their own uniforms or utilization of a uniform service. The requirements for the respective departments are as follows:

Fire Department

Regular firefighters: navy blue shirt and pants, belt, tie, badge, lapel pins, mourning band and identification patches.

Chief and Assistant Chief: white shirt, black pants, tie, belt, badge, lapel pins, mourning band and identification patches.

Office Staff, City Hall

The dress code for city hall office staff is business casual, with the exception of Fridays where employees may wear jeans accompanied by a city logo'd top or the city nametag. In lieu of a uniform allowance, the City will budget annually for the purchase of logo'd clothing by city hall staff and provide a catalog of options to choose from.

Public Works/Wastewater Treatment Plant

Navy blue pants (non-denim), lined or unlined; navy blue jackets, light or heavy (with patch); light blue, long or short sleeved shirt with collar, cotton or flannel (with patch); ANSI Level II reflective shirt with collar (with patch) steel toed work boots or shoes.

Police Department

Midnight blue pants (no stripe); midnight blue shirt (summer and winter); midnight blue or black jackets (summer and winter; midnight blue or black hat and cap; tie; gloves; footwear; raincoat; vest; belt.

Splash Park

Logo'd shirts and/or tank tops provided by the City, shorts below thigh length and crocs.

Liquor Store

Employees of this department will be provided with polo-type shirts and sweatshirts that are to be worn at all times. Each employee will be provided with a reasonable number of these shirts and it is the employee's responsibility to maintain these shirts in a clean and untattered appearance. The City will replace the shirts as they become worn. The employee is required to wear black, dark blue, gray, or khaki-beige full-length pants that are intact with no noticeable rips, tears, or unsewn hems. Required footwear will be traditional shoes and socks for employee safety.

Section 2.05 Conflict of Interest

City employees are to remove themselves from situations in which they would have to take action or make a decision where that action or decision could be a perceived or actual conflict of interest or could result in a personal benefit for themselves or a family member. If an employee has any question about whether such a conflict exists, they should consult with the City Administrator.

Effective January 1, 2024, paid on-call firefighters who are members of the Princeton Fire and Rescue Department may not serve on neighboring departments, **but may serve on State or Federal firefighting services.**

Section 2.06 Falsification of Records

Any employee who makes false statements or commits, or attempts to commit, fraud in an effort to prevent the impartial application of these policies, will be subject to immediate disciplinary action up to and including termination and potential criminal prosecution.

Whistleblower Protections

An employee of the city who, in good faith, reports an activity that they consider to be illegal or dishonest to one or more of the parties may have whistleblower protections. The whistleblower is not responsible for investigating the activity or for determining fault or corrective measures; appropriate city management officials are charged with these responsibilities.

Examples of illegal or dishonest activities include violations of federal, state or local laws; billing for services not performed or for goods not delivered; and other fraudulent financial reporting.

If an employee has knowledge of or a concern of illegal or dishonest fraudulent activity, the employee is to contact their immediate supervisor or the City Administrator. The employee must exercise sound judgment to avoid baseless allegations. An employee who intentionally files a false report of wrongdoing may be subject to discipline up to and including termination.

It is the city's legal responsibility to protect employees who make a complaint of employment discrimination, who serve as a witness or participate in an investigation, or who are exercising their rights when requesting religious or disability accommodation from retaliation.

Whistleblower protections are provided in two important areas – confidentiality and against retaliation; insofar as consistent with Minnesota Data Practices, the confidentiality of the whistleblower will be maintained. However, their identity may have to be disclosed to conduct a thorough investigation, to comply with the law and to provide accused individuals their legal rights of defense. The city will not retaliate against a whistleblower. This includes but is not limited to, protection from retaliation in the form of an adverse employment action such as termination, compensation decreases, or poor work assignments and threats of physical harm. Any whistleblower who believes they are being retaliated against must contact the City Administrator immediately. The right of a whistleblower for protection against retaliation does not include immunity for any personal wrongdoing.

Section 2.07 Personal Telephone Calls

Personal telephone calls are to be made or received only when truly necessary (e.g., family or medical emergency). They are not to interfere with city work and are to be completed as quickly as possible. Please refer to the cell phone policy for information on use of cell phones.

Section 2.08 Political Activity

City employees have the right to express their views and to pursue legitimate involvement in the political system. However, no city employee will directly or indirectly, during hours of employment, solicit or receive funds for political purposes. Further, any political activity in the workplace must be pre-approved by the city to avoid any conflict of interest or perception of bias such as using authority or political influence to compel another employee to apply for or become a member in a political organization.

Section 2.09 Smoking/Tobacco Use

The City of Princeton observes and supports the Minnesota Clean Indoor Air Act. All city buildings and vehicles, in their entirety, shall be designated as tobacco free, meaning that smoking in any form (through the use of tobacco products such as pipes, cigars, and cigarettes) or “vaping” with e-cigarettes is prohibited while in a city facility or vehicle.

Smoking of any kind, including pipes, cigars, cigarettes, vaping with e-cigarettes, and the use of chewing tobacco, is prohibited for employees while on duty. Employees 21 and over are allowed to use the referenced products only during their breaks and lunch, and only in areas designated for that purpose. Use of the referenced products shall comply with the standards and expectations noted on Page 10, Bullet Point 4.

Article III. DEFINITIONS

For purposes of these policies, the following definitions will apply:

Section 3.19 Seasonal Employee

Section 3.20 Service Credit

Section 3.21 Temporary Employee

Section 3.22 Probationary Period

A twelve-month period at the start of employment with the city (or at the beginning of a promotion, reassignment, or transfer) that is designated as a period within which to learn the job, unless covered by a collective bargaining agreement stating a different time frame. The City reserves the right to extend the probationary period an additional six (6) months at its discretion.

An employee serving their initial or extended probationary period may be disciplined at the sole discretion of the City, up to and including dismissal. An employee so disciplined, including dismissal, will not have any grievance rights.

Nothing in this policy manual shall be construed to imply that after completion of the probationary period, an employee has any vested interest or property right to continued City employment.

Time served in temporary, seasonal, volunteer or interim positions are not considered part of the probationary period. If an emergency arises during an employee's probationary period which requires a leave of absence, such time off, if granted, will not be considered as time worked, and the probationary period will be extended by the length of time taken.

Section 3.23 Transfer

Movement of an employee from one city position to another of equivalent pay.

Section 3.24 Weapons

Weapons are defined to include all legal or illegal firearms, switchblade knives, or any other object that has been modified to serve as a weapon or that has the primary purpose of serving as a weapon.

Section 3.25 Workweek

A workweek is seven consecutive 24-hour periods. For most employees the workweek will run from Sunday through the following Saturday.

Article IV. EMPLOYEE RECRUITMENT & SELECTION

All applicants for a position with the City of Princeton are required to file an application on forms provided by the City.

Section 4.01 Scope

The City Administrator or a designee will manage the hiring process for positions within the city. While the hiring process may be coordinated by staff, the City Council is responsible for the final hiring decision and must approve all hires to city employment. All hires will be made according to merit and fitness related to the position being filled.

Section 4.02 Features of the Recruitment System

The City Administrator or designee will determine if a vacancy will be filled through an open recruitment or by promotion, transfer, or some other method. This determination will be made on a case-by-case basis. The majority of position vacancies will be filled through an open recruitment process.

Application for employment will generally be made online or by application forms provided by the city. Other materials in lieu of a formal application may be accepted in certain recruitment situations as determined by the City Administrator or designee. Supplemental questionnaires may be required in certain situations. All candidates must complete and submit the required application materials by the posted deadline, in order to be considered for the position. Any applicant giving false information or making false or misleading statements on the application shall not be considered for the position or will be subject to immediate dismissal with complete loss of benefits.

The deadline for application may be extended by the City Administrator. Unsolicited applications will not be kept on file.

Position vacancies may be filled on an “acting” basis as needed. The City Council will approve all acting appointments. Pay rate adjustments, if any, will be determined by the City Council.

Section 4.03 Testing and Examinations

Applicant qualifications will be evaluated in one or more of the following ways: training and experience rating; written test; oral test or interview; performance or demonstrative test; physical agility test; or another appropriate job-related exam. For example:

- Keyboarding exercises for data entry positions.
- Writing exercises for positions requiring writing as part of the job duties.
- “In-basket” exercise for an administrative support position (sets up real-life scenarios and items that would likely be given to the position for action and asks the candidate to list and prioritize the steps they would take to complete the tasks).
- Mock presentation to the City Council for a planning director position, for example.
- Scenarios of situations police officers are likely to encounter on the job that test the candidate’s decision-making skills (can be role played or multiple-choice questions).

Internal recruitments will be open to any city employee who: (1) has successfully completed the initial training period; (2) meets the minimum qualifications for the vacant position; and (3) currently is and for the past year has been in good standing with the city.

The City Council or designee will establish minimum qualifications for each position with input from the appropriate supervisor. To be eligible to participate in the selection process, a candidate must meet the minimum qualifications.

If you have any questions about whether your qualifications might meet the established minimums, contact the City Administrator or relevant Department Head to ask. In many cases the city will consider alternative experience if it is substantially equivalent to the qualification being required.

Section 4.04 Pre-Employment Medical Exams

The City Administrator or designee may determine that a pre-employment medical examination, which may include a psychological evaluation, is necessary to determine fitness to perform the

essential functions of any city position. Where a medical examination is required, an offer of employment is contingent upon successful completion of the medical exam.

When a pre-employment medical exam is required, it will be required of all candidates who are finalists and/or who are offered employment for a given job class. Information obtained from the medical exam will be treated as confidential medical records.

When required, the medical exam will be conducted by a licensed physician designated by the city with the cost of the exam paid by the city. (Psychological/psychiatric exams will be conducted by a licensed psychologist or psychiatrist). The physician will notify the City Administrator or designee that a candidate either is or isn't medically able to perform the essential functions of the job, with or without accommodations, and whether the candidate passed a drug test, if applicable. If the candidate requires accommodation to perform one or more of the essential functions of the job, the City Administrator or designee will confer with the physician and candidate regarding reasonable and acceptable accommodations. If a candidate is rejected for employment based on the results of the medical exam, he/she will be notified of this determination.

Section 4.05 Selection Process

The selection process will be a cooperative effort between the City Administrator or designee and the hiring supervisor, subject to final hiring approval of the City Council. Any, all, or none of the candidates may be interviewed.

The process for hiring seasonal and temporary employees may be delegated to the appropriate supervisor with each hire subject to final City Council approval. Except where prohibited by law, seasonal and temporary employees may be terminated by the supervisor at any time, subject to City Council approval.

The city has the right to make the final hiring decision based on qualifications, abilities, experience and the City of Princeton's needs.

Section 4.06 Background Checks

All finalists for employment with the city will be subject to a background check to confirm information submitted as part of application materials and to assist in determining the candidate's suitability for the position. Except where already defined by state law, the City Administrator will determine the level of background check to be conducted based on the position being filled.

Section 4.07 Training Period

The training period is an integral part of the selection process and will be used for the purpose of closely observing the employee's work and for training the employee in work expectations.

Training periods apply to new hires, transfers, promotions, and rehires. Training periods are twelve months in duration, but may be extended by, for example, an unpaid leave of absence.

Section 4.08 Promotions

Promotions will be on the basis of merit and efficiency as determined by such position-related factors as ability, skill, training, and experience. Upon proper application, it is the policy of the City to promote existing qualified employees where possible. Employees promoted to a higher classification position suffer no loss of pay in the promotion.

Article V. ORGANIZATION

Section 5.01 Job Descriptions

The city will maintain job descriptions for each regular position. New positions will be developed as needed but must be approved by the City Council prior to the position being filled.

A job description is prepared for each position within the city. Each job description will include: position title, department, supervisor's title, FLSA status (exempt or non-exempt), primary objective of the position, essential functions of the position, examples of performance criteria, minimum requirements, desirable training and experience, supervisory responsibilities (if any), and extent of supervisory direction or guidance provided to position. In addition, job descriptions may also describe the benefits offered and potential career path opportunities as a means to entice a qualified pool of applicants. Good attendance and compliance with work rules and policies are essential functions of all city positions.

Prior to posting a vacant position the existing job description is reviewed by the City Administrator or designee and the hiring supervisor to ensure the job description is an accurate reflection of the position and the stated job qualifications do not present artificial barriers to employment.

A current job description is provided to each new employee. Supervisors are responsible for revising job descriptions as necessary to ensure that the position's duties and responsibilities are accurately reflected. All revisions are reviewed by the City Administrator and must be approved by the City Council.

Upon hiring, any employee will be expected and may be required to cover additional workload burdens and/or designated additional duties and responsibilities for another employee position on a temporary basis due to personnel changes, leaves of absences, vacations, sickness, loss or death of an employee, resignations, retirements, emergency situations, or by Council designation for a period of no more than ninety (90) days. If a designation of additional duties and responsibilities extends beyond ninety (90) days, additional compensation may be approved by the City Council until such time as additional duties and responsibilities cease and/or are undesignated. The amount of the additional compensation would be determined by the City Council based on the level of additional duties and responsibilities, but in no case shall be less than an additional one dollar (\$1.00) per hour.

Section 5.02 Assigning and Scheduling Work

Assignment of work duties and scheduling work is the responsibility of the supervisor.

Section 5.03 Job Descriptions and Classifications

Assignment of job titles, establishment of minimum qualifications, and the maintenance of job descriptions and related records is the responsibility of the City Administrator. It shall be the responsibility of individual employees to maintain licensures and certifications required to perform their job, including all record keeping.

Section 5.04 Layoff

After at least two (2) weeks' notice to the employee, the City Council may lay off any employee whenever such action is necessary by reason of a shortage of work or funds, the abolition of a position, or because of change in organization. In the event it becomes necessary to reduce personnel, temporary employees and those serving a probationary period in affected job classes will be terminated from employment with the city before other employees in those job classes. Within these groups, the selection of employees to be retained will be based on merit and ability as determined by the Department Head, subject to approval of the City Council. When all other considerations are equal, the principle of seniority will apply in layoffs and recall from layoffs.

Article VI. HOURS OF WORK

Section 6.01 Work Hours

Work schedules or regular hours of employment for personnel will be established by the appropriate department head with the approval of the City Council. Department Heads shall be responsible for maintaining staffing levels sufficient to fill the hours of operation and provide required rest and lunch breaks. The regular work week for part-time employees will be established by the department head in accordance with the needs of the department. Supervisory personnel shall work such additional hours necessary to satisfactorily fulfill the duties of their position.

Section 6.02 Meal Breaks and Rest Periods

A paid fifteen-minute break is allowed within each four consecutive hours of work. An unpaid thirty-minute lunch period is provided when an employee works eight or more consecutive hours. Employees are expected to use these breaks as intended and will not be permitted to adjust work start time, end time, or lunch time by saving these breaks.

Departments with unique job or coverage requirements may have additional rules, issued by the supervisor on the use of meal breaks and rest periods.

The specific time and length of the lunch rest period shall be determined by the department head and in accordance with the work of that respective department. Any rest period, lunch or otherwise, may be terminated temporarily or rescheduled at the discretion of the supervisor if they deem it necessary in an emergency situation.

Section 6.04 Adverse Weather Conditions

City facilities will generally be open during adverse weather. Due to individual circumstances, each employee will have to evaluate the weather and road conditions in deciding to report to work (or leave early). Employees not reporting to work for reasons of personal safety will not normally have their pay reduced as a result of this absence. Employees will be allowed to use accrued paid time off, vacation time or compensatory time, or with supervisor approval, may modify the work schedule or make other reasonable schedule adjustments.

Sworn police officers and public works maintenance employees will generally be required to report to work regardless of conditions.

Decisions to cancel departmental programs will be made by the respective supervisor or the City Administrator.

Article VII. COMPENSATION

Full-time employees of the city will be compensated according to schedules adopted by the City Council. Unless approved by the Council, employees will not receive any amount from the city in addition to the pay authorized for the positions to which they have been appointed. Expense reimbursement or travel expenses may be authorized in addition to regular pay.

Compensation for seasonal and temporary employees will be set by the City Council at the time of hire, or on an annual basis.

Under the Minnesota Wage Disclosure Protection Law, employees have the right to tell any person the amount of their own wages. While the Minnesota Government Data Practices Act

(Minn. Stat. §13.43), specifically lists an employee's actual gross salary and salary range as public personnel data, Minnesota law also requires wage disclosure protection rights and remedies to be included in employer personnel handbooks. To that end, and in accordance with Minn. Stat. §181.172, employers may not:

- Require nondisclosure by an employee of his or her wages as a condition of employment.
- Require an employee to sign a waiver or other document which purports to deny an employee the right to disclose the employee's wages.
- Take any adverse employment action against an employee for disclosing the employee's own wages or discussing another employee's wages which have been disclosed voluntarily.
- Retaliate against an employee for asserting rights or remedies under Minn. Stat. §181.172, subd. 3.

The city cannot retaliate against an employee for disclosing his/her own wages. An employee's remedies under the Wage Disclosure Protection Law are to bring a civil action against the city and/or file a complaint with the Minnesota Department of Labor and Industry at (651) 284-5070 or (800) 342-5354.

Each year the City Council shall include in the annual City budget a wage and benefit plan for the coming year. Upon approval by the City Council, the wage and benefit plan will be effective for the fiscal year to which the budget applies. The compensation worksheet shall include a wage range for each position in the job classification plan. All amendments are subject to Council approval. The City Administrator shall determine, with the approval of the City Council, the specific rate within that range. Rates of pay shall be determined on the basis of occupational classification to assure comparable rates for comparable work.

Article VIII. DIRECT DEPOSIT

Section 8.01 Payroll

Compensation payments are every other Thursday. Check stubs are available to employees via email through MiPayOnline. In the event a regularly scheduled payday falls on a holiday, payment shall normally be made the day preceding the holiday. A schedule of pay periods shall be provided by the Finance Department to all employees. Extraordinary circumstances may prevent the schedule cited above from being met; however, all efforts will be made to conform to it as closely as possible.

Section 8.02 Direct Deposit

As provided for in Minnesota law, all employees are required to participate in direct deposit. Employees are responsible for notifying the City Administrator of any change in status, including changes in address, phone number, names of beneficiaries, marital status, etc.

Section 8.03 Payroll Deduction, Improper Deduction and Overpayment Policy

A written agreement may be entered into between the City and an employee wherein the employee authorizes the City to make payroll deductions for the purposes of savings plans, premiums on additional insurance, payment of union dues, or retirement programs. No payroll deductions for the above stated purposes shall be made until such time as certified approval is secured from the employee. These deductions shall be automatic unless the City and employee agree to an alternative method of payment.

If an employee believes that an improper deduction or overpayment, or another type of error, has been made, he/she should immediately contact his/her supervisor. If the city determines it has made an improper deduction from a paycheck, it will reimburse the employee for the improper amount deducted and take good faith measures to prevent improper deductions from being made in the future.

In cases of improper overpayments, employees are required to promptly repay the City in the amount of the overpayment. The employee can write a personal check or authorize a reduction in pay to cover the repayment. The city will not reduce an employee's pay without written authorization by the employee. Once the overpayment has been recovered in full, the employee's year to date earnings and taxes will be adjusted (so that the year's Form W-2 is correct) and the paying department will receive the corresponding credit. When an overpayment occurs, the repayment must be made within the same tax year.

In the exceptional situation where the overpayment occurs in one tax year and is not discovered until the next year, the overpayment must be repaid in the year it is discovered, but there will be additional steps and paperwork required. Any overpayments not repaid in full within the calendar year of the overpayment are considered "prior year overpayments" and the employee must repay not only for the net amount of the overpayment, but also the federal and state taxes the city has paid on their behalf. The city is able to recover the overpaid Social Security and Medicare taxes. Accordingly, the city will not require the employee to repay those taxes provided the employee provides a written statement that he/she will not request a refund of the taxes. The overpayment amount will remain taxable in the year of the overpayment since the employee had access to the funds. The employee is not entitled to file an amended tax return for the year but may be entitled to a deduction or credit with respect to the repayment in the year of repayment. Employees should contact their tax advisors for additional information.

Section 8.04 Time Reporting

Full-time, non-exempt employees are expected to work the number of hours per week as established for their position. In most cases, this will be 40 hours per workweek. They will be paid according to the time reported on their time sheets. To comply with the provisions of the federal and state Fair Labor Standards Acts, hours worked, and any leave time used by non-exempt employees are to be recorded daily and submitted to payroll on a bi-weekly basis. Each time reporting form must include the signature of the employee and immediate supervisor. Online time entry through MiPayOnline submitted by Department Heads on behalf of non-exempt employees will be supported by time logs that include the employee's signature. Reporting false information on a time sheet may be cause for immediate termination.

Section 8.05 Overtime / Compensatory Time

All employees, in all departments, are required to work overtime as requested by their supervisors as a condition of continued employment. Refusal to work overtime may result in disciplinary action. Supervisors will make reasonable efforts to balance the personal needs of their employees when assigning overtime work.

The City of Princeton has established this overtime policy to comply with applicable state and federal laws governing accrual and use of overtime. The City Council, when approving a job description, will determine whether each employee is designated as "exempt" or "non-exempt" from earning overtime. In general, employees in Department Head, supervisory, administrative, and professional job classes are exempt; all others are non-exempt.

Section 8.06 Non-Exempt (Overtime-Eligible) Employees

All overtime-eligible employees will be compensated at the rate of time-and-one-half for all hours worked over 40 in one workweek, except Police Officers whose time is determined at 80 hours over two (2) workweeks. Vacation, sick leave, and paid holidays do not count toward "hours worked."¹ Compensation will take the form of either time-and-one-half pay or compensatory time. Compensatory time is paid time off at the rate of one-and-one-half hours off for each hour of overtime worked.

¹ Consistent with the federal Fair Labor Standards Act and Minnesota Department of Labor and Industry.

For most employees the workweek begins at midnight on Sunday and runs until the following Saturday night at 11:59 pm. Supervisors may establish a different workweek based on the needs of the department, subject to the approval of the City Administrator.

The employee's supervisor must approve overtime hours in advance. An employee who works overtime without prior approval may be subject to disciplinary action.

Overtime earned will be paid at the rate of time-and-one-half on the next regularly scheduled payroll date. However, the employee may indicate on his/her timesheet that the overtime earned is to be recorded as compensatory time in lieu of payment. In this case, all compensatory time earned during a year will be paid to the hourly employee by the end of the year at the hour pay rate the employee is earning at that time.

The maximum compensatory time accumulation for any employee is 40 hours per year, unless otherwise negotiated by a bargaining unit. Once an employee has earned 40 or the negotiated amount of compensatory time in a calendar year, no further compensatory time may accrue in that calendar year. All further overtime will be paid. Employees may request and use compensatory time off in the same manner as other leave requests.

All compensatory time will be marked as such on official time sheets, both when it is earned and when it is used. Compensatory time may only be used with the prior approval of employee's department head. Compensatory time may not be used in peak workload periods where such leave would cause serious work interruptions.

Police Department employees, who by the nature of their work are required to regularly be employed on Saturdays and Sundays, are eligible for overtime compensation for authorized employment exceeding the regular hours of employment of the employee's department.

The City recognizes that some emergency situations will necessitate a full-time, non-exempt employee being called back to work to perform extra duty. A callback exists when:

- 1) a supervisor requests an employee to return to work;
- 2) after the employee has completed the regular 8-hour workday or on a non-working day;
- 3) the employee has physically left the premises of employment.

An employee performing such duties will be entitled to a minimum of two hours of overtime compensation. Whenever possible, supervisors shall attempt to ensure that the nature and duration of the work justifies a callback. Employees not covered by the Federal Fair Labor Standards Act are not eligible for either overtime nor compensatory time for the callback.

Section 8.07 Exempt (Non-Overtime-Eligible) Employees

Exempt employees are expected to work the hours necessary to meet the performance expectations outlined by their supervisors.

Generally, to meet these expectations, and for reasons of public accountability, an exempt employee will need to work 40 or more hours per week. Exempt employees do not receive extra pay for the hours worked over 40 in one workweek.

Exempt employees are paid on a salary basis. This means they receive a predetermined amount of pay each pay period and are not paid by the hour. Their pay does not vary based on the quality or quantity of work performed, and they receive their full weekly salary for any week in which any work is performed.

The City of Princeton will only make deductions from the weekly salary of an exempt employee in the following situations:

- The employee is absent for a full workweek and, for whatever reason, the absence is not charged to paid leave (for example, a situation where the employee has exhausted all of his/her paid leave or a situation where the employee does not earn paid leave).
- The very first workweek or the very last workweek of employment with the city in which the employee does not work a full week. In this case, the city will prorate the employee's salary based on the time actually worked.
- The employee is suspended without pay for a full day or more for disciplinary reasons for violations of any written policy that is applied to all employees.
- The employee takes unpaid leave under the FMLA.
- The City of Princeton may, for budgetary reasons, implement a voluntary or involuntary unpaid leave program and, under this program, make deductions from the weekly salary of an exempt employee. In this case, the employee will be treated as non-exempt for any workweek in which the budget-related deductions are made.

The City of Princeton will not make deductions from pay due to exempt employees being absent for jury duty or attendance as a witness but will require the employee to pay back to the city any amounts received by the employee as jury fees or witness fees.

If the city inadvertently makes an improper deduction to the weekly salary of an exempt employee, the city will reimburse the employee and make appropriate changes to comply in the future. If an employee thinks that a wage deduction was made in error, please contact the City Administrator promptly.

Section 8.08 Leave Policy for Exempt Employees

Exempt employees are required to work the number of hours necessary to fulfill their responsibilities including evening meetings and/or on-call hours.

If an exempt employee is regularly absent from work under this policy and it is found there is excessive time away from work that is not justified, the situation will be handled as a performance issue.

If it appears that less than forty hours per week is needed to fulfill the position's responsibilities, the position will be reviewed to determine whether a part-time position will meet the needs of the

city. Additional notification and approval requirements may be adopted by the City Administrator for specific situations as determined necessary.

Section 8.08 Full-Time Employees' Use of Compensatory Time for Firefighting

Members of the Princeton Fire and Rescue Department who are also full or part-time employees of the city may respond to fire calls when paged during their regular work schedule. When a full-time city employee (who is also a Princeton City Firefighter) responds to a fire call page, they must note on their bi-weekly time sheet the time they were away from the worksite and then use compensatory time for that time period. If they do not have sufficient compensatory time available, they may also use vacation time or opt not to be paid for those hours.

Article IX. PERFORMANCE EVALUATIONS

This section will be amended at a future date with language reflective of current practices and Department Head intent as to the management of employees relating to coaching and behavior modification/correction.

Article X. BENEFITS

Section 10.01 Health, Dental, Life Insurance

This section is not expected to give a detailed explanation of all employee insurance benefits, but rather to provide general information. Complete details of various employee benefits are available in the actual policy or informational booklet supplied by the insurance company providing the coverage. Life and health insurance is provided to only regular full-time employees and/or employees as outlined below. These insurance policies or informational booklets outline coverage and costs for the employee and his/her dependents. These coverages are selected through a group policy selected by the City Council and in accordance with the eligibility provisions contained in the group benefit contract.

Employees terminating from the City of Princeton have the option of receiving continued health insurance coverage (COBRA). Information regarding COBRA can be obtained from Human Resources.

The City makes a competitive monthly contribution toward group health, dental, and life insurance benefits. Employees are encouraged to look closely at this contribution as part of their overall compensation package with the city.

In accordance with federal health care reform laws and regulations, while avoiding penalties, the city will offer health insurance benefits to eligible employees and their dependents that work on average or are expected to work 30 or more hours per week or the equivalent of 130 hours or more per month. The amount to be contributed and the type of coverage will be determined annually by the City Council.

For information about coverage and eligibility requirements, employees should refer to the summary plan description or contact the Senior Accountant/Human Resources Specialist.

Benefits for part-time personnel are pro-rated based on the benefit level that they would receive if they were full-time. Since all benefits are calculated and accrued based on a pay period rate, a part-time individual will accrue 75% of the full-time rate in any pay period that they are eligible for forty (40) hours of pay. This is based on the twenty (20) hour or more per week philosophy but

will be calculated and administered on a pay period basis. This benefit is available only for the long-term part-time worker and excludes the seasonal or temporary part-time workers.

Eligible benefits for this category are only made available when the employee has a work schedule that is regular and consistent for nine (9) consecutive months and that schedule is expected to continue.

Section 10.02 Retirement/PERA

The city participates in the Public Employees Retirement Association (PERA) to provide pension benefits for its eligible employees to help plan for a successful and secure retirement. Participation in PERA is mandatory for most employees, and contributions into PERA begin immediately. The city and the employee contribute to PERA each pay period as determined by state law. Most employees are also required to contribute a portion of each paycheck for Social Security and Medicare (the city matches the employee's Social Security and Medicare withholding for many employees). For information about PERA eligibility and contribution requirements, contact Human Resources.

Section 10.03 Tuition Reimbursement

To be considered for tuition reimbursement, the employee must be in good standing and have been employed by the city for at least one year. All requests for tuition reimbursement will be considered on a case-by-case basis by the City Administrator, with final approval/disapproval provided by the City Council.

Courses taken for credit at an approved educational institution must meet the following criteria to be approved for reimbursement:

- Courses must be directly related to the employee's present position (whether required for a degree program or not) OR
- Courses must be directly related to a reasonable promotional opportunity in the same field of work as present position (whether part of a degree program or not).

The city will pay the cost of tuition upon successful completion (C grade or better; "pass" in a pass/fail course) of the approved course. The maximum reimbursement per course will be based on an average course cost at the University of Minnesota. Employees may elect to attend a more costly school provided they pay the difference in cost. Employees must reimburse the city if they voluntarily leave employment within twelve months of receiving tuition reimbursement from the city. Otherwise, this will be deducted from the last payment of compensation from the City

Tuition reimbursement for an individual employee will not exceed \$1,500 per course, per year with a maximum of two courses per year per employee.

Section 10.04 Employee Wellness and Recognition

In order to maintain employee wellness and morale, the City Council may establish and operate a program of preventive health and employee recognition services for city employees and may provide necessary staff, equipment, and facilities and further, may expend funds as necessary to achieve the objectives of the program(s).

Article XI. HOLIDAYS

The City observes the following official holidays for all full-time and part-time employees, except where negotiated by a bargaining unit:

New Year's Day	Labor Day	Juneteenth
Martin Luther King, Jr. Day	Veterans Day	Indigenous People's Day
Presidents Day	Thanksgiving Day	
Memorial Day	Friday after Thanksgiving	
Independence Day	Christmas Day	

Official holidays commence at 12:01 am of the day on which the holiday is observed and concludes at 11:59 pm of the same day. Paid holidays do not count toward "hours worked." Holidays shall be considered an eight (8) hour block.

When a holiday falls on a Sunday, the following Monday will be the "observed" holiday and when a holiday falls on a Saturday, the preceding Friday will be the "observed" holiday for city operations/facilities that are closed on holidays.

Full-time employees will receive pay for official holidays at their normal straight time rates, provided they are on paid status on the last scheduled day prior to the holiday and first scheduled day immediately after the holiday. Part-time employees will receive prorated holiday pay based on the number of hours normally scheduled. Any employee on a leave of absence without pay from the city is not eligible for holiday pay.

Premium pay of 1.5 times the regular hourly wage for employees required to work on a holiday will be for hours worked on the "actual" holiday as opposed to the "observed" holiday.

In the case of liquor store personnel, the holidays consist of the following:

1. New Year's Day
2. Memorial Day
3. Easter Sunday
4. Labor Day
5. Thanksgiving Day
6. Christmas Day
7. Six (6) floating holidays*

*Floating holidays cannot be carried over from one year to the next. The floating holidays are considered earned and eligible for use at the rate of one day at the end of every other month beginning with January 31.

Article XII. LEAVES OF ABSENCE

Depending upon an employee's situation, more than one form of leave may apply during the same period of time (e.g., the Family and Medical Leave Act is likely to apply during a workers' compensation absence). An employee will need to meet the requirements of each form of leave separately. Leave requests will be evaluated on a case-by-case basis.

Except as otherwise stated, all paid time off, taken under any of the city's leave programs, must be taken consecutively, with no intervening unpaid leave. The city will provide employees with time away from work as required by state or federal statutes, if there are requirements for such time off that are not described in the personnel policies.

Section 12.01 Sick Leave/Earned Sick and Safe Leave

Sick leave is authorized absence from work with pay, granted to qualified non-exempt full-time and part-time employees. Sick leave is a privilege, not a right.

Employees are to use this paid leave only when they are unable to work for medical reasons and under the conditions explained below. Sick leave does not accrue during an unpaid leave of absence.

- Full-time employees will accumulate sick leave at a rate of one day per month, for a total of 96 hours per year. Of those hours, 48 shall be designated on an employee's time card as Earned Sick and Safe Leave.
- Part-time employees regularly scheduled to work at least 20 hours per week will accrue sick leave on a pro-rated basis of the full-time employee schedule. Sick leave is only available when employee has a work schedule that is regular and consistent for nine (9) consecutive months and that schedule is expected to continue.
- Part-time employees regularly scheduled to work fewer than 20 hours per week will not earn or accrue sick leave.
- Temporary and seasonal employees will not earn or accrue sick leave.
- Sick leave may be used only for days when the employee would otherwise have been at work. It cannot be used for scheduled days off.

Sick leave may be used as follows:

- When an employee is unable to perform work duties due to illness or disability (including pregnancy).
- For medical, dental or other care provider appointments.
- When an employee has been exposed to a contagious disease of such a nature that his/her presence at the workplace could endanger the health of others.
- To care for the employee's injured or ill children, including stepchildren or foster children, for such reasonable periods as the employee's attendance with the child may be necessary.
- To take children, or other family members to a medical, dental or other care provider appointment.
- To care for an ill spouse, father, father-in-law, mother, mother-in-law, stepparent, grandparent, grandchild, sister or brother.

Pursuant to Minn. Stat. §181.9413, eligible employees may use up to 160 hours of sick leave in any 12-month period for absences due to an illness of or injury to the employee's adult child, spouse, sibling, parent, grandparent, stepparent, parent-in-law (mother-in-law and father-in-law), and grandchild (includes step-grandchild, biological, adopted, or foster grandchild). The 12-month period will be calculated as for FMLA events.

- Safety leave. Employees are authorized to use sick leave for reasonable absences for themselves or relatives (employee's adult child, spouse, sibling, parent, mother-in-law, father-in-law, grandchild, grandparent, or stepparent) who are providing or receiving assistance because they, or a relative, is a victim of sexual assault, domestic abuse, or stalking. Safety leave for those listed, other than the employee and the employee's child, is limited to 160 hours in any 12-month period.

Earned Sick and Safe Leave may be used as follows:

- the employee's mental or physical illness, treatment or preventive care;

- a family member's mental or physical illness, treatment or preventive care;
- absence due to domestic abuse, sexual assault or stalking of the employee or a family member;
- closure of the employee's workplace due to weather or public emergency or closure of a family member's school or care facility due to weather or public emergency; and
- when determined by a health authority or health care professional that the employee or a family member is at risk of infecting others with a communicable disease.

The following family members are included for care:

- their child, including foster child, adult child, legal ward, child for whom the employee is legal guardian or child to whom the employee stands or stood in loco parentis (in place of a parent);
- their spouse or registered domestic partner;
- their sibling, stepsibling or foster sibling;
- their biological, adoptive or foster parent, stepparent or a person who stood in loco parentis (in place of a parent) when the employee was a minor child;
- their grandchild, foster grandchild or step-grandchild;
- their grandparent or step-grandparent;
- a child of a sibling of the employee;
- a sibling of the parents of the employee;
- a child-in-law or sibling-in-law;
- any of the family members listed in 1 through 9 above of an employee's spouse or registered domestic partner;
- any other individual related by blood or whose close association with the employee is the equivalent of a family relationship; and
- up to one individual annually designated by the employee.

The employee must designate that they are using Earned Sick and Safe Leave (as opposed to standard Sick Leave) on their time card.

After accrued sick leave has been exhausted, vacation leave may be used upon approval of the City Administrator, to the extent the employee is entitled to such leave.

To be eligible for sick leave pay, the employee will:

- Communicate with his/her immediate supervisor, as soon as possible after the scheduled start of the workday, for each and every day absent;
- Keep his/her immediate supervisor informed of the status of the illness/injury or the condition of the ill family member;
- Submit a physician's statement upon request.

After an absence, a physician's statement may be required on the employee's first day back to work, indicating the nature of the illness or medical condition and attesting to the employee's ability to return to work and safely perform the essential functions of the job with or without reasonable accommodation.

Any work restrictions must be stated clearly on the return-to-work form. Employees who have been asked to provide such a statement may not be allowed to return to work until they comply with this provision. Sick leave may be denied for any employee required to provide a doctor's statement until such a statement is provided.

The city has the right to obtain a second medical opinion to determine the validity of an employee's workers' compensation or sick leave claim, or to obtain information related to restrictions or an employee's ability to work. The city will arrange and pay for an appropriate medical evaluation when it is required by the city.

Any employee who makes a false claim for sick leave will be subject to discipline up to and including termination.

Employees must normally use sick leave prior to using paid vacation, or compensatory time and prior to an unpaid leave of absence during a medical leave.

Sick leave will normally not be approved after an employee gives notice that he or she will be terminating employment. Exceptions must be approved by the City Administrator.

Sick leave cannot be transferred from one employee to another.

Unused sick leave may be accumulated. Unused Earned Sick and Safe Leave may accrue to the following year, but the accrual is capped at 80 hours by statute.

An employee receiving sick leave with pay who simultaneously receives workman's compensation insurance benefits shall receive, for the duration of said benefits, only that portion of their sick leave payment which will together with workman's compensation benefits equal their regular pay.

Two of the twelve days of sick leave accrued per year may be designated a personal leave day and can be used as time off for personal reasons in an eight (8) hour block and may not be carried over from year to year.

Upon the illness of a supervisor, they will notify the City Administrator and/or Council liaison the first day of illness. If the illness or disability continues to five (5) days, a certificate from a doctor may be required. If the illness or disability continues for eight (8) days or more, a certificate shall be required. The supervisor will continue with full pay during these periods. The City will guarantee full compensation for a period of 27 weeks. At that time compensation will cease.

Section 12.02 Vacation Leave

The city believes that vacation is important to the health and well-being of our employees and as such, provides paid vacation for eligible employees for rest and recuperation.

Eligibility

~~Full-time employees will earn vacation leave in accordance with the above schedule.~~

Part-time employees who work at least 20 hours per week on a regular basis will accrue vacation leave on a prorated basis of the full-time employee schedule. Vacation is only available when the employee has a work schedule that is regular and consistent for nine (9) consecutive months and that schedule is expected to continue.

Part-time employees who work less than 20 hours per week on a regular basis, temporary and seasonal employees will not earn or accrue vacation leave.

Accrual Rate

For the purpose of determining an employee's vacation accrual rate, years of service will include all continuous time that the employee has worked at the city (including authorized unpaid leave). Employees who are rehired after terminating city employment will not receive credit for their prior service unless specifically negotiated at the time of hire.

Earnings and Use

Vacation leave may be used as it is earned, subject to approval by the employee's supervisor. Unless approved by the City Manager/City Administrator, vacation leave will not be earned during an unpaid leave of absence. Vacation schedules should be planned at least two (2) weeks in advance with the department head for scheduling. Scheduling will be done on a seniority basis within each department and as a general rule no more than two (2) employees from any one department may be on vacation or request comp time at any one time, unless authorized by the Department Head.

~~In the case of supervisory employees and the City's police officers, where scheduled work may take place on a holiday or at other times that normally may not be scheduled, a policy of annual leave has been established in lieu of what would be considered vacation, and/or sick leave days. All employees should utilize a minimum of one 40-hour block of time off in each year of employment. Annual leave schedules should be planned at least two (2) weeks in advance with the department head, City Administrator, and/or Council liaison for scheduling.~~

An employee will not earn any vacation leave for any pay period unless he/she is employed by the city on the last scheduled workday of the pay period. Further, vacation leave will stop accruing as of the effective date of termination. Requests for vacation must be received at least forty-eight (48) hours in advance of the requested time off. This notice may be waived at the discretion of the supervisor. Vacation can be requested in increments as small as one hour up to the total amount of the accrued leave balance.

Employees will be allowed the voluntary option to donate accrued vacation hours to co-employees who have exhausted all compensatory benefits and are in need of additional medical leave. Such donations are voluntary. When such a need arises, the employee in need of additional medical leave shall contact the City Administrator to request a posting of such need.

(amended by AFSCME agreement 01-01-07)

Employees may donate vacation hours in one (1) hour increments and may not exceed sixteen (16) hours per calendar year. Employees who choose to make a donation will complete and submit an “Accrued Vacation Donation Authorization Form” to the City Administrator for processing. Any donated hours not used by the requesting party shall be credited back to the donor (2) who donated them.

(amended by AFSCME agreement 01-01-07)

Vacation Separation Payout

Full-time employees will be paid accrued, unused vacation, earned through the last date of active employment, subject to applicable caps as noted above, (and applicable taxes withheld) following termination of employment. The rate of pay will be the employee’s base rate of pay at the employee’s termination date. Employees have the option of directing those dollars into a 457 deferred compensation plan (subject to IRS maximum deferral regulations and Minnesota law). In the event of the employee’s death, earned, unused vacation time will be paid to the employee’s surviving spouse directly, (if there is not a personal representative of the estate appointed) up to statutory limits.

Upon separation of employment in good standing and/or as otherwise provided in this manual, severance pay shall consist of any compensation that may be due an eligible employee that had accumulated such pay under sick leave, overtime, compensatory, vacation, or annual leave time. In the case of supervisory employees, an additional amount of severance pay will be made available calculated at one (1) week of pay at the last regular rate of pay at time of separation for each year of completed service upon three consecutive years of service as a supervisory employee.

Section 12.03 Paid Time Off (PTO)

Effective January 1, 2024 Supervisors, Department Heads, the City Administrator and non-union staff shall convert to Paid Time Off. New employees hired after January 1, 2024 shall earn PTO with a maximum bank of 520 hours. In order to encourage employee conversion to PTO, existing accrued sick leave hours shall be paid out at the rate specified elsewhere in this manual or in bargained contracts. The remaining sick hours will be combined with the employee’s accrued vacation hours to establish the initial PTO bank.

Maximum PTO banks would be negotiated for employees in bargaining units. For non-union and non-supervisory employees, maximum PTO banks would be set at 720 hours.

Maximum PTO banks would be set at 1040 hours for Supervisors, Department Heads, and the City Administrator.

Any employee may cash out up to 300 hours of PTO annually provided that the employee has used at least 128 hours of PTO in the previous 12 months, and they have reached their maximum. The employee may receive the cash out in cash, place it in deferred compensation, or in a qualifying HSA account. At separation, employees shall be paid their full PTO bank.

PTO will be accrued as a combination of 96 hours annually for “sick” leave and per the vacation accrual:

Minnesota Statutes 181.948 Subd.1 €

Section 12.05A Military Leave

State and federal laws provide protections and benefits to city employees who are called to military service, whether in the reserves or on active duty. Such employees are entitled to a leave of absence without loss of pay, seniority status, efficiency rating, or benefits for the time the employee is engaged in training or active service not exceeding a total of 15 workdays in any calendar year. City compensation is in addition to the military's pay for these 15 days, as per MN Attorney General's Opinion.

The leave of absence is only in the event the employee returns to employment with the city as required upon being relieved from service or is prevented from returning by physical or mental disability or other cause not the fault of the employee or is required by the proper authority to continue in military or naval service beyond the fifteen-day paid leave of absence. Employees on extended unpaid military leave will receive fifteen days paid leave of absence in each calendar year, not to exceed five years.

Where possible, notice is to be provided to the city at least ten working days in advance of the requested leave. A training notice, signed orders, or battle assembly schedule are examples of typical written notification to share with the city. If an employee has not yet used his/her fifteen days of paid leave when called to active duty, any unused paid time will be allowed for the active-duty time, prior to the unpaid leave of absence.

Employees returning from military service will be reemployed in the job that they would have attained had they not been absent for military service and with the same seniority, status and pay, as well as other rights and benefits determined by seniority. Unpaid military leave will be considered hours worked for the purpose of vacation leave and sick leave accruals.

Eligibility for continuation of insurance coverage for employees on military leave beyond fifteen days will follow the same procedures as for any employee on an unpaid leave of absence.

Section 12.05B Military Leave for Family Members

The city will not discharge from employment or take adverse employment action against an employee because an immediate family member is in the military forces of the United States or Minnesota. Nor will the city discharge from employment or take adverse employment action against an employee because they attend departure or homecoming ceremonies for deploying or returning personnel, family training or readiness events or events held as part of official military reintegration programs. Employees may substitute paid leave if they choose to do so.

Unless the leave would unduly disrupt the operations of the city, employees whose immediate family member, as a member of the United States armed forces has been ordered into active service in support of a war or other national emergency, will be granted an unpaid leave of absence, not to exceed one day's duration in any calendar year, to attend a send-off or homecoming ceremony for the mobilized service member.

For reference, see [Minn. Stat. § 181.948](#).

Section 12.05C Military Leave for Family Member Injured or Killed in Active Service

Employees will be granted up to ten working days of unpaid leave whose immediate family member (defined as a person's parent, child, grandparents, siblings or spouse) is a member of the United States armed forces who has been injured or killed while engaged in active service. The 10 days may be reduced if an employee elects to use appropriate accrued paid leave.

For reference, see [Minn. Stat. § 181.947](#) & [Minn. Stat. § 181.948](#)

Section 12.05D Civil Air Patrol

The city will grant employees an unpaid leave of absence for time spent serving as a member of the Civil Air Patrol upon request and authority of the State or any of its political subdivisions, unless the absence would unduly disrupt the operations of the city. Employees may choose to use vacation or PTO leave while on Civil Air Patrol Leave but are not required to do so.

[Minn. Stat. § 181.946](#) is a requirement for cities with more than 20 employees.

Section 12.06 Jury Duty

Regular full-time and part-time employees will be granted paid leaves of absence for required jury duty. Such employees will be required to turn over any compensation they receive for jury duty, minus mileage reimbursement, to the city in order to receive their regular wages for the period. Time spent on jury duty will not be counted as time worked in computing overtime.

Employees excused or released from jury duty during their regular working hours will report to their regular work duties as soon as reasonably possible or will take accrued vacation or compensatory time to make up the difference.

Employees are required to notify their supervisor as soon as possible after receiving notice to report for jury duty. The employee will be responsible for ensuring that a report of time spent on jury duty and pay form is completed by the clerk of court so the city will be able to determine the amount of compensation due for the period involved.

Temporary and seasonal employees are generally not eligible for compensation for absences due to jury duty but can take a leave without pay subject to department head approval. However, if a temporary or seasonal employee is classified as exempt, he/she will receive compensation for the jury duty time.

For reference, see [Minn. Stat. § 593.50](#).

Section 12.07 Court Appearances

Employees will be paid their regular wage to testify in court for city-related business. Any compensation received for court appearances (e.g., subpoena fees) arising out of or in connection with city employment, minus mileage reimbursement, must be turned over to the city.

Section 12.08 Victim or Witness Leave

An employer must allow a victim or witness, who is subpoenaed or requested by the prosecutor to attend court for the purpose of giving testimony to attend criminal proceedings related to the victim's case. Additionally, a victim of a violent crime, as well as the victim's spouse or immediate family member (immediate family member includes parent, spouse, child or sibling of the employee) may have reasonable time off from work to attend criminal proceedings related to the victim's case. An employee must give 48 hours advance notice to the city of their need to be absent unless it is impracticable, or an emergency prevents them from doing so. The city may request verification that supports the employee's reason for being absent from the workplace. *See also: Safety Leave under the Sick Leave Policy for additional information on leave benefits available to employees and certain family members.*

For reference, see Minn. Stat. § 611A.036.

Section 12.09 Job Related Injury or Illness

All employees are required to report any job-related illnesses or injuries to their supervisor immediately (no matter how minor). If a supervisor is not available and the nature of injury or illness requires immediate treatment, the employee is to go to the nearest available medical facility for treatment and, as soon as possible, notify his/her supervisor of the action taken. In the case of a serious emergency, 911 should be called.

If the injury is not of an emergency nature, but requires medical attention, the employee will report it to the supervisor and make arrangements for a medical appointment.

Workers' compensation benefits and procedures to return to work will be applied according to applicable state and federal laws.

Section 12.10 Pregnancy and Parenting Leave

Employees who work twenty hours or more per week and have been employed more than one year are entitled to take an unpaid leave of absence under the Pregnancy and Parenting Leave Act of Minnesota. Female employees for prenatal care, or incapacity due to pregnancy, childbirth, or related health conditions as well as a biological or adoptive parent in conjunction with after the birth or adoption of a child as eligible for up to 12 weeks of unpaid leave and must begin within twelve months of the birth or adoption of the child. In the case where the child must remain in the hospital longer than the mother, the leave must begin within 12 months after the child leaves the hospital. Employees should provide reasonable notice, which is at least thirty (30) days. If the

leave must be taken in less than three days, the employee should give as much notice as practicable.

Employees are required to use accrued leave (i.e., sick leave, vacation leave, etc.) during Parenting Leave. If the employee has any FMLA eligibility remaining at the time this leave commences, this leave will also count as FMLA leave. The two leaves will run concurrently. The employee is entitled to return to work in the same position and at the same rate of pay the employee was receiving prior to commencement of the leave. Group insurance coverage will remain available while the employee is on leave pursuant to the Pregnancy and Parenting Leave Act, but the employee will be responsible for the entire premium unless otherwise provided in this policy (i.e., where leave is also FMLA qualifying). For employees on an FMLA absence as well, the employer contributions toward insurance benefits will continue during the FMLA leave absence.

For reference, see [Minn. Stat. § 181.940](#) & [Minn. Stat. § 181.941](#).

State law requirement for cities with 21 or more employees.

Section 12.11 Administrative Leave

Under special circumstances, an employee may be placed on an administrative leave pending the outcome of an internal or external investigation. The leave may be paid or unpaid, depending on the circumstances, as determined by the City Administrator with the approval of the City Council.

Section 12.12 Adoptive Parents

Adoptive parents will be given the same opportunities for leave as biological parents (see provisions for Parenting Leave). The leave must be for the purpose of arranging the child's placement or caring for the child after placement. Such leave must begin before or at the time of the child's placement in the adoptive home.

State law requirement for cities with more than 21 employees.

Section 12.13 School Conference Leave

Any employee who has worked half-time or more, for more than twelve (12) consecutive months may take unpaid leave for up to a total of sixteen hours during any 12-month period to attend school conferences or classroom activities related to the employee's child (under 18 or under 20 and still attending secondary school), provided the conference or classroom activities cannot be scheduled during non-work hours. When the leave cannot be scheduled during non-work hours and the need for the leave is foreseeable, the employee must provide reasonable prior notice of the leave and make a reasonable effort to schedule the leave so as not to disrupt unduly the operations of the city. Employees may choose to use vacation leave hours for this absence but are not required to do so.

[Minnesota Stat. § 181.940](#) & [Minn. Stat. § 181.9412](#) requirement for cities with more than 21 employees.

Section 12.14 Bone Marrow/Organ Donation Leave

Employees working an average of 20 or more hours per week may take paid leave, not to exceed 40 hours, unless agreed to by the city, to undergo medical procedures to donate bone marrow or an organ. The 40 hours is over and above the amount of accrued time the employee has earned.

The city may require a physician's verification of the purpose and length of the leave requested to donate bone marrow or an organ. If there is a medical determination that the employee does not qualify as a bone marrow or organ donor, the paid leave of absence granted to the employee prior to that medical determination is not forfeited.

Section 12.15A Elections / Voting

An employee selected to serve as an election judge pursuant to Minnesota law, will be allowed time off with pay for purposes of serving as an election judge, provided the employee gives the city at least twenty days written notice, including a certification from the appointing authority stating the hourly compensation to be paid the employee for service as an election judge and the hours during which the employee will serve. The city may reduce the wages of an employee serving as an election judge by the amount paid to the election judge by the appointing authority during the time the employee was absent from the place of employment. Thus, employees will be paid the difference between their pay as an election judge and their regular rate of pay for their normal workday. The city reserves the right to restrict the number of employees absent from work for the purpose of serving as an election judge to no more than 20 percent of the total work force at any single worksite.

All employees eligible to vote at a State general election, at an election to fill a vacancy in the office of United States Senator or Representative, or in a Presidential primary, will be allowed time off with pay to vote on the election day. Employees wanting to take advantage of such leave are required to work with their supervisors to avoid coverage issues.

For reference, see Minnesota Stat. § 204C.04 & Minn. Stat. § 204B.195

For reference, see Office of Minnesota Secretary of State re: Time off for Employees to Serve as Election Judges.

Section 12.15B Delegates to Party Conventions

An employee may be absent from work to attend any meeting of the state central committee or executive committee of a major political party if the employee is a member of the committee. The employee may attend any convention of a major political party delegates, including meetings of official convention committees if the employee is a delegate or an alternate delegate to that convention.

Per the statutory requirement, the employee must give at least ten days written notice of their planned absence to attend committee meetings or conventions. Time away from work for this purpose will be considered unpaid unless the employee chooses to use vacation/ PTO leave during their absence.

For reference, see Minn. Stat. § 202A.135.

Section 12.16 Regular Leave without Pay

The City Administrator may authorize leave without pay for up to thirty days. Leave without pay for greater periods may be granted by the City Council.

Typically, employee benefits will not be earned by an employee while on leave without pay. However, the city's contribution toward health, dental and life insurance may be continued, if approved by the City Council, for leaves of up to ninety days when the leave is for medical reasons and FMLA has been exhausted.

If an employee is on a regular leave without pay and is not working any hours, the employee will not accrue (or be paid for) holidays, sick leave, or vacation leave (annual leave). Employees who are working reduced hours while on this type of leave will receive holiday pay on a prorated basis and will accrue sick leave and vacation leave (annual leave) based on actual hours worked.

Leave without pay hours will not count toward seniority and all accrued vacation leave and compensatory time must normally be used before an unpaid leave of absence will be approved.

To qualify for leave without pay, an employee need not have used all sick leave earned unless the leave is for medical reasons. Leave without pay for purposes other than medical leave or work-related injuries will be at the convenience of the city.

Employees returning from a leave without pay for a reason other than a qualified Parenting Leave or FMLA, will be guaranteed return to the original position only for absences of thirty calendar days or less.

Employees receiving leave without pay in excess of thirty calendar days, for reasons other than qualified Parenting Leave or FMLA, are not guaranteed return to their original position. If their original position or a position of similar or lesser status is available, it may be offered at the discretion of the City Administrator subject to approval of the City Council.

Section 12.17 Family and Medical Leave (FMLA)

Eligibility

To qualify to take FMLA leave under this policy, an employee must meet all the following conditions:

- Have worked for the City for 12 months (or 52 weeks) prior to the date the leave is to commence. The 12 months or 52 weeks need not have been consecutive; however, the City will not consider any service 7 years prior to the employee's most recent hire date, unless the break was due to National Guard or Reserves military service obligation.
- Have worked at least 1,250 hours during the 12-month period prior to the date when the leave is requested to commence. The principles established under the Fair Labor Standards Act ("FLSA") determine the number of hours worked by an employee.

Types of Leave Covered by FMLA

Leave will be granted to all eligible employees for any of the following reasons:

- The birth of a child, including prenatal care, or placement of a child with the employee for adoption or foster care;
- To care for a spouse, child, or parent who has a serious health condition;
- Due to a serious health condition that makes the employee unable to perform the essential functions of the position;
- A covered military member's active duty or call to duty or to care for a covered military member (Military Caregiver and Qualified Exigency Leave) (described below).

Definitions Applicable to this Section

Spouse does not include domestic partners or common-law spouses.

Caring for a covered family member includes psychological as well as physical care. It also includes acquiring care and sharing care duties. An eligible **child**, with some exceptions, is under 18 years of age.

Parent includes a biological parent or a person who has stood in the place of a parent. Charged with parental rights, duties, and responsibilities over the employee when the employee was under the age of 18.

Serious Health Condition means an illness, injury, impairment, or physical or mental condition that involves one of the following:

- Hospital Care: Any period of incapacity or treatment connected with inpatient care (i.e., an overnight stay) in a hospital, hospice, or residential medical care facility;
- Pregnancy: Any period of incapacity due to pregnancy, prenatal medical care or childbirth;
- Absence Plus Treatment: A period of incapacity of more than three consecutive calendar days that also involves continuing treatment by or under the supervision of a health care provider.
- Chronic Conditions Requiring Treatments: An incapacity from a chronic condition which requires periodic visits for treatment by a health care provider, continues over an extended period of time, and may cause episodic rather than a continuing period of incapacity;
- Permanent/Long-Term Conditions Requiring Supervision
- Multiple Treatments: Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider.

Minnesota Parenting Leave and all forms of paid time off (sick leave, disability leave, workers' comp leave, vacation, PTO and compensatory time off) run concurrently with FMLA.

Length and Amount of Leave

The length of FMLA leave is not to exceed twelve (12) weeks in any twelve (12) month period. The leave year is calculated based on a looking forward basis. The entitlement to FMLA leave for the birth or placement of a child for adoption expires twelve (12) months after the birth or placement of that child.

How Leave May be Taken

FMLA leave may be taken for 12 (or less) consecutive weeks, may be used intermittently (a day periodically when needed), or may be used to reduce the workweek or workday, resulting in a reduced hour schedule. In all cases, the leave may not exceed a total of 12 workweeks.

Intermittent leave may be taken when medically necessary for the employee's serious health condition or to care for a seriously ill family member. Intermittent leave must be documented as medically necessary in the medical certification form.

If an employee is taking intermittent leave or leave on a reduced schedule for planned medical treatment, the employee must make a reasonable effort to schedule the treatment so as to not disrupt City business.

In instances when intermittent or reduced schedule leave for the employee or employee's family member is foreseeable or is for planned medical treatment, including recovery from a serious health condition, the City may temporarily transfer an employee to an available alternative position with equivalent pay and benefits if the alternative position would better accommodate the intermittent or reduced schedule.

Intermittent/reduced scheduled leave may be taken to care for a newborn or newly placed adopted or foster care child only with the City's approval.

Procedure for Requesting Leave and Notice

All employees requesting FMLA leave must provide written notice of the need for the leave to their Department Head.

When the need for the leave is foreseeable, the employee must give written notice to their Department Head at least thirty (30) days prior to the date on which leave is to begin. If thirty (30) days' notice cannot be given, the employee is required to give as much notice as practicable, including following required call-in procedures.

If an employee fails to give thirty (30) days' notice for a foreseeable leave with no reasonable explanation for the delay, the leave may be denied until thirty (30) days after the employee provides notice.

The City requires an employee on FMLA leave to report periodically on the employee's status and intent to return to work.

Certification and Documentation Requirements

For leave due to an employee's serious health condition or that of an employee's family member, the City will require the completion of a Medical Certification form by the attending physician or practitioner. The form must be submitted by the employee to the City Administrator within fifteen (15) calendar days after leave is requested. If the form is not submitted in a timely fashion, the employee must provide a reasonable explanation for the delay. Failure to provide medical certification may result in a denial or delay of the leave.

When leave is due to an employee's own serious health condition, a fitness for duty certification (FFD) will be required before an employee can return to work. Failure to timely provide such certification may eliminate or delay an employee's right to reinstatement under the FMLA. If an employee is using intermittent leave and reasonable safety concerns exist regarding the employee's ability to perform his or her duties, a FFD certificate may be required as frequently as every 30 days during periods when the employee has used intermittent leave.

Recertification of leave may be required if the employee requests an extension of the original length approved by the City or if the circumstances regarding the leave have changed. Recertification may also be required if there is a question as to the validity of the certification or if the employee is unable to return to work due to the serious health condition.

Annual Medical Certification and Recertification

Where the employee's need for leave due to the employee's own serious health condition lasts beyond a single leave year, the City will require employees to provide a new medical certification in each subsequent leave year.

Reinstatement

Employees returning from Family and Medical Leave will be reinstated in the same position or a position equivalent in pay, benefits, and other terms and conditions of employment.

Group Health Insurance and Other Benefits, Concurrent Leave and Substitution of Paid Leave

An employee granted leave under this policy will continue to be covered under the City's group health and dental insurance plan under the same conditions and at the same level of City contribution as would have been provided had the employee been continuously employed

during the leave period. The employee will be required to continue payment of the employee portion of group insurance coverage while on leave. Arrangements for payment of the employee's portion of premiums must be made by the employee with the City.

If there are changes in the City's contribution levels while the employee is on leave, those changes will take place as if the employee were still on the job.

Rights to additional continued benefits will depend on whether leave is paid or unpaid. Any paid disability leave benefits (Short Term Disability or Long Term Disability), sick leave, vacation, Paid Time Off (PTO) or compensatory time off available to employees for a covered reason (an employee's serious health condition or a covered family member's serious health condition, including worker's compensation leave and Minnesota State Parenting Leave) will run concurrently with FMLA.

Failure to Return to Work After FMLA

Under certain circumstances, if the employee does not return to work at the end of the FMLA leave for at least 30 calendar days, the City may require the employee to repay the portion of the monthly cost paid by the City for group health plan benefits. The City may also require the employee to repay any amounts the City paid on the employee's behalf to maintain benefits other than group health plan benefits.

If an employee does not return to work following 12 weeks of FMLA leave, the employee may be subject to COBRA continuation.

If the employee fails to pay the City a portion of the premiums for which he or she is responsible during the FMLA leave and the employee fails to return to work, coverage may end. Loss of coverage for failure to pay premiums is not a qualifying event for purposes of continuation coverage under COBRA.

If the employee does not return from the FMLA leave and coverage ended sometime during the FMLA leave due to lack of payment, there is no COBRA election available. For COBRA to apply, the employee must have been covered on the day before the qualifying event. In this situation, the qualifying event would occur at the time the employee did not return from the leave.

Activities Prohibited During FMLA

While on leave, an employee may not engage in activities (including employment) which have the same or similar requirements and essential functions of an employee's current position.

While on leave, an employee may not engage in any activity that conflicts with the best interests of the City. Such conduct will result in disciplinary action up to and including termination of employment.

Seniority

Unless required by a contract provision, seniority does not accrue during any period of unpaid FMLA except as allowed when the leave is covered by worker's compensation. However, seniority accrued prior to commencement of FMLA leave will not be lost.

Unpaid Medical Leave of Absence

If an employee is ineligible for FMLA leave or has exhausted available FMLA leave benefits, it is the policy of the City to consider an employee's request for a medical or personal leave of

absence. The amount of medical leave available to each employee will be determined on a case-by-case basis depending on the position held, staffing requirements, the reasons for the leave, and the anticipated return-to-work date. Employees who take unpaid medical leave are not guaranteed to return to the same position held prior to taking leave.

Employees seeking a medical leave of absence will be required to present medical documentation to support the need for the leave, on-going documentation to support the need for continued leave, and documentation to support a return to work.

During Unpaid Medical Leave, employees will be expected to keep in regular contact with human resources. When you anticipate your return to work, please notify human resources of your expected return date at least one week before the end of your leave.

Employees on an Unpaid Medical Leave of Absence may be subject to COBRA notice and continuation benefits and will be solely responsible for payment of the entire COBRA.

Failure to keep in touch with management during your leave, failure to advise management of your availability to return to work, or failure to return to work following leave will be considered a voluntary resignation of your employment.

12.17A Qualified Exigency and Military Caregiver Leave - FMLA

Qualified Exigency

Eligible employees whose spouse, son, daughter, or parent either has been notified of an impending call or order to covered active military duty or who is already on covered active duty may take up to 12 weeks of leave for reasons related to or affected by the family member's call-up or service.

The qualifying exigency must be one of the following: (1) short-notice deployment; (2) military events and activities; (3) childcare and school activities; (3) financial and legal arrangements; (5) counseling; (6) rest and recuperation; (7) post-deployment activities; (8) parental care; or (9) additional activities that arise out of active duty, provided that the employer and employee agree, including agreement on timing and duration of the leave.

Military Caregiver Leave

An employee eligible for FMLA leave (described above) who is the spouse, son, daughter, parent, or next of kin of a covered servicemember may take up to 26 weeks in a single 12-month period to care for that servicemember.

The family member must be a current member of the Armed Forces (including a member of the National Guard or Reserves), who has a serious injury or illness incurred in the line of duty on active duty for which he or she is undergoing medical treatment, recuperation, or therapy, or otherwise is on outpatient status or on the temporary disability retired list. Eligible employees may not take leave under this provision to care for former members of the Armed Forces, former members of the National Guard and Reserves, or members on the permanent disability retired list.

Definitions Applicable to this Section

Son or daughter of a covered servicemember means the covered servicemember's biological, adopted, or foster child, stepchild, legal ward, or a child for whom the covered servicemember stood in loco parentis, and who is of any age.

Parent of a covered servicemember means a covered servicemember’s biological, adoptive, step, or foster father or mother, or any other individual who stood in loco parentis to the covered servicemember. This term does not include parents “in law.”

Next of kin of a covered servicemember is the nearest blood relative, other than the covered servicemember’s spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made, and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember’s next of kin and may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember’s only next of kin.

Covered active duty means:

- “Covered active duty” for members of a regular component of the Armed Forces means duty during deployment of the member with the Armed Forces to a foreign country.
- “Covered active duty” for members of the reserve components of the Armed Forces (members of the U.S. National Guard and Reserves) means duty during deployment of the member with the Armed Forces to a foreign country under a call or order to active duty in a contingency operation as defined in section 101(a)(13)(B) of Title 10 of the United States Code.

Covered servicemember means:

- An Armed Forces member (including the National Guard or Reserves) undergoing medical treatment, recuperation, or therapy or otherwise in outpatient status or on the temporary disability retired list, for a serious injury or illness”; or
- A veteran who is undergoing medical treatment, recuperation, or therapy, for a serious injury or illness and who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during the period of 5 years preceding the date on which the veteran undergoes that medical treatment, recuperation, or therapy.

Serious injury or illness means:

- In the case of a member of the Armed Forces (including a member of the National Guard or Reserves), means an injury or illness that was incurred by the member in line of duty on active duty in the Armed Forces (or existed before the beginning of the member’s active duty and was aggravated by service in line of duty on active duty in the Armed Forces) and that may render the member medically unfit to perform the duties of the member’s office, grade, rank, or rating; and
- In the case of a veteran who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during a period when the person was a covered servicemember, means a qualifying (as defined by the Secretary of Labor) injury or illness incurred by a covered servicemember in the line of duty on active duty that may render the servicemember medically unfit to perform the duties of his or her office, grade, rank or rating.

Amount of Leave – Qualified Exigency

An eligible employee can take up to 12 weeks of leave for a qualified exigency.

Amount of Leave – Military Caregiver

An eligible employee taking military caregiver leave is entitled to 26 workweeks of leave during a “single 12-month period.” The “single 12-month period” begins on the first day the eligible employee takes FMLA leave to care for a covered servicemember and ends 12 months after that date.

Leave taken for any FMLA reason counts towards the 26-week entitlement. If an employee does not take all 26 workweeks of leave to care for a covered servicemember during this “single 12-month period,” the remaining part of the 26 workweeks of leave entitlement to care for the covered servicemember is forfeited. 29 C.F.R. § 825.127(e)(1) (2017).

Certification of Qualifying Exigency for Military Family Leave

The City will require certification of the qualifying exigency for military family leave. The employee must respond to such a request within 15 days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave. This certification will be provided using the DOL Certification of Qualifying Exigency for Military Family Leave.

Certification for Serious Injury or Illness of Covered Servicemember for Military Family Leave

The City will require certification for the serious injury or illness of the covered servicemember. The employee must respond to such a request within 15 days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave. This certification will be provided using the DOL Certification for Serious Injury or Illness of Covered Servicemember.

All other provisions of the FMLA policy, including Use of Paid Leave, Employee Status and Benefits During Leave, Procedure for Requesting Leave, and Benefits During Leave and Reinstatement, are outlined above in the FMLA policy.

Section 12.18 Reasonable Work Time for Nursing Mothers

Nursing mothers and lactating employees will be provided reasonable break times to express milk for her infant child during the twelve months following the birth of the child, unless it would cause undue business disruption. The paid break time must, if possible, run concurrently with any break time already provided. The city will provide a room (other than a bathroom) as close as possible to the employee’s work area, that is shielded from view and free from intrusion from coworkers and the public and includes access to an electrical outlet, where the nursing mother can express milk in private.

Applies to cities with one or more employees.

Section 12.19 Light Duty/Modified Duty Assignment

This policy is to establish guidelines for temporary assignment of work to temporarily disabled employees who are medically unable to perform their regular work duties. Light duty is evaluated by the supervisor on a case-by-case basis. This policy does not guarantee assignment to light duty.

Such assignments are for short-term, temporary disability-type purposes; assignment of light duty is at the discretion of the City Administrator. The supervisor reserves the right to determine when and if light duty work will be assigned.

When an employee is unable to perform the essential requirements of his/her job due to a temporary disability, he/she will notify the supervisor in writing as to the nature and extent of the disability and the reason why he/she is unable to perform the essential functions, duties, and requirements of the position. This notice must be accompanied by a physician's report containing a diagnosis, current treatment, and any work restrictions related to the temporary disability. The notice must include the expected time frame regarding return to work with no restrictions, meeting all essential requirements and functions of the city's job description along with a written request for light duty. Upon receipt of the written request, the supervisor is to forward a copy of the report to the City Administrator. The city may require a medical exam conducted by a physician selected by the city to verify the diagnosis, current treatment, expected length of temporary disability, and work restrictions.

It is at the discretion of the supervisor whether or not to assign light duty work to the employee. Although this policy is handled on a case-by-case basis.

If the city offers a light duty assignment to an employee who is out on workers' compensation leave, the employee may be subject to penalties if he/she refuses such work. The city will not, however, require an employee who is otherwise qualified for protection under the Family and Medical Leave Act to accept a light duty assignment.

The circumstances of each disabled employee performing light duty work will be reviewed regularly. Any light duty/modified work assignment may be discontinued at any time.

Section 12.20 Reasonable Accommodations to an Employee for Health Conditions Relating to Pregnancy

The city will attempt to provide a female employee who requests reasonable accommodation with the following for her health conditions related to her pregnancy or childbirth without advice of a licensed health care provider or certified doula:

- More frequent restroom, food, and water breaks;
- Seating; and/or
- Limits on lifting over 20 pounds.

Additionally, an employer must provide reasonable accommodations to an employee for health conditions related to pregnancy or childbirth upon request, with the advice of a licensed health care provider or certified doula, unless the employer demonstrates that the accommodation would impose an undue hardship on the operation of the employer's business. In accordance with state law, no employee is required to take a leave of absence for a pregnancy nor accept a pregnancy accommodation.

[Minn. Stat. § 181.939](#), pregnancy accommodation changes effective January 1, 2022 applies to cities with 15 or more employees, and

[Minn. Stat. § 181.9414](#).

Section 12.21 Athletic Leave of Absence

An employee who qualifies as a member of the United State team for athletic competition on the world championship, Pan American, or Olympic team in a sport sanctioned by the International Olympic Committee, shall be granted a leave of absence without loss of pay or other benefits for the purpose of preparing for and engaging in the competition. In no event shall the paid leave exceed the period of official training camp and competition combined, or 90 calendar days a year, whichever is less. The employee shall provide documentation establishing their participation on said team and in said event.

Article XIII. SEXUAL HARASSMENT PREVENTION

Section 13.01 General

The City of Princeton is committed to creating and maintaining a public service workplace free of harassment and discrimination. Such harassment is a violation of Title VII of the Civil Rights Act of 1964, the Minnesota Human Rights Act, and other related employment laws.

In keeping with this commitment, the city maintains a strict policy prohibiting unlawful harassment, including sexual harassment. This policy prohibits harassment in any form, including verbal and physical harassment. Discriminatory behavior includes inappropriate remarks about, or conduct related to a person's legally protected characteristic such as race, color, creed, religion, national origin, disability, sex, gender, pregnancy, marital status, age, sexual orientation, gender identity, or gender expression, familial status, or status with regard to public assistance.

This policy statement is intended to make all employees, volunteers, members of boards and commissions, applicants, contractors/vendors, and elected officials and members of the public aware of the matter of harassment, but specifically sexual harassment, to express the city's strong disapproval of harassment, to advise employees against this behavior and to inform them of their rights and obligations. The most effective way to address any sexual harassment issue is to bring it to the attention of management.

Section 13.02 Applicability

Maintaining a work environment free from harassment is a shared responsibility. This policy is applicable to all city employees, volunteers, applicants, contractors/vendors, members of boards and commissions, City Council members, and members of the public both in the workplace and other city-sponsored social events.

Section 13.03 Definitions

To provide employees with a better understanding of what constitutes sexual harassment, the definition, based on Minnesota Statute § 363.01, subdivision 41, is provided: sexual harassment includes unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact, or other verbal or physical conduct or communication of a sexual nature, when:

- Submitting to the conduct is made either explicitly or implicitly a term or condition of an individual's employment; or
- Submitting to or rejecting the conduct is used as the basis for an employment decision affecting an individual's employment; or
- Such conduct has the purpose or result of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment.

Sexual harassment includes, but is not limited to, the following:

- Unwelcome or unwanted sexual advances. This means stalking, patting, pinching, brushing up against, hugging, cornering, kissing, fondling or any other similar physical contact considered unacceptable by another individual.
- Verbal or written abuse, making jokes, or comments that are sexually oriented and considered unacceptable by another individual. This includes comments about an individual's body or appearance where such comments go beyond mere courtesy, telling "dirty jokes" or any other tasteless, sexually oriented comments, innuendos or actions that offend others. The harassment policy applies to social media posts, tweets, etc., that are about or may be seen by employees, customers, etc.

- Requests or demands for sexual favors. This includes subtle or obvious expectations, pressures, or requests for any type of sexual favor, along with an implied or specific promise of favorable treatment (or negative consequence) concerning one's current or future job.

Section 13.04 Expectations

The City of Princeton recognizes the need to educate its employees, volunteers, members of boards and commissions, contractors/ vendors, applicants, elected officials and members of the public on the subject of sexual harassment and stands committed to providing information and training. All employees are expected to treat each other and the general public with respect and assist in fostering an environment free from offensive behavior or harassment. Violations of this policy may result in discipline, including possible termination. Each situation will be evaluated on a case-by-case basis.

Employees who feel that they have been victims of sexual harassment, or employees who are aware of such harassment, should immediately report their concerns to any of the following:

1. A Supervisor;
2. Department Head;
3. Human Resources'
4. City Administrator;
5. Mayor or City Councilmember
6. City Attorney.

In addition to notifying one of the above persons and stating the nature of the harassment, the employee is also encouraged to take the following steps, if the person feels safe and comfortable doing so. If there is a concern about the possibility of violence, the individual should use his/her discretion to call 911, and/or take other reasonable action, and as soon as feasible, a supervisor.

1. Communicate to the harasser the conduct is unwelcome. Professionally, but firmly, tell whoever is engaging in the disrespectful behavior how you feel about their actions, and request the person to stop the behavior because you feel intimidated, offended, or uncomfortable. If practical, bring a witness with you for this discussion.
2. In some situations, such as with an offender from the public, it is preferable to avoid one on one interactions. Talk to your supervisor about available options to ensure there are others available to help with transactions with an offender.
3. To reiterate, it's important you notify a supervisor, the City Administrator, the mayor or councilmember of your concerns promptly. Any employee who observes sexual harassment or discriminatory behavior, or receives any reliable information about such conduct, must report it promptly to a supervisor or the City Administrator. The person to whom you speak is responsible for documenting the issues and for giving you a status report on the matter. If, after what is considered to be a reasonable length of time (for example, 30 days), you believe inadequate action is being taken to resolve your complaint/concern, the next step is to report the incident to the City Administrator, the mayor or the city attorney.

The City urges conduct which is viewed as offensive be reported immediately to allow for corrective action to be taken through education and immediate counseling, if appropriate. Management takes these complaints seriously and has the obligation to provide an environment free of sexual harassment. The City is obligated to prevent and correct unlawful harassment in a

manner which does not abridge the rights of the accused. To accomplish this task, the cooperation of all employees is required.

In the case of a sexual harassment complaint, a supervisor must report the allegations promptly to the City Administrator. If the City Administrator is the subject of the complaint, then the supervisor is to report the complaint to the City Attorney. A supervisor must act upon such a report even if requested otherwise by the victim. The city will take proportionate corrective action to correct any and all reported harassment to the extent evidence is available to verify the alleged harassment and any related retaliation. As noted later in this policy, retaliation is strictly prohibited. All allegations will be investigated. Formal investigations will be prompt, impartial, and thorough. Strict confidentiality is not possible in all cases of sexual harassment as the accused has the right to answer charges made against them; particularly if discipline is a possible outcome. Reasonable efforts will be made to respect the confidentiality of the individuals involved, to the extent possible. Any investigation process will be handled as confidentially as practical and related information will only be shared on a need-to-know basis and in accordance with the Minnesota Government Data Practices Act and/or any other applicable laws.

To facilitate fostering a respectful work environment, all employees are encouraged to respond to questions or to otherwise participate in investigations regarding alleged harassment.

The City is not voluntarily engaging in a dispute resolution process within the meaning of Minn. Stat. § 363A.28, subd. 3(b) by adopting and enforcing this workplace policy¹. The filing of a complaint under this policy and any subsequent investigation does not suspend the one-year statute of limitations period under the Minnesota Human Rights Act for bringing a civil action or for filing a charge with the Commissioner of the Department of Human Rights.

Section 13.05 Special Reporting Requirements

When the supervisor is the alleged harasser, a report will be made to the City Administrator who will assume the responsibility for investigation and discipline. For more information about what to do when allegations involve the City Administrator, the Mayor, or a Councilmember, see below.

If the City Administrator is the alleged harasser, a report will be made to the city attorney who will confer with the Mayor and City Council regarding appropriate investigation and action.

If a Councilmember is the alleged harasser, the report will be made to the City Administrator and referred to the City Attorney who will undertake the necessary investigation. The City Attorney will report his/her findings to the City Council, which will take the action it deems appropriate.

Pending completion of the investigation, the City Administrator may at their discretion take appropriate action to protect the alleged victim, other employees, or citizens. The City will take reasonable and timely action, depending on the circumstances of the situation.

If an elected or appointed City Official (e.g., Council or Commission Member) is the victim of disrespectful workplace behavior, the City Attorney will be consulted as to the appropriate course of action.

In cases such as these, it is common for the City Council to authorize an investigation by an independent investigator (consultant). The City will take reasonable and timely action, depending on the circumstances of the situation.

Section 13.06 Retaliation

The City of Princeton will not tolerate retaliation or intimidation directed towards anyone who reports employment discrimination, serves as a witness, participates in an investigation, and/or takes any other actions protected under federal or state discrimination laws, including when requesting religious or disability accommodation. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment. Retaliation is broader than discrimination and includes, but is not limited to, any form of intimidation, reprisal or harassment. While each situation is very fact dependent, generally speaking retaliation can include a denial of a promotion, job benefits, or refusal to hire, discipline, negative performance evaluations or transfers to less prestigious or desirable work or work locations because an employee has engaged or may engage in activity in furtherance of EEO laws.

It can also include threats of reassignment, removal of supervisory responsibilities, filing civil action, deportation or other action with immigration authorities, disparagement to others or the media and making false report to government authorities because an employee has engaged or may engage in protected activities. Any individual who retaliates against a person who testifies, assists, or participates in an investigation may be subject to disciplinary action up to and including termination.

If you feel retaliation is occurring within the workplace, please report your concern immediately to any of the following:

1. A Supervisor;
2. Department Head;
4. Human Resources'
5. City Administrator;
6. Mayor or City Councilmember
7. City Attorney.

In the event an employee feels retaliation has occurred by the City Administrator or the City Council, then reporting may be made to the City Attorney.

Supervisors who have been approached by employees with claims of retaliation will take the complaint seriously and promptly report the allegations promptly to the City Administrator, or if the complaint is against the City Administrator to the City Attorney, who will decide how to proceed in addressing the complaint.

Consistent with the terms of applicable statutes and city personnel policies, the City may discipline any individual who retaliates against any person who reports alleged violations of this policy. The City may also discipline any individual who retaliates against any participant in an investigation, proceeding or hearing relating to the report of alleged violations.

Article XIV. RESPECTFUL WORKPLACE

The intent of this provision is to provide general guidelines about conduct that is, and is not, appropriate in the workplace and other City-sponsored social events.

The City acknowledges this provision cannot possibly predict all situations that might arise, and also recognizes that some employees can be exposed to disrespectful behavior, and even violence, by the very nature of their jobs.

Section 14.01 Applicability

Maintaining a respectful public service work environment is a shared responsibility. This policy is intended to express to all employees, volunteers, members of boards and commissions, applicants, contractors/vendors, elected officials and members of the public the expectations by the City of Princeton for respectful workplace conduct both in the workplace and other City-sponsored social events.

Section 14.02 Abusive Customer Behavior

While the City has a strong commitment to customer service, the City does not expect employees to accept verbal and other abuse from any customer.

An employee may request that a supervisor intervene when a customer is abusive, or the employee may defuse the situation themselves, including professionally ending the contact.

If there is a concern about the possibility of violence, the individual should use their discretion to call 911, and as soon as feasible, a supervisor. Employees should leave the area immediately when violence is imminent unless their duties require them to remain (such as police officers). Employees must notify their supervisor about the incident as soon as possible.

Section 14.03 Types of Disrespectful Behavior

The following behaviors are unacceptable and therefore prohibited, even if not unlawful in and of themselves:

Violent behavior: includes the use of physical force, harassment, bullying or intimidation.

Discriminatory behavior: includes inappropriate remarks about or conduct related to a person's legally protected characteristic such as race, color, creed, religion, national origin, disability, sex, gender, pregnancy, marital status, age, sexual orientation, gender identity, or gender expression, familial status, or status with regard to public assistance.

Offensive behavior: may include such actions as: rudeness, angry outbursts, inappropriate humor, vulgar obscenities, name calling, disparaging language, or any other behavior regarded as offensive to a reasonable person based upon violent or discriminatory behavior as listed above. It is not possible to anticipate in this provision every example of offensive behavior. Accordingly, employees are encouraged to discuss with their fellow employees and supervisor what is regarded as offensive, considering the sensibilities of employees and the possibility of public reaction.

Although the standard for how employees treat each other and the general public will be the same throughout the city, there may be differences between work groups about what is appropriate in other circumstances unique to a work group. If an employee is unsure whether a particular behavior is appropriate, the employee should request clarification from their supervisor or the City Administrator.

Sexual harassment: Can consist of a wide range of unwanted and unwelcome sexually directed behavior such as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

- Submitting to the conduct is made either explicitly or implicitly a term or condition of an individual's employment; or

- Submitting to or rejecting the conduct is used as the basis for an employment decision affecting an individual's employment; or
- Such conduct has the purpose or result of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment.

Sexual harassment includes, but is not limited to, the following:

- Unwelcome or unwanted sexual advances. This means stalking, patting, pinching, brushing up against, hugging, cornering, kissing, fondling or any other similar physical contact considered unacceptable by another individual.
- Verbal or written abuse, kidding, or comments that are sexually oriented and considered unacceptable by another individual. This includes comments about an individual's body or appearance where such comments go beyond mere courtesy, telling "dirty jokes" or any other tasteless, sexually oriented comments, innuendos or actions that offend others. The harassment policy applies to social media posts, tweets, etc., that are about or may be seen by employees, customers, etc.
- Requests or demands for sexual favors. This includes subtle or obvious expectations, pressures, or requests for any type of sexual favor, along with an implied or specific promise of favorable treatment (or negative consequence) concerning one's current or future job.

Names and Pronouns: Every employee will be addressed by a name and by pronouns that correspond to the employee's gender identity. A court-ordered name or gender change is not required.

Section 14.04 Employee Response to Disrespectful Workplace Behavior

All employees should feel comfortable calling their supervisor or another manager to request assistance should they not feel comfortable with a situation. If situations involve violent behavior call the police, ask the individual to leave the area, and/or take other reasonable action

If employees see or overhear what they believe is a violation of this policy, employees should advise a supervisor, the City Administrator, or City Attorney promptly.

Employees who believe disrespectful behavior is occurring are encouraged to deal with the situation in one of the ways listed below. If there is a concern about the possibility of violence, the individual should use his/her discretion to call 911, and as soon as feasible, a supervisor. In the event the disrespectful behavior occurring involves the employee's supervisor, the employee should contact the Department Head or the City Administrator.

Step 1(a) If you feel comfortable doing so, professionally, but firmly, tell whoever is engaging in the disrespectful behavior how you feel about their actions. Politely request the person to stop the behavior because you feel intimidated, offended, or uncomfortable. If practical, bring a witness with you for this discussion.

Step 1(b) If you fear adverse consequences could result from telling the offender or if the matter is not resolved by direct contact, go to your supervisor, human resources, your supervisor's supervisor, or the City Administrator. The person to whom you speak is responsible for documenting the issues and for giving you a status report on the matter.

In some situations, such as with an offender from the public it is preferable to avoid one on one interactions. Talk to your supervisor about available options to ensure there are others available to help with transactions with the offender.

Step 1(c) The city urges conduct which is viewed as offensive be reported immediately to allow for corrective action to be taken through education and immediate counseling, if appropriate. It is vitally important you notify a supervisor, the City Administrator, the Mayor or Councilmember of your concerns promptly. Any employee who observes sexual harassment or discriminatory behavior, or receives any reliable information about such conduct, must report it promptly to a Department Head or the City Administrator.

Step 2 If, after what is considered to be a reasonable length of time (for example, 30 days), you believe inadequate action is being taken to resolve your complaint/concern, the next step is to report the incident to the City Administrator, the Mayor or the City Attorney.

Section 14.05 Supervisor's Response to Allegations of Disrespectful Workplace Behavior

Employees who have a complaint of disrespectful workplace behavior will be taken seriously. In the case of sexual harassment or discriminatory behavior, a supervisor must report the allegations promptly to the City Administrator, who will determine whether an investigation is warranted. A Department Head must act upon such a report even if requested otherwise by the victim. In situations other than sexual harassment and discriminatory behavior, Department Heads will use the following guidelines when an allegation is reported:

Step 1(a) If the nature of the allegations and the wishes of the victim warrant a simple intervention, the supervisor may choose to handle the matter informally. The supervisor may conduct a coaching session with the offender, explaining the impact of his/her actions and requiring the conduct not reoccur. This approach is particularly appropriate when there is some ambiguity about whether the conduct was disrespectful. The approach, when completed, must be documented in writing.

Step 1(b) Supervisors, when talking with the reporting employee will be encouraged to ask them what they want to see happens next. When an employee comes forward with a disrespectful workplace complaint, it is important to note the city cannot promise complete confidentiality, due to the need to investigate the issue properly. However, any investigation process will be handled as confidentially as practical and related information will only be shared on a need-to-know basis and in accordance with the Minnesota Government Data Practices Act and/or any other applicable laws.

Step 2 If a formal investigation is warranted, the individual alleging a violation of this policy will be interviewed to discuss the nature of the allegations. Formal investigations will be prompt, impartial, and thorough. The person being interviewed may have someone of his/her own choosing present during the interview. Typically, the investigator will obtain the following description of the incident, including date, time and place:

- Corroborating evidence.
- A list of witnesses.

- Identification of the offender.

To facilitate fostering a respectful work environment, all employees are encouraged to respond to questions or to otherwise participate in investigations regarding alleged harassment.

- Step 3** The Department Head must notify the City Administrator about the allegations (assuming the allegations do not involve the City Administrator). For more information about what to do when allegations involve the City Administrator, the Mayor, or a Councilmember, see “Special Reporting Requirements” below.
- Step 4** In most cases, as soon as practical after receiving the written or verbal complaint, the alleged policy violator will be informed of the allegations, and the alleged violator will have the opportunity to answer questions and respond to the allegations. The city will follow any other applicable policies or laws in the investigatory process.
- Step 5** After adequate investigation and consultation with the appropriate personnel, a decision will be made regarding whether or not disciplinary action will be taken.
- Step 6** The alleged violator and complainant will be advised of the findings and conclusions as soon as practicable and to the extent permitted by the Minnesota Government Data Practices Act.
- Step 7** The City will take reasonable and timely action, depending on the circumstances of the situation.

Steps 1 through 7 must be documented in writing.

The City is not voluntarily engaging in a dispute resolution process within the meaning of Minn. Stat. § 363A.28, subd. 3(b) by adopting and enforcing this workplace policy¹. The filing of a complaint under this policy and any subsequent investigation does not suspend the one-year statute of limitations period under the Minnesota Human Rights Act for bringing a civil action or for filing a charge with the Commissioner of the Department of Human Rights.

Section 14.06 Special Reporting Requirements

When the Department Head is perceived to be the cause of a disrespectful workplace behavior incident, a report will be made to the City Administrator who will determine how to proceed in addressing the complaint as well as appropriate discipline.

If the City Administrator is perceived to be the cause of a disrespectful workplace behavior incident, a report will be made to the city attorney who will confer with the mayor and City Council regarding appropriate investigation and action.

If a Councilmember is perceived to be the cause of a disrespectful workplace behavior incident involving city personnel, the report will be made to the City Administrator and referred to the City Attorney. In cases such as these, it is common for the City Council to authorize an investigation by an independent investigator (consultant). The independent investigator will report his/her findings to the City Council. The City will take reasonable and timely action, depending on the circumstances of the situation.

Pending completion of the investigation, the City Administrator may at their discretion take appropriate action to protect the alleged victim, other employees, or citizens.

If an elected or appointed City Official (e.g., Council or Commission Member) is the victim of disrespectful workplace behavior, the City Attorney will be consulted as to the appropriate course of action.

Section 14.07 Confidentiality

A person reporting or witnessing a violation of this policy cannot be guaranteed anonymity. The person's name and statements may have to be provided to the alleged offender. All complaints and investigative materials will be contained in a file separate from the involved employees' personnel files. If disciplinary action does result from the investigation, the results of the disciplinary action will then become a part of the employee(s) personnel file(s).

Section 14.08 Retaliation

Retaliation is strictly prohibited. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment. Individuals who report harassing conduct, participate in investigations, or take any other actions protected under federal or state employment discrimination laws will not be subject to retaliation.

See Section 13.06 above regarding reporting instances of retaliation.

Article XV. SEPARATION FROM SERVICE

Section 15.01 Resignations and Retirements

Employees wishing to leave the city service in good standing must provide a written resignation notice to their supervisor, at least fourteen (14) days before leaving. Exempt employees must give thirty (30) calendar days' notice. The written resignation must state the effective date of the employee's resignation.

Unauthorized absences from work for a period of three consecutive workdays may be considered as resignation without proper notice. Failure to comply with this procedure may be cause for denying the employee's severance pay and any future employment with the city.

Section 15.02 Severance Pay

Non-exempt employees not governed by a negotiated bargaining unit contract who leave the employ of the City in good standing by retirement or resignation will receive pay for 100 percent of unused accrued vacation and compensatory time and one half (1/2) unused sick leave up to 960 hours.

Supervisors, Department Heads and the City Administrator who leave the employ of the City in good standing by retirement or resignation will received pay for 100 percent of unused accrued annual leave or PTO plus one week of pay at the rate at separation for each year of completed service upon three consecutive years of service in that position.

Article XVI. DISCIPLINE

Section 16.01 General Policy

Supervisors are responsible for maintaining compliance with city standards of employee conduct. The objective of this policy is to establish a standard disciplinary process for employees of the City of Princeton. City employees will be subject to disciplinary action for failure to fulfill their duties

and responsibilities at the level required, including observance of work rules and standards of conduct and applicable city policies.

Discipline will be administered in a non-discriminatory manner. An employee who believes that discipline applied was either unjust or disproportionate to the offense committed may pursue a remedy through the grievance procedures established in the city's personnel policies. The supervisor and/or the City Administrator will investigate any allegation on which disciplinary action might be based before any disciplinary action is taken.

Section 16.02 No Contract Language Established

This policy is not to be construed as contractual terms and is intended to serve only as a guide for employment discipline.

Section 16.03 Process

The City may elect to use progressive discipline, a system of escalating responses intended to correct the negative behavior rather than to punish the employee. There may be circumstances that warrant deviation from the suggested order or where progressive discipline is not appropriate. Nothing in these processes implies that any City employee has a contractual right or guarantee (also known as a property right) to the job they perform.

Documentation of disciplinary action taken will be placed in the employee's personnel file with a copy provided to the employee.

The following are descriptions of the types of disciplinary actions:

Oral Reprimand/Coaching Moments

This measure will be used where informal discussions with the employee's supervisor have not resolved the matter. All Department Heads have the ability to conduct coaching moments or issue oral reprimands without prior approval.

Oral reprimands are normally given for first infractions on minor offenses to clarify expectations and put the employee on notice that the performance or behavior needs to change, and what the change must be. The supervisor will document the oral reprimand including date(s) and a summary of discussion and corrective action needed.

Written Reprimand

A written reprimand is more serious and may follow an oral reprimand when the problem is not corrected, or the behavior has not consistently improved in a reasonable period of time.

Serious infractions may require skipping either the oral or written reprimand, or both. Written reprimands are issued by the supervisor with prior approval from the City Administrator.

A written reprimand will: (1) state what did happen; (2) state what should have happened; (3) identify the policy, directive or performance expectation that was not followed; (4) provide history, if any, on the issue; (5) state goals, including timetables, and expectations for the future; and (6) indicate consequences of recurrence.

Employees will be given a copy of the reprimand to sign acknowledging its receipt. Employees' signatures do not mean the employee agrees with the reprimand. Written reprimands will be placed in the employee's personnel file.

Suspension With or Without Pay

The City Administrator may suspend an employee without pay for disciplinary reasons. Suspension without pay may be followed with immediate dismissal as deemed appropriate by the City Council, except in the case of veterans. Qualified veterans, who have completed their initial probationary period, will not be suspended without pay in conjunction with a termination.

The employee will be notified in writing of the reason for the suspension either prior to the suspension or shortly thereafter. A copy of the letter of suspension will be placed in the employee's personnel file.

An employee may be suspended or placed on involuntary leave of absence pending an investigation of an allegation involving that employee. The leave may be with or without pay depending on a number of factors including the nature of the allegations. If the allegation is proven false after the investigation, the relevant written documents will be removed from the employee's personnel file and the employee will receive any compensation and benefits due had the suspension not taken place.

Demotion and/or Transfer

An employee may be demoted or transferred if attempts at resolving an issue have failed and the City Administrator, upon recommendation from the Department Head, determines a demotion or transfer to be the best solution to the problem. The employee must be qualified for the position to which they are being demoted or transferred. The City Council must approve this action.

Dismissal

The City Administrator, upon recommendation from the Department Head, and with the approval of the City Council, may dismiss an employee for substandard work performance, serious misconduct, or behavior not in keeping with city standards.

If the disciplinary action involves the removal of a qualified veteran, who has completed his/her initial probationary period, the appropriate hearing notice will be provided, and all rights will be afforded the veteran in accordance with Minnesota law.

Per MN Statute 181.13, any employee who has been discharged, terminated, or permanently laid off will have their final payment of compensation made available within 24 hours of the employee's demand for payment after the next regular or special meeting of the Council following the separation and upon signed receipt of any final documents of separation as may be required by the City.

Article XVII. GRIEVANCE PROCEDURE

Any dispute between an employee and the city relative to the application, meaning or interpretation of these personnel policies will be settled in the following manner:

Step 1: The employee must present the grievance in writing, stating the nature of the grievance, the date at which the incident allegedly occurred, the facts on which it is based, the provision or provisions of the personnel policies allegedly violated, and the remedy requested, to the proper supervisor within twenty-one days after the alleged violation or dispute has occurred. The supervisor will respond to the employee in writing within seven calendar days.

Step 2: If the grievance has not been settled in accordance with Step 1, it must be presented in writing, stating the nature of the grievance, the date at which the incident allegedly occurred, the facts on which it is based, the provision or provisions of the Personnel

Policies allegedly violated, and the remedy requested, by the employee to the City Administrator within seven days after the supervisor's response is due. The City Administrator or their designee will respond to the employee in writing within seven calendar days. The decision of the City Administrator is final for all disputes with exception of those specific components in a performance evaluation subject to a challenge through the Minnesota Department of Administration.

Section 17.01 Waiver

If a grievance is not presented within the time limits set forth above, it will be considered "waived." If a grievance is not appealed to the next step in the specified time limit or any agreed extension thereof, it will be considered settled on the basis of the city's last answer. If the city does not answer a grievance or an appeal within the specified time limits, the employee may elect to treat the grievance as denied at that step and immediately appeal the grievance to the next step. The time limit in each step may be extended by mutual agreement of the city and the employee without prejudice to either party.

The following actions are not grievable:

- While certain components of a performance evaluation, such as disputed facts reported to be incomplete or inaccurate are challengeable, other performance evaluation data, including subjective assessments, are not.
- Pay increases or lack thereof; and
- Merit pay awards.

The above list is not meant to be all inclusive or exhaustive.

Article XVIII. EMPLOYEE EDUCATION & TRAINING

The City promotes staff development as an essential, ongoing function needed to maintain and improve cost effective quality service to residents. The purposes for staff development are to ensure that employees develop and maintain the knowledge and skills necessary for effective job performance and to provide employees with an opportunity for job enrichment and mobility.

It is realized in some cases reimbursement may not cover all related expenses. It is further noted that only expenses incurred by and for employees are covered. Nothing in this policy shall be construed to cover spouses, children and/or relative(s) of city employees unless said relative is also a Princeton city employee.

Section 18.01 Policy

The City will pay for the costs of an employee's participation in training and attendance at professional conferences, provided that attendance is approved in advance under the following criteria and procedures:

Section 18.02 Job-Related Training & Conferences

The subject matter of the training session or conference is directly job-related and relevant to the performance of the employee's work responsibilities or for an employee to maintain licensure required to perform the job. Responsibilities outlined in the job description, annual work program requirements and training goals and objectives that have been developed for the employee will be considered in determining if the request is job-related.

The supervisor is responsible for determining job-relatedness and approving or disapproving training and conference attendance.

Section 18.03 Request for Participation in Training & Conferences

The request for participation in a training session or conference must be submitted to the employee's supervisor. All requests must include an estimate of the total cost (training session, travel, meals, etc.) and a statement of how the education or training is related to the performance of the employee's work responsibilities with the city.

Payment information such as invoices, billing statements, etc., regarding the conference or training should be forwarded to accounting for prompt payment.

Section 18.04 Out of State Travel

Attendance at training or conferences out of state is approved only if the training or conference is not available locally. All requests for out of state travel are reviewed for approval/disapproval by the City Administrator and to recommend to the City Council for final approval. It is the City's policy to discourage out-of-state travel unless there is a clear and compelling reason for such travel. All out-of-state travel and the estimated expenses for such travel required pre-approval by the City Council.

(July 10, 2008)

Section 18.05 Compensation for Travel & Training Time

Time spent traveling to and from, as well as time spent attending a training session or conference, will be compensated in accordance with the federal Fair Labor Standards Act.

Travel and other related training expenses will be reimbursed subject to the employee providing necessary receipts and appropriate documentation.

Section 18.06 Memberships and Dues

The purpose of memberships to various professional organizations must be directly related to the betterment of the services of the city. Normally, one city membership per agency, as determined by the City Administrator is allowed, providing funds are available.

Upon separation of employment, individual memberships remain with the city and are transferred to another employee by the supervisor.

Section 18.07 Travel & Meal Allowance

If employees are required to travel outside of the area in performance of their duties as a city employee, they will receive reimbursement of expenses for meals, lodging and necessary expenses incurred. Whenever possible, lodging arrangement should be arranged in advance and paid for with a City-issued credit card. In cases where multiple same-sex employees are attending the same training, sharing of lodging accommodations in pairs is required. In no case will City funds be used to pay for, or reimburse, for events sponsored by or affiliated with political parties. The City will not reimburse employees for meals connected with training or meetings within city limits, unless the training or meeting is held as a breakfast, lunch or dinner meeting. The City will also not reimburse employees for the costs for travel of family members.

Employees who find it necessary to use their private automobiles for city travel and who do not receive a car allowance will be reimbursed at the allowable IRS rate.

Expenses for meals, including sales tax and gratuity, will be reimbursed according to this policy. No reimbursement will be made for alcoholic beverages. Meal expenses will be reimbursed at the allowable IRS per diem rate for meals. Personnel shall be reimbursed for meals in connection with conferences and meetings only if the meals are not already included in the conference registration fee. Expenses incurred by choosing to purchase meals other than those provided by in the registration fee are not reimbursable expenses.

While the maximum daily reimbursement for meals will be set by the IRS per diem rate, employees shall provide detailed, individual receipts for each meal. Such receipts shall be attached to a claim form and submitted to the Finance Department for processing. All claims for reimbursement shall be provided within sixty (60) days of the conference or training.

Section 18.08 Failure to Attend

Any employee who requests and receives pre-payment of registration fees may be held responsible for those fees if the employee later chooses not to attend, and the City is unable to receive a refund.

Section 19.09 Validation of Claims

All claimants submitting a personal reimbursement expense report must sign statements on the appropriate forms verifying that submitted claims are actual costs incurred in the performance of duties as an authorized representative of the City of Princeton.

Any claimant found to have submitted a false claim for an expense not incurred in the performance of duties as an authorized representative of the City shall repay to the City the exact amount of the falsified claim and will be subject to appropriate disciplinary action.

In the event that a receipt is not obtained or is lost, the City Administrator may, at their discretion, consider a claim in which substantial cause is shown in a statement from the claimant detailing the facts and itemizing the expenditure.

Each claimant submitting a claim for reimbursement shall be held responsible for ensuring that each claim is a valid and actual City-related expense and shall be responsible for adhering to all procedures contained within.

Each Department Head shall be responsible for ensuring that all claims submitted for reimbursement are appropriate and valid and shall be responsible for authorizing prior approval of trips for which travel expenses are involved.

The Finance Director or their designee shall be responsible for ensuring that all claims for reimbursement are properly detailed on authorized forms and verified with appropriate receipts as required herein and authorized appropriations for expenditures are found within the annual budget.

Article XIX. OUTSIDE EMPLOYMENT

The potential for conflicts of interest is lessened when individuals employed by the City of Princeton regard the city as their primary employment responsibility. All outside employment is to be reported to the employee's Department Head. If a potential conflict exists based on this policy or any other consideration, the Department Head will consult with the City Administrator.

Any City employee accepting employment in an outside position that is determined by the City Administrator to be in conflict with the employee's City job will be required to resign from the outside employment or may be subject to discipline up to and including termination.

For the purpose of this policy, outside employment refers to any non-city employment or consulting work for which an employee receives compensation, except for compensation received in conjunction with military service or holding a political office or an appointment to a government board or commission that is compatible with city employment. The following is to be considered when determining if outside employment is acceptable:

1. Outside employment must not interfere with a full-time employee's availability during the City's regular hours of operation or with a part-time employee's regular work schedule.
2. Outside employment must not interfere with the employee's ability to fulfill the essential requirements of his/her position.
3. The employee must not use City equipment, resources or staff in the course of the outside employment.
4. The employee must not violate any City personnel policies as a result of outside employment.
5. The employee must not receive compensation from another individual or employer for services performed during hours for which he/she is also being compensated by the City. Work performed for others while on approved vacation or compensatory time is not a violation of policy unless that work creates the appearance of a conflict of interest.
6. No employee will work for another employer, or for his/her own business, while using paid sick leave from the City for those same hours.
7. Departments may establish more specific policies as appropriate, subject to the approval of the City Administrator.

City employees are not permitted to accept outside employment that creates either the appearance of or the potential for a conflict with the development, administration or implementation of policies, programs, services or any other operational aspect of the city.

It is expected that paid, on-call Firefighters will be employed by an outside employer. Paid on-call Firefighters shall comply with provisions 3 and 4 above. Effective January 1, 2024, paid on-call firefighters who are members of the Princeton Fire and Rescue Department may not serve on neighboring departments, but may serve on State or Federal Firefighting services.

Article XX. DRUG FREE WORKPLACE

In accordance with federal law, the City of Princeton has adopted the following policy on drugs in the workplace:

- A. Employees are expected and required to report to work on time and in appropriate mental and physical condition. It is the city's intent and obligation to provide a drug-free, safe and secure work environment.
- B. The unlawful manufacture, distribution, possession, or use of a controlled substance on city property or while conducting city business is absolutely prohibited. Violations of this policy will result in disciplinary action, up to and including termination, and may have legal consequences.
- C. The city recognizes drug abuse as a potential health, safety, and security problem. Employees needing help in dealing with such problems are encouraged to use their health insurance plans, as appropriate.

- D. Employees must, as a condition of employment, abide by the terms of this policy and must report any conviction under a criminal drug statute for violations occurring on or off work premises while conducting city business. A report of the conviction must be made within five days after the conviction as required by the Drug-Free Workplace Act of 1988.

Section 20.01 Purpose and Objectives

The City of Princeton has a vital interest in maintaining safe, healthful, and efficient working conditions for employees, and recognizes that individuals who are impaired because of drugs and/or alcohol jeopardize the safety and health of the public, other employees as well as themselves.

The City is concerned about providing a safe workplace for its employees, and while the City does not intend to intrude into the private lives of its employees, it is the goal to provide a work environment conducive to maximum safety and optimum work standards. Alcohol and drug abuse can cause unsatisfactory job performance, increased tardiness and absenteeism, increased accidents and workers' compensation claims, higher insurance rates, and an increase in theft of city property. The use, possession, manufacture, sale, transportation, or other distribution of controlled substance or controlled substance paraphernalia and the unauthorized use, possession transportation, sale, or other distribution of alcohol is contrary to this policy and jeopardizes public safety.

Resolution 07-06 established a "zero tolerance policy" regarding the consumption of drug or alcohol by any employee whose job duties require possession of a driver's license.

Employees are prohibited from the use, possession, transfer, transportation, manufacture, distribution, sale, purchase, solicitation to sell or purchase, or dispensation of alcohol, drugs, including cannabis, or drug paraphernalia, while on duty; while on city premises; while operating any city vehicle, machinery, or equipment; or when performing any city business, except (1) pursuant to a valid medical prescription used as properly instructed; (2) the use of over-the-counter drugs used as intended by the manufacturer; or (3) when necessary for approved law enforcement activity.

Besides having a zero-tolerance policy for the use or possession of alcohol, illegal drugs, or misused prescription drugs on the worksite, we also prohibit the use, possession of, impairment by any cannabis or medical cannabis products (e.g., hash oils, edibles or beverages containing cannabinoids, or pills) on the worksite by a person working as an employee at the city or while "on call" and subject to return to work.

Having a medical marijuana card, patient registry number, and/or cannabis prescription from a physician does not allow anyone to use, possess, or be impaired by that drug. Likewise, the fact that cannabis may be lawfully purchased and consumed does not permit anyone to use, possess, or be impaired by them here. The federal government still classifies cannabis as an illegal drug, even though some states, including Minnesota, have decriminalized its possession and use. There is no acceptable concentration of marijuana metabolites in the blood or urine of an employee who operates our equipment or vehicles or who is on one of our worksites. Applicants and employees are still subject to being tested under our drug, alcohol and cannabis testing policy.

Employees are subject to being disciplined, suspended, or terminated after testing positive for cannabis if the employee used, possessed, or was impaired by cannabis, including medical cannabis, while on the premises of the place of employment or during the hours of employment.

In response to regulations issued by United States Department of Transportation (“DOT”), the City has adopted this Policy on Alcohol and Controlled Substances for employees who hold a commercial driver’s license (CDL) to perform their duties.

Given the significant dangers of alcohol and controlled substance use, each applicant and driver must abide by this policy as a term and condition of hiring and continued employment. Moreover, federal law requires the City to implement such a policy.

To ensure this policy is clearly communicated to all drivers and applicants, and in order to comply with applicable federal law, drivers and applicants are required to review this policy and sign the “Certificate of Receipt” portion.

Because changes in applicable law and the City’s practices and procedures may occur from time to time, this policy may change in the future, and nothing in this policy is intended to be a contract, promise, or guarantee the City will follow any particular course of action, disciplinary, rehabilitative or otherwise, except as required by law. This policy does not in any way affect or change the status of any at-will employee.

Any revisions to the Federal Omnibus Transportation Employee Testing Act and Federal Motor Carrier Safety Administration (FMCSA) regulations will take precedent over this policy to the extent the policy has not incorporated those revisions.

Section 20.02 Definitions as they Apply to this Section

(49 C.F.R. part 172, subpart F) § 382.107.

Confirmation (or Confirmatory) Test: for alcohol testing means a second test, following a positive non-evidential test, following a positive non-evidential (e.g., saliva) screening test or a breath alcohol screening test with the result of 0.02 or greater, that provides quantitative data of alcohol concentration. For controlled substance testing, "Confirmation (or Confirmatory) Test" means a second analytical procedure to identify the presence of a specific controlled substance or metabolite which is independent of the screen test and which uses a different technique and chemical principal from that of the screen test in order to ensure reliability and accuracy. 49 C.F.R. § 382.107.

Controlled Substance: those substances identified in 49 C.F.R. § 40.85. Marijuana, amphetamines, opioids, (including heroin), phencyclidine (PCP), cocaine, and any of their metabolites are included within this definition. 49 C.F.R. § 382.107; 49 C.F.R. § 40.85.

Disabling Damage: damage which precludes departure of a motor vehicle from the scene of the accident in its usual manner in daylight after simple repairs, including damage to motor vehicles that could have been driven, but would have been further damaged if so driven. Disabling damage does not include damage which can be remedied temporarily at the scene of the accident without special tools or parts, tire disablement without other damage even if no spare tire is available, headlight or tail light damage or damage to turn signals, horn or windshield wipers which make them inoperative. 49 C.F.R. § 382.107.

Driver: any person who operates a commercial motor vehicle. This includes, but is not limited to full-time, regularly employed drivers; casual, intermittent or occasional drivers; leased drivers and

independent owner-operator contractors who are either directly employed by or under lease to the City or who operate a commercial motor vehicle at the direction of or with the consent of the City. For purposes of pre-employment testing, the term driver includes a person applying to drive a commercial motor vehicle. 49 C.F.R. § 382.107.

Drug: Includes any “controlled substance” as defined in Minn. Stat. § 152.01, subd. 4, and also includes all cannabinoids, including those that are lawfully available for public consumption that do not otherwise qualify as being a “controlled substance” as defined in Minn. Stat. § 152.01, subd. 4. Cannabis and its metabolites are considered a “drug” for positions in the following categories, regardless of the kind of testing involved: safety sensitive positions; peace officer positions; firefighter positions; positions requiring face-to-face care, training, education, supervision, counseling or medical assistance to children, vulnerable adults or patients receiving treatment, examination or emergency care for a medical, psychiatric or mental condition; positions requiring a commercial driver's license or requiring the employee to operate a motor vehicle for which state or federal law requires drug or alcohol testing; positions funded by a federal grant; or other positions for which state or federal law requires testing of a job applicant or employee.

Drug and/or alcohol testing, and drug and/or alcohol test: analysis of a body component sample according to the standards established under one of the programs listed in Minn. Stat. § 181.953, subd.1, for the purpose of measuring their presence or absence of drugs, alcohol, or their metabolites in the sample tested. "Drug and alcohol testing," "drug or alcohol testing," and "drug or alcohol test" do not include cannabis or cannabis testing, unless stated otherwise.

Drug paraphernalia: as defined in Minn. Stat. § 152.01, subd. 18.

Employee seeking a transfer: an employee who is not subject to DOT regulations seeking a transfer to a position that will subject them to DOT regulations in the sought after position.

Evidential Breath Testing Device or EBT: a device approved by the National Highway Traffic Safety Administration (“NHTSA”) for the evidential testing of breath and placed on NHTSA’s “Conforming Products List of Evidential Breath Measurement Devices.” 49 C.F.R. § 40.3.

Positive Test Result: a finding of the presence of alcohol or controlled substance, or their metabolites, in the sample tested in levels at or above the threshold detection levels established by applicable law.

Reasonable Suspicion: a belief a driver has engaged in conduct prohibited by the FMCSA controlled substance and alcohol testing regulations, except when related solely to the possession

of alcohol, based on specific contemporaneous, articulable observations made by a supervisor or City official who has received appropriate training concerning the appearance, behavior, speech or body odors of the driver. The determination of reasonable suspicion will be made in writing on a Reasonable Suspicion Record Form during, just preceding, or just after the period of the workday that the driver is required to be in compliance with this policy. In the case of a controlled substance, the observations may include indications of the chronic and withdrawal effects of a controlled substance.

Safety-Sensitive Function: all time from the time a driver begins to work or is required to be in readiness to work until the time he or she is relieved from work and all responsibility for performing work. Safety-sensitive functions include:

- All time at a city plant, terminal, facility, or other property, or on any public property,
- waiting to be dispatched, unless the driver has been relieved from duty by the employer;
- All time inspecting equipment as required by 49 C.F.R. § 392.7 and 392.8 or otherwise inspecting, servicing, or conditioning any commercial motor vehicle at any time;
- All time spent at the driving controls of a commercial motor vehicle in operation;
- All time, other than driving time, in or upon any commercial motor vehicle except time spent resting in a sleeper berth (a berth conforming to the requirements of 49 C.F.R. § 393.76);
- All time loading or unloading a vehicle, supervising, or assisting in the loading or unloading, attending a vehicle being loaded or unloaded, remaining in readiness to operate the vehicle, or in giving or receiving receipts for shipments loaded or unloaded; and
- All time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle. 49 C.F.R. § 382.107.

Screening Test (also known as Initial Test): In alcohol testing, means an analytical procedure to determine whether a driver may have a prohibited concentration of alcohol in her or her system. Screening tests may be conducted by utilizing a non-evidential screening device included by the National Highway Traffic Administration on its conforming products list (e.g., a saliva screening device) or an evidential breath testing device (“EBT”) operated by a trained breath alcohol technician (“BAT”). In controlled substance testing, “Screening Test” means an immunoassay screen to eliminate “negative” urine specimens from further consideration. 49 C.F.R. § 382.107.

Substance Abuse Professional” or “SAP”: a licensed physician (medical doctor or doctor of osteopathy), licensed or certified psychologist, licensed or certified social worker, licensed or certified employee assistance professional, or licensed or certified addiction counselor (certified by the National Association of Alcoholism and Controlled Substance Abuse Counselors Certification Commission) with knowledge of and clinical experience in the diagnosis and treatment of alcohol and controlled substance-related disorders. 49 C.F.R. § 40.281.

Under the influence: Means (1) the employee tests positive for alcohol drugs, or cannabis or (2) the employee’s actions, appearance, speech, and/or bodily odors reasonably cause the city to conclude that the employee is impaired because of illegal drug use or alcohol use.

Section 20.03 Persons Subject to Testing & Types of Tests

All employees are subject to testing who job duties include performing “safety-sensitive duties” on City vehicles that:

1. Have a gross combination weight rating or gross combination weight of 26,001 pounds or more, whichever is greater, inclusive of a towed unit(s) with a gross vehicle weight rating or gross vehicle weight of more than 10,000 pounds, whichever is greater; or
2. Have a gross vehicle weight rating or gross vehicle weight of 26,0001 or more pounds whichever is greater; or
3. Are designed to transport 16 or more passengers, including the driver; or
4. Are of any size and are used in the transportation of materials found to be hazardous for the purposes of the Hazardous Materials Transportation Act (49 U.S.C. 5103(b)) and which require the motor vehicle to be placarded under the Hazardous Materials Regulations (49 CFR part 172, subpart F).

The following functions are considered safety-sensitive:

- all time waiting to be dispatched to drive a commercial motor vehicle
- all time inspecting, servicing, or conditioning a commercial motor vehicle
- all time driving at the controls of the commercial motor vehicle
- all other time in or upon a commercial motor vehicle (except time spent resting in a sleeper berth)
- all time loading or unloading a commercial motor vehicle, attending the same, giving or receiving receipts for shipments being loaded or unloaded, or remaining in readiness to operate the vehicle
- all time repairing, obtaining assistance, or attending to a disable commercial motor vehicle.

The City may test any applicant to whom a conditional offer of employment has been made and any driver for controlled substance and alcohol under any of the following circumstances:

Section 20.04 Pre-Employment Testing

All applicants, including current employees seeking a transfer, applying for a position where duties include performing safety-sensitive duties described above, will be required to take a drug test prior to the first time a driver performs a safety-sensitive function for the City. A driver may not perform safety-sensitive functions unless the driver has received a controlled substance test result from the Medical Review Officer (“MRO”) indicating a verified negative test result. In addition to pre-employment controlled substance testing, applicants will be required to authorize in writing former employers to release alcohol test results of .04 or greater, positive controlled substance test results, refusals to test, other violations of drug and alcohol testing regulations, and completion of return to duty requirements within the preceding three years.

The City will contact the candidate’s DOT regulated previous and current employers within the last three years for drug and alcohol test results as referenced above and review the testing history if feasible before the employee first performs safety-sensitive functions for the city. Beginning in 2020, an applicant must provide consent to the city, and successfully pass a full query of the Federal Motor Carrier Safety Administration’s Clearinghouse. In addition, at least once a year, the City will conduct a limited query of the Clearinghouse for each currently employed CDL driver. If the limited query reveals that the Clearinghouse has information about resolved or unresolved drug and alcohol program violations by a candidate or current employee, he or she will be asked to provide electronic consent to a full query of the Clearinghouse (unless he or she has previously provided electronic consent). In the event a full query of the Clearinghouse reveals unresolved violation information for a candidate or current employee, the driver will not be permitted to perform safety-sensitive functions, including the operation of a Commercial Motor

Vehicle and, in the case of a candidate, may have their conditional offer of employment rescinded or, in the case of a current employee, may be subject to discipline.

Section 20.05 Post-Accident Testing

As soon as practicable following an accident involving a commercial motor vehicle operating on a public road, the City will test each surviving driver for controlled substances and alcohol when the following occurs:

- The accident involves a fatality or
- The driver receives a citation for a moving traffic violation from the accident and an injury is treated away from the accident scene or
- The driver receives a citation for a moving traffics violation from the accident and a vehicle is required to be towed from the accident scene.

The following chart summarizes when DOT post-accident testing needs to be conducted:

Type of accident involved	Citation issued to the DOT covered CDL driver?	Test must be performed by the City
i. Human fatality	YES	YES
	NO	YES
ii. Bodily injury with immediate medical treatment away from the scene	YES	YES
	NO	NO
iii. Disabling damage to any motor vehicle requiring tow away	YES	YES
	NO	NO

A driver subject to post-accident testing must remain readily available or the driver will be deemed to have refused to submit to testing. This requirement to remain ready for testing does not preclude a driver from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident or to obtain necessary medical care.

Post – Accident Controlled Substance Testing

Drivers are required to submit a urine sample for post-accident controlled substance testing as soon as possible. If the driver is not tested within thirty-two (32) hours after the accident, the City will cease its attempts to test the driver and prepare and maintain on file a record stating why the test was not promptly administered.

Post- Accident Alcohol Testing

Drivers are required to submit to post-accident alcohol testing as soon as possible. After an accident, consuming alcohol is prohibited until the driver is tested. If the driver is not tested within two (2) hours after the accident, the City will prepare and maintain on file a record stating why the test was not administered within that time. If eight hours have elapsed since the accident and the driver has not submitted to an alcohol test, the City will cease its attempts to test the driver and prepare and maintain on file a record stating why the test was not administered.

The City may accept the results of a blood or breath test in place of an alcohol test and urine test for the use of controlled substances if:

- The tests are conducted by federal, state, or local officials having independent authority for the test, and
- The tests conform to applicable federal, state, or local testing requirements, and
- The test results can be obtained by the City.

Whenever such a test is conducted by a law enforcement officer, the driver must contact the City and immediately report the existence of the test, providing the name, badge number, and telephone number of the law enforcement officer who conducted the test.

Section 20.06 Random Testing

Every driver will be subject to unannounced alcohol and controlled substance testing on a random selection basis. Drivers will be selected for testing by use of a scientifically valid method under which each driver has an equal chance of being selected each time selections are made. These random tests will be conducted throughout the calendar year. Each driver who is notified of selection for random testing must cease performing safety-sensitive functions and report to the designated test site immediately. It is mathematically possible drivers may be selected be picked and tested more than once, and others not at all.

If a driver is selected for a random test while he or she is absent, on leave or away from work, that driver may be required to undergo the test when he or she returns to work.

For 2020, federal law requires the City to test at a rate of at least fifty percent (50%) of its average number of drivers for controlled substance each year, and to test at a rate of at least ten percent (10%) of its average number of drivers for alcohol each year. These minimum testing rates are subject to change by the DOT.

Section 20.07 Reasonable Suspicion Testing

When a supervisor has reasonable suspicion to believe a driver has engaged in conduct prohibited by federal law or this policy, the City will require the driver to submit to an alcohol and/or controlled substance test.

The City's determination that reasonable suspicion exists to require the driver to undergo an alcohol test will be based on "*specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odors of the driver.*" In the case of controlled substance, the observations may include indications of the chronic and withdrawal effects of a controlled substance.

The required observations for reasonable suspicion testing will be made by a supervisor or other person designated by the City who has received appropriate training in identification of actions, appearance and conduct of a driver which are indicative of the use of alcohol or controlled substance. These observations leading to an alcohol or controlled substance test, will be reflected in writing and signed by the supervisor who made the observations. The record will be retained by the City in the employees personnel file. The person who makes the determination that reasonable suspicion exists to conduct testing, will not be the person conducting the testing, which shall instead be conducted by another qualified person.

Alcohol testing is authorized only if the observations are made during, just before, or just after the driver has ceased performing such functions. If a reasonable suspicion alcohol test is not

administered within two (2) hours following the determination of reasonable suspicion, the City will prepare and maintain on file a record stating the reasons the alcohol test was not promptly administered. If a reasonable suspicion alcohol test is not administered within eight (8) hours following the determination of reasonable suspicion, the City will prepare and maintain on file a record stating the reasons the alcohol test was not administered and will cease attempts to conduct the alcohol test.

Notwithstanding the absence of a reasonable suspicion test, no driver may report for duty or remain on duty requiring the performance of safety-sensitive functions while the driver is under the influence of or impaired by alcohol, as shown by the behavioral, speech, and performance indicators of alcohol use, nor will the City permit the driver to perform or continue to perform safety-sensitive functions until (1) an alcohol test is administered and the driver's alcohol concentration is less than .02; or (2) twenty-four (24) hours have elapsed following the determination of reasonable suspicion.

Section 20.08 Return-to-Duty Testing

Should the City consider reinstatement of a DOT covered driver, the driver must undergo a Substance Abuse Professional ("SAP") evaluation and participate in any prescribed education/treatment, and successfully complete return-to-duty alcohol test with a result indicating an alcohol concentration of less than 0.02 and/or or a controlled substance test with a verified negative result, before the driver returns to duty requiring the performance of a safety-sensitive function. The SAP determines if the driver has completed the education/treatment as prescribed.

The employee is responsible for paying for all costs associated with the return-to-duty test. The controlled substance test will be conducted under direct observation.

Section 20.09 Follow-Up Testing

The City reserves the right to impose discipline against drivers who violate applicable FMCSA or DOT rules or this policy, subject to applicable personnel policies and collective bargaining agreements. Except as otherwise required by law, the City is not obligated to reinstate or requalify such drivers.

Should the City reinstate a driver following a determination by a Substance Abuse Professional (SAP) that the driver is in need of assistance in resolving problems associated with alcohol use and/or use of controlled substance, the City will ensure that the driver is subject to unannounced follow-up alcohol and/or controlled substance testing. The number and frequency of such follow-up testing will be directed by the SAP and will consist of at least six (6) tests in the first twelve (12) months following the driver's return to duty. Follow-up testing will not exceed sixty (60) months from the date of the driver's return to duty. The SAP may terminate the requirement for follow-up testing at any time after the first six tests have been administered, if the SAP determines such test is no longer necessary. The employee is responsible for paying for all costs associated with follow-up tests.

Follow-up alcohol testing will be conducted only when the driver is performing safety-sensitive functions, or immediately prior to or after performing safety-sensitive functions.

Section 20.10 Cost of Required Testing

The City will pay for the cost of pre-employment, post-accident, random, and reasonable substance and alcohol testing requested or required of all job applicants and employees. The

driver must pay for the cost of all requested confirmatory re-tests, return-to-duty, and follow-up testing.

Section 20.11 Prohibited Conduct

The following conduct is explicitly prohibited by applicable DOT and FMCSA regulations and therefore constitutes a violation of City policy.

- Under the influence of alcohol when reporting for duty or while on duty
No driver may report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater. Drivers reporting for duty or remaining on duty to perform safety-sensitive functions while having an alcohol concentration of 0.02, but less than 0.04, will be removed from duty for 24 hours, escorted home and placed on paid time off (PTO) for hours missed from work.
- On-Duty Use of Alcohol
No driver may use alcohol while performing safety-sensitive functions.
- Pre-Duty Use of Alcohol
No driver may perform safety-sensitive functions within four (4) hours after using alcohol. If an employee has had alcohol within four hours they are to notify their supervisors before performing any safety-sensitive functions.
- Alcohol Use Following an Accident
No driver required to take a post-accident alcohol test may use alcohol for eight (8) hours following the accident, or until the driver undergoes a post-accident alcohol test, whichever occurs first.
- Refusal to Submit to a Required Alcohol or Controlled Substance Test
No applicant or driver may refuse to submit to pre-employment, post-accident, random, reasonable suspicion or follow-up alcohol or controlled substance testing.

In the event an applicant or driver does in fact refuse to submit to required alcohol or controlled substance testing, no test will be conducted. Refusal by a driver to submit to controlled substance or alcohol testing will be considered a positive test result, will cause disqualification from performing safety-sensitive functions, and may appear on the driver's permanent record. Drivers who refuse to submit to testing will be subject to discipline, up to and including termination. In accordance with the Federal Motor Carrier Safety Administration's (FMCSA) Commercial Driver's License (CDL) Drug and Alcohol Clearinghouse reporting requirements, beginning January 6, 2020, the City will report a driver's refusal to submit to a DOT test for drug or alcohol use to the Clearinghouse within three business days. If an applicant refuses to submit to the required pre-employment controlled substance testing, any applicable conditional offer will be withdrawn.

For purposes of this section, a driver is considered to have refused to submit to an alcohol or controlled substance test when the driver:

- Fails to provide adequate breath for alcohol testing without a valid medical explanation after he or she has received notice of the requirement for breath testing.
- Fails to provide adequate urine for controlled substance testing without a genuine inability to provide a specimen (as determined by a medical evaluation), after he or she has received notice of the requirement for urine testing.
- Fails to report for testing within a reasonable period of time, as determined by the City.

- Fails to remain at a testing site until testing is complete.
 - In the case of directly observed or monitored collection, fails to permit observation or monitoring.
 - Fails or declines to take a second test as required by the City and/or collector.
 - Fails to undergo a medical examination as directed by the City pursuant to federal law.
 - Refuses to complete and sign the alcohol testing form, to provide a breath or saliva sample, to provide an adequate amount of breath, or otherwise cooperate in any way that prevents the completion of the testing process.
 - Engages in conduct that clearly obstructs the test process.
- Altering or attempting to alter a urine sample or breath test
A driver altering or attempting to alter a urine sample or controlled substance test, or substituting or attempting to substitute a urine sample, will be subject to providing a specimen under direct observation. Both specimens will be subject to laboratory testing. In such case, the employee may be subject to immediate termination of employment and any job offer made to an applicant will be immediately withdrawn.
 - Controlled Substance Use
No driver may report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substance, except when the use is pursuant to the instructions of a licensed medical practitioner who has advised the driver in writing the substance does not adversely affect the driver's ability to safely operate a commercial motor vehicle. Drivers must forward this information regarding therapeutic controlled substance use to the City immediately after receiving any such advice.

Having a medical marijuana card and/or a cannabis prescription from a physician does not allow anyone to use or possess that drug in the city's workplace. The federal government still classifies cannabis as an illegal drug. *There is no acceptable concentration of marijuana metabolites in the urine or blood of an employee who performs safety-sensitive duties for the City.* Employees are still subject to being tested under our policies, as well as for being disciplined, suspended or terminated after testing positive for cannabis while at work.

- Controlled Substance Testing
No driver may report for duty, remain on-duty or perform a safety-sensitive function if the driver tests positive for controlled substance.

Section 20.12 Collection and Testing Procedures

Drivers are required to report immediately upon notification to the collection site. For random tests conducted off site, employees may use a City vehicle to drive to the collection site. Drivers will be expected to provide a photo ID card for identification to the collection staff. All drivers will be expected to cooperate with collection site personnel request to remove any unnecessary outer garments such as coats, sweaters or jackets and will be required to empty their pockets. Collection personnel will complete a Federal Custody and Control Form ("CCF") which drivers providing a sample will sign as well.

Alcohol Testing

Employees will be tested for alcohol just before, during, or immediately following performance of a safety-sensitive function. If a driver is also taking a DOT controlled substance test, generally speaking, the alcohol test is completed before the urine collection process begins. Screening tests for alcohol concentration will be performed utilizing a non-evidential screening device included by

the National Highway Traffic Safety Administration on its conforming products list (e.g., a saliva screening device) or an evidential breath testing device (“EBT”) operated by a trained breath alcohol technician (“BAT”) at a collection site. An alcohol test usually takes approximately 15 minutes if the result is negative. If a driver’s first attempt is positive (with an alcohol concentration of .02 or greater), the driver will be asked to wait at least 15 minutes and then be tested again. The driver may not eat, drink or place anything in his/her mouth (e.g., cigarette, chewing gum) during this time. All confirmation tests will be conducted in a location that affords privacy to the driver being tested, unless unusual circumstances (e.g., when it is essential to conduct a test outdoors at the scene of an accident) make it impracticable to provide such privacy. Any results less than 0.02 alcohol concentration is considered a “negative” test result.

If the driver attempts and fails to provide an adequate amount of breath, he/she will be referred to a physician to determine if the driver’s inability to provide a specimen is genuine or constitutes a refusal to test. Alcohol test results are reported directly to the City by the collection site staff.

Controlled Substance Testing

The City will use a “split urine specimen” collection procedure for controlled substance testing. Collection of urine specimens for controlled substance testing will be conducted by an approved collector and will be conducted in a setting and manner to ensure the driver’s privacy.

Controlled substance testing generally takes about 15 minutes. At the collection site, the driver will be given a sealed container and must provide at least 45 ml of urine for testing. Once the sample is provided the collection personnel will check the temperature and color and look for signs of contamination. The urine is then split into two separate specimen containers (A, or “primary,” and B, or “split”) with identifying labels and security seals affixed to both. The collection facility will be responsible for maintaining a proper chain of custody for delivery of the sample to a DHHS-certified laboratory for analysis. The laboratory will retain a sufficient portion of any positive sample for testing and store that portion in a scientifically acceptable manner for a minimum 365-day period.

If an employee fails to provide a sufficient amount of urine to permit a controlled substance test (45 milliliters of urine), the collector will discard the insufficient specimen, unless there is evidence of tampering with that specimen. The collector will urge the driver to drink up to 40 ounces of fluid, distributed reasonably over a period of up to three hours, or until the driver has provided a sufficient urine specimen, whichever occurs first. If the driver has not provided a sufficient specimen within three hours of the first unsuccessful attempt, the collector will cease efforts to attempt to obtain a specimen. The driver must then obtain, within five calendar days, an evaluation from a licensed physician, acceptable to the MRO, who has expertise in the medical issues raised by the employee’s failure to provide a sufficient specimen. If the licensed physician concludes the driver has a medical condition, or with a high degree of probability could have, precluded the driver from providing a sufficient amount of urine, the City will consider the test to have been canceled. If a licensed physician cannot make such a determination, the City will consider the driver to have engaged in a refusal to test and will take appropriate disciplinary action under this policy.

The primary specimen is used for the first test. If the test is negative, it is reported to the MRO who then reports the result, following a review of the CCF Form for compliance, to the City. If the initial result is positive or non-negative, a “confirmatory retest” will be conducted on the primary specimen. If the confirmatory re-test is also positive, the result will be sent to the MRO. The MRO will contact the driver to verify the positive result. If the MRO is unable to reach the driver directly, the MRO must contact the City who will direct the driver to contact the MRO.

Section 20.13 Review of Test Results

The MRO is a licensed physician with knowledge and clinical experience in substance abuse disorders and is responsible for receiving and reviewing laboratory results of the controlled substances test as well as evaluating medical explanations for certain drug test results. Prior to making a final decision to verify a positive test result, the MRO will give the driver or the job applicant an opportunity to discuss the test result, typically through a phone call. The MRO, or a staff person under the MRO's supervision, will contact the individual directly, on a confidential basis, to determine whether the individual wishes to discuss the test result. If the employee or job applicant wishes to discuss the test result:

- The individual may be required to speak and/or meet with the MRO, who will review the individual's medical history, including any medical records provided.
- The individual will be afforded the opportunity to discuss the test results and to offer any additional or clarifying information which may explain the positive test result. If the employee or job applicant, believes a mistake was made at the collection site, at the labor, on a chain-of-custody form, or that the drug test results are caused by lawful substance use, the employee should tell the MRO.
- If there is some new information which may affect the original finding, the MRO may request the laboratory to perform additional testing on the original specimen in order to further clarify the results; and
- A final determination will be made by the MRO that the test is either positive or negative, and the individual will be so advised.

If the MRO upholds the positive, adulterated or substituted drug determination, that test result will be provided to the City. There is no opportunity to explain a positive alcohol test provided in the DOT regulations.

The driver can request the MRO to have the split specimen (the second "B" container) tested at the driver's expense. This includes all costs that may be associated with the re-test. There is no split specimen testing for an invalid result. The driver has 72 hours after they have been notified of the positive result to make this request. If the employee requests an analysis of the split specimen, the MRO will direct the laboratory to send the split specimen to another certified laboratory for analysis.

If an employee has not contacted the MRO within 72 hours, the employee may present information documenting that serious injury, illness, lack of actual notice of the verified test result, inability to contact the MRO, or other circumstances unavoidably prevented the employee from making timely contact. If the MRO concludes there is legitimate explanation for the employee's failure to contact within 72 hours, the MRO will direct the analysis of the split specimen.

If the results of the split specimen are negative, the City may pay for all costs associated with the test and there will be no adverse action taken against the employee or job applicant.

Notification of Test Results

The City will notify a driver of the results of random, reasonable suspicion, and post-accident tests for controlled substance if the test results are verified positive and will inform the driver which controlled substance or substances were verified as positive. Results of alcohol tests will be immediately available from the collection agent.

Right to Confirmatory Retest

Within seventy-two (72) hours after receiving notice of a positive controlled substance test result, an applicant or driver may request through the MRO a re-analysis (confirmatory retest) of the driver's split specimen. Action required by federal regulation as a result of a positive controlled substance test (e.g., removal from safety-sensitive functions) will not be stayed during retesting of the split specimen. If the result of the confirmatory retest fails to reconfirm the presence of the controlled substance(s) or controlled substance metabolite(s) found in the primary specimen, or if the split specimen is unavailable, inadequate for testing or untestable, the MRO will cancel the test.

Dilute Specimens

Dilute Negatives Creatinine concentration of specimen is equal to or greater than 2 mg/dL, but less than or equal to 5 mg/dL. If the City receives information that a driver has provided a dilute negative specimen, the City will direct a recollection, pursuant to the MRO's direction, under direct observation.

Section 20.14 Consequences for Drivers Engaging in Prohibited Conduct

Job Applicants

Any applicable conditional offer of employment will be withdrawn from a job applicant or employee seeking a transfer who refuses to be tested or tests positive for controlled substance pursuant to this policy.

Employees

Drivers who are known to have engaged in prohibited behavior with regard to alcohol misuse or use of controlled substance, as defined earlier in this policy, are subject to the following consequences:

- Removal from Safety-Sensitive Functions

No driver may perform safety-sensitive functions, including driving a commercial motor vehicle, if the driver has engaged in conduct prohibited by federal law.

No driver who is found to have an alcohol concentration of 0.02 or greater but less than 0.04 may perform or continue to perform safety-sensitive functions for the City, including driving a commercial motor vehicle, until the start of the driver's next regularly scheduled duty, but not less than twenty-four (24) hours following administration of the test.

If a driver tests positive under this policy or is found to have an alcohol concentration of .02 or greater but less than .04, the driver will be removed from safety sensitive duties and escorted home; the driver should not drive home but be escorted to his or her home. The driver will then be placed on PTO, for hours missed from work.

- Notification of Resources Available

The City will advise each driver who has engaged in conduct prohibited by federal law or who has a positive alcohol or controlled substance test of the resources available to the driver, in evaluating and resolving problems associated with the misuse of alcohol and use of a controlled substance, including the names, addresses, and telephone numbers of Substance Abuse Professionals and counseling and treatment programs. The City will provide this SAP listing in writing at no cost to the driver.

- Discipline

The City reserves the right to impose whatever discipline the City deems appropriate in its sole discretion, up to and including termination for a first occurrence, against drivers who

violate applicable FMCSA or DOT rules or this policy, subject to applicable personnel policies and collective bargaining agreements. Except as otherwise required by law, the City is not obligated to reinstate or requalify such drivers following a first positive confirmed controlled substance or alcohol test result.

- Evaluation, and Return to Duty Testing

Should the City wish to consider reinstatement of a driver who engaged in conduct prohibited by federal law and/or who had a positive alcohol or controlled substance test, the driver must undergo a SAP evaluation, participate in any prescribed education/treatment, and successfully complete return-to-duty alcohol test with a result indicating an alcohol concentration of less than 0.02 and/or or a controlled substance test with a verified negative result, before the driver returns to duty requiring the performance of a safety-sensitive function. The SAP will determine what assistance, if any, the driver needs in resolving problems associated with alcohol misuse and controlled substance use and will ensure the driver properly follows any rehabilitation program and submits to unannounced follow-up alcohol and controlled substance testing.

- Follow-Up Testing

If the driver passes the return-to-duty test, he/she will be subject to unannounced follow-up alcohol and/or controlled substance testing. The number and frequency for such follow-up testing will be as directed by the SAP and will consist of at least six tests in the first twelve months. These tests will be conducted under direct observation.

- Refusal to Test

All drivers and applicants have the right to refuse to take a required alcohol and/or controlled substance test. If an employee refuses to undergo testing, the employee will be considered to have tested positive and may be subject to disciplinary action, up to and including termination. Refer to Refusing to Test provided earlier in this policy.

- Responsibility for Cost of Evaluation and Rehabilitation

Drivers will be responsible for paying the cost of evaluation and rehabilitation (including services provided by a Substance Abuse Professional) recommended or required by the City or FMCSA or DOT rules, except to the extent that such expense is covered by an applicable employee benefit plan or imposed on the City pursuant to a collective bargaining agreement.

- Reporting to the FMCSA's CDL Drug and Alcohol Clearinghouse

In accordance with the Federal Motor Carrier Safety Administration's (FMCSA) Commercial Driver's License (CDL) Drug and Alcohol Clearinghouse reporting requirements beginning January 6, 2020, the City will report the following information to the Clearinghouse within three business days:

- ✓ A DOT alcohol confirmation test result with an alcohol concentration of 0.04 or greater;
- ✓ A negative DOT return-to-duty test result;
- ✓ The driver's refusal to submit to a DOT test for drug or alcohol use;
- ✓ Actual knowledge a driver has used alcohol or controlled substances, based on the employer's direct observation, information provided by the driver's previous employer(s), a traffic citation for driving a CMV while under the influence of alcohol or controlled substances, or an employee's admission of alcohol or controlled substance abuse except as provided in § 382.121) of:
 - On duty alcohol use pursuant to § 382.205;
 - Pre-duty alcohol use pursuant to § 382.207;
 - Alcohol use following an accident pursuant to § 382.209;
 - Controlled substance use pursuant to § 382.213;

- ✓ Employers will also report negative return-to-duty (RTD) test results and the successful completion of a driver's follow-up testing plan as ordered by a SAP.

Section 20.15 Loss of CDL License for Traffic Violations in Commercial and Personal Vehicles

Effective August 1, 2005, the FMCSA established strict rules impacting when CDL license holders can lose their CDL for certain traffic offenses in a commercial or personal vehicle. Employees are required to notify their supervisor immediately if the status of their CDL license changes in any way.

Maintenance and Disclosure of Records

Except as required or authorized by law, the City will not release driver's information that is contained in records required to be maintained by this policy or FMCSA and DOT regulations. Beginning in 2020, the city will be required to query and report to the agency's Commercial Driver's License (CDL) Drug and Alcohol Clearinghouse prior to hiring new drivers, will conduct annual checks of existing CDL-drivers, and will report certain violations of the DOT drug and alcohol testing program for holders of CDLs. In addition, a driver is entitled, upon written request, to obtain copies of any records pertaining to the driver's use of alcohol or a controlled substance, including any records pertaining to his or her alcohol or controlled substance tests.

Policy Contact for Additional Information

If you have any questions about this policy or the City's controlled substance and alcohol testing procedures, you may contact your Department Head.

Article XXI. CITY DRIVING POLICY

This policy applies to all employees who drive a vehicle on city business at least once per month, whether driving a City-owned vehicle or their own personal vehicle. It also applies to employees who drive less frequently but whose ability to drive is essential to their job due to the emergency nature of the job. The City expects all employees who are required to drive as part of their job to drive safely and legally while on city business and to maintain a good driving record.

The City will examine driving records once per year for all employees who are covered by this policy to determine compliance with this policy. Employees who lose their driver's license or receive restrictions on their license are required to notify their immediate supervisor on the first workday after any temporary, pending or permanent action is taken on their license and to keep their supervisor informed of any changes thereafter. The City will determine appropriate action on a case-by-case basis.

Article XXII. CELL PHONE USE

This policy is intended to define acceptable and unacceptable uses of city issued cell phones. Its application is to ensure cell phone usage is consistent with the best interests of the city without unnecessary restriction of employees in the conduct of their duties. This policy will be implemented to prevent the improper use or abuse of cell phones and to ensure that city employees exercise the highest standards of propriety in their use.

Section 22.01 General Policy

Cell phones are intended for the use of City employees in the conduct of their work for the city. Supervisors are responsible for the cell phones assigned to their employees and will exercise

discretion in their use. Nothing in this policy will limit Department Head discretion to allow reasonable and prudent personal use of such telephones or equipment provided that:

- Its use in no way limits the conduct of work of the employee or other employees.
- No personal profit is gained, or outside employment is served.
- All employees are expected to follow applicable local, state, and federal laws and regulations regarding the use of cell phones at all times. Employees whose job responsibilities include regular or occasional driving and who are issued a cell phone for business use are expected to refrain from using their phone while driving. Safety must come before all other concerns. Regardless of the circumstances and in accordance with Minnesota law, employees are required to use hands-free operations or pull off into a parking lot and safely stop the vehicle before placing or accepting a call. Employees are encouraged to refrain from discussion of complicated or emotional matters and to keep their eyes on the road while driving at all times. Special care should be taken in situations where there is traffic or inclement weather, or the employee is driving in an unfamiliar area. Hands-free equipment will be provided with city-issued phones to facilitate the provisions of this policy.
- Reading/sending text messages, making or receiving phone calls, emailing, video calling, scrolling/typing, accessing a webpage, or using non-navigation applications while driving is strictly prohibited, unless a Police Officer responding to an emergency call and unable to pull over.
 - In accordance with State law, there is an exception to hands free cell phone operations to obtain emergency assistance to report a traffic accident, medical emergency or serious traffic hazard or prevent a crime from being committed. There is also a State law exception for authorized emergency vehicles while in the performance of official duties.
- Employees who are charged with traffic violations resulting from the use of their phone while driving will be solely responsible for all liabilities that result from such actions. See above “City Driving Policy” for more information on reporting driver’s license restrictions”

Cell phone records about city business are subject to the Minnesota Government Data Practices Act. What this means is that if a request were received, the city would be under the obligation to determine what information is public data and what information is private data and would need access to the employee’s phone records and possibly the phone itself in order to provide the data that is being requested. Therefore, the best practice is to limit usage of personal cell phones for city business to that which is truly necessary or be prepared to produce your cell phone and the associated records if needed.

An employee will not be reimbursed for business-related calls without prior authorization from his/her supervisor. Supervisors may also prohibit employees from carrying their own personal cell phones during working hours if it interferes with the performance of their job duties.

Use of public resources by City employees for personal gain and/or private use including, but not limited to, outside employment or political campaign purposes, is prohibited and subject to disciplinary action which may include termination and/or criminal prosecution, depending on the circumstances. Incidental and occasional personal use may be permitted with the consent of the supervisor.

Personal calls will be made or received only when absolutely necessary. Such calls must not interfere with working operations and are to be completed as quickly as possible.

Section 22.02 Procedures

It is the objective of the City of Princeton to prevent and correct any abuse or misuse of cell phones through the application of this policy. Employees who abuse or misuse such phones may be subject to disciplinary action.

Section 22.03 Responsibility

The City Administrator, or designee, will have primary responsibility for the implementation and coordination of this policy. All supervisors will be responsible for enforcement within their departments.

Article XXIII. SAFETY

The health and safety of each employee of the city and the prevention of occupational injuries and illnesses are of primary importance to the city. To the greatest degree possible, management will maintain an environment free from unnecessary hazards and will establish safety policies and procedures for each department. Adherence to these policies is the responsibility of each employee. Overall administration of this policy is the responsibility of each supervisor.

Section 23.01 Reporting Accidents and Illnesses

Both Minnesota workers' compensation laws and the state and federal Occupational Safety and Health Acts require that all on the job injuries and illnesses be reported as soon as possible by the employee, or on behalf of the injured or ill employee, to their Department Head. The employee's Department Head is required to complete a First Report of Injury and any other forms that may be necessary related to an injury or illness on the job. Department Heads will be contacted immediately when there is damage to any City property regardless of how minor.

Section 23.02 Safety Equipment/Gear

Where safety equipment is required by federal, state, or local rules and regulations, it is a condition of employment that such equipment be worn by the employee.

The conditions of employment for some City employees require the use of certain safety equipment. Where such equipment is required, it shall be the policy of the City to furnish items of safety equipment as follows:

- If safety glasses are required, the City will supply the employee with the appropriate type of glasses. If an employee wears prescription glasses, sunglasses, or custom fit glasses, the City will contribute a designated sum of \$50.00 towards the purchase of such. The City will contribute towards one set of glasses per employee per year unless the glasses are destroyed by an industrial accident.
- The City will provide hardhats, safety vests, and where necessary, raingear.
- If special protection apparatus or special hearing or facial protectors are required to use certain pieces of City equipment, they will be provided by the City.
- Should any employee be observed not wearing the proper safety equipment or be in violation of safety procedures, it shall be considered to be grounds for disciplinary action.
- The City will budget for employee reimbursement for the purchase of safety footwear.

Section 23.03 Unsafe Behavior

Supervisors are authorized to send an employee home immediately when the employee's behavior violates the city's personnel policies, department policies, or creates a potential health or safety issue for the employee or others.

Section 23.04 Access to Gender-Segregated Activities and Areas

With respect to all restrooms, locker rooms or changing facilities, employees will have access to facilities that correspond to their affirmed gender identity, regardless of their sex at birth. The city maintains separate restroom and/or changing facilities for male and female employees and allows employees to access them based on their gender identity.

In any gender-segregated facility, any employee who is uncomfortable using a shared facility, regardless of the reason, will, upon the employee's request, be provided with an appropriate alternative. This may include, for example, addition of a privacy partition or curtain, provision to use a nearby private restroom or office, or a separate changing schedule. However, the city will not require a transgender or gender diverse employee to use a separate, nonintegrated space, unless requested by the transgender or gender diverse employee, because it may publicly identify or marginalize the employee as transgender.

Under no circumstances may employees be required to use sex-segregated facilities that are inconsistent with their gender identity.

Section 23.05 City Tools and Equipment

City tools and equipment shall not be used for anything other than City purposes, unless approved by the City Council. City employees are prohibited from using city owned equipment for personal use. That prohibition includes equipment that has a motor or engine and includes but is not limited to lawnmowers, weed whips, chainsaws, etc. Employees are also prohibited from using expendable products (mosquito spray, windshield washer fluid, oil, gas, antifreeze, blacktop mix, etc.) for non-city purposes.

¹The disclaimer above is in reaction to *Peterson v. City of Minneapolis*, 892 N.W.2d 824 (Minn. 2017), in which the Minnesota Supreme Court held that the City's Respect in the Workplace Policy is a "dispute resolution process" under Minn. Stat. § 363A.28, subd. 3(b), and that the parties voluntary engagement in that process suspended the one-year statute of limitations period under the Minnesota Human Rights Act for the duration of the process. It is not clear whether a disclaimer will be legally valid. As a result, cities should conduct prompt investigations under this policy and notify complainants when an investigation is complete.
